SUBJECT: Report 17, Weekly Construction Update for Week Ending 08/27/2016

Construction that has occurred over the past week is as follows:

- The bridge parapet walls completed their 7-day wet curing process.
- Installation of subbase aggregate of the roadway has continued.
- Multiple sections of concrete curb & gutter, each side of the bridge, were formed up and poured. Approximately 70% of the concrete curb & gutter has been constructed.

Construction that is currently planned for this coming week is as follows:

- Construction of concrete curb & gutter will continue. This work should be completed if weather will permit.
- Road work will continue. Subbase aggregate will continue to be hauled in, graded and compacted. This work might also be completed if weather will permit.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2016. Weather and unforeseen conditions will always affect the schedule.
