SUBJECT: Lancaster Road Bridge Replacement

Over the past couple of weeks Stark has installed a majority of the new storm sewer network throughout the job site. Only a couple of pipes runs that cross Lancaster Rd. remain and will be installed once more earthwork has been completed. The existing bridge has been completely removed in preparation to start work on the new bridge next week. Miller has begun placing material and building up Croy Ln.

Next week, Stark will begin work on the new bridge by driving the pile foundation and begin forming the new abutments. Miller and Son, plan to continue working on moving dirt and building up Croy Ln and other embankments.

During construction, Lancaster Road will remain CLOSED to through traffic. However, residents will still have access to their homes and property.
