SUBJECT: Report 24, Weekly Construction Update for Week Ending 10/15/2016

Construction that has occurred over the past week is as follows:

- The construction of the aggregate shoulders was completed.
- The construction of the aggregate driveway entrances was completed.
- The driving surface of the bridge approach slabs and the bridge deck was grooved and then washed off afterward.
- The mailboxes that had been relocated outside of the jobsite, were moved back to their permanent locations.
- New "No Passing Zone" signs and posts were installed at the north end of the bridge per plan.
- A section corner was reset by a professional land surveyor. The monument record for that section corner will be presented by the surveyor for recording.
- Punchlist items were completed.

Construction that is currently planned for this coming week is as follows:

- The bridge deck and approach slabs will have protective coat applied to them.
- The roadway will be striped.
- Traffic controls will be removed and the road opened to traffic.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2016. Weather and unforeseen conditions will always affect the schedule.
