**SUBJECT:** Report 19, Weekly Construction Update for Week Ending 08/19/2017

---

Construction that has occurred over the past week is as follows:

- Installation of all riprap was completed.
- Installation of 2 inlet boxes and their drain pipes at the south end of the bridge was completed.
- Installation and grading of all of the subbase granular aggregate for the roadway was completed.
- Temporary erosion control measures were installed.

Construction that is currently planned for this coming week is as follows:

- Flexible pavement connectors will be installed at each end of the bridge.
- All HMA pavement will be installed.
- Aggregate shoulders will be installed.

The project is being overseen by the Peoria County Highway Department. The current estimated completion date is October 2017. Weather and unforeseen conditions will always affect the schedule.
