SUBJECT: Report 16, Weekly Construction Update for Week Ending 08/20/2016

Construction that has occurred over the past 2 weeks is as follows:

- The bridge parapet walls were poured on 08-16-16, and are undergoing a 7-day wet curing process.
- Installation of subbase aggregate of the roadway has continued.
- Installation of the storm sewer structures and pipes has been completed.
- Two sections of concrete curb & gutter, off of the north end of the bridge, were formed up and poured.
- Construction of two sections of concrete curb & gutter, off the south end of the bridge, began and will be poured next week.

Construction that is currently planned for this coming week is as follows:

- Construction of concrete curb & gutter will continue.
- Road work will continue. Subbase aggregate will continue to be hauled in, graded and compacted.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2016. Weather and unforeseen conditions will always affect the schedule.
