LANCASTER ROAD BRIDGE REPLACEMENT  
CONSTRUCTION NEWSLETTER**

**DATE:** 6/2/17

**TO:** Peoria County Road Users

**FROM:** BILL PEARSALL, RESIDENT ENGINEER  
Phone: (309) 697-6400 Ext. 0

**SUBJECT:** Lancaster Road Bridge Replacement

---

Over the past two weeks Stark has set steel beams, installed the deck forms, and installed the reinforcement steel for the new bridge deck. They have also removed the existing pavement. Miller has placed gravel on the new section of Croy Ln and continued working along the north and south sides of Lancaster Rd.

Next week, Stark plans to pour the new bridge deck! After the bridge deck is poured they will begin to form up the approach pavement and bridge barrier wall. In two weeks they plan to begin water main work. Miller and Son will continue working on the earthwork for the north and south side of Lancaster Rd west of the new bridge.

During construction, Lancaster Road will remain CLOSED to through traffic. However, residents will still have access to their homes and property. With the existing roadway removed access will be maintained on gravel until the new pavement is installed later this year.

Weekly newsletters can be found on the Peoria County website at:
