SUBJECT: Report 02, Weekly Construction Update for Week Ending 03/25/2017

Construction that has occurred over the past week is as follows:

- The existing bridge structure was removed. Crushed concrete was deposited at the waste site. Steel beams and steel rebar was taken to a scrap yard for recycling.
- Bridge piling was laid out by surveyors and two test piles were driven. The test should be installed by the end of Friday.

Construction that is currently planned for this coming week is as follows:

- The remaining bridge piling (production) will be driven.
- Construction of the bridge abutments will begin.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2017. Weather and unforeseen conditions will always affect the schedule.
