SUBJECT: Report 11, Weekly Construction Update for Week Ending 07/02/2016

Construction that has occurred over the past week is as follows:

- Stud shear connectors were welded onto the top flange of the steel bridge beams.
- Construction of the bridge deck forms is nearly complete.
- Construction of the bridge deck reinforcement bars was completed.

Construction that is currently planned for this coming week is as follows:

- The bridge deck forms will be completed.
- The bridge deck paver will be assembled and set up onto the bridge deck.
- A pre-pour meeting will be held to discuss and plan out the pouring of the concrete bridge deck.
- A dry-run of the bridge deck paver will be conducted to ensure proper setup of the paver.
- The bridge deck will be poured on Thursday, July 7th.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2016. Weather and unforeseen conditions will always affect the schedule.
