**SUBJECT:** Lancaster Road Bridge Replacement

---

This week Access Control placed some woven wire fence on south side of Lancaster & finished placing guardrail on Lancaster Rd, Croy Lane and church entrance. Also this week Halverson saw grooved the bridge deck.

Next week the bridge deck will have protective coat sprayed on it. The bridge will be closed Monday afternoon and evening for that work. Also next week the seeding and pavement striping will be done.

The deadline for work completion is Friday, November 17, and the project is on pace to be completed on time.

During construction, Lancaster Road will remain CLOSED to through traffic. However, residents will still have access to their homes and property.

We have had reports of motorists using the roadway in the construction limits when workers are not present. The police are maintaining a presence in the area and will ticket anyone in the construction limits that does not live in the construction limits. Your cooperation is appreciated.

Weekly newsletters can be found on the Peoria County website at:
