SUBJECT: Report 21, Weekly Construction Update for Week Ending 09/09/2017

Construction that has occurred over the past 2 weeks is as follows:

- Aggregate shoulders were installed.
- Bridge deck grooving has been completed.
- Protective coat has been applied to the bridge deck.
- All of the permanent seeding, fertilizer and erosion control blanket has been installed.

Construction that is currently planned for this coming week is as follows:

- Pavement striping will be completed on 9/12/17.
- Guardrail will be installed, provided the materials get shipped to the guardrail subcontractor as planned.
- Traffic controls and detour signs will be removed and the road opened to traffic once the guardrail and pavement striping work is complete.

Tree planting will be the remaining work to be completed. Tree planting will be allowed to begin on October 1st. This work will not require road closure.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2017. Weather and unforeseen conditions will always affect the schedule.
