SUBJECT: Report 05, Weekly Construction Update for Week Ending 04/15/2017

Construction that has occurred over the past week is as follows:

- Assembly of the abutment rebar was completed.
- Installation of the riprap which is located underneath the bridge deck was completed.

Construction that is currently planned for this coming week is as follows:

- Construction of the formwork for the lower half of each bridge abutment will begin. The concrete for each bridge abutment will be poured as the forms become ready. Delivery of the steel bridge girders is planned for the second week of May.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2017. Weather and unforeseen conditions will always affect the schedule.
