IV. MISCELLANEOUS

V. ADJOURNMENT
The Illinois Department of Commerce and Economic Opportunity (DCEO) has established the Downstate Small Business Stabilization Program (DSBSP) in response to the COVID-19 pandemic. $20 Million of funding is available from federal Community Development Block Grants through the U.S. Department of Housing and Urban Development. The program offers small businesses in downstate and rural counties in Illinois the opportunity to partner with local governments to obtain grants equal to 60 days of verifiable working capital up to a maximum of $25,000.

- Eligible businesses must have at least one employee other than the owner(s), but must not exceed 50 employees, including the owner(s).
- Businesses must meet the federal National Objective of Urgent Need. To demonstrate, businesses must have been operating since January 1, 2017, at a minimum, and under the same ownership. They must provide required documentation on financial health.
- Benefiting businesses should have solid commitments to remain open for at least 60 days and retain employees, or Reopen and re-employ within one year.

In order to be eligible for funding, a Benefiting Business must have been negatively impacted by the COVID-19 emergency and require urgent assistance according to the standards as set forth by the Department of Commerce & Economic Opportunity (DCEO). Funding is subject to the award of funds by the DCEO and the execution of a Participation Agreement between Peoria County and the Benefiting Business. A Resolution of Support from the County is required for each Benefiting Business.

In coordination with the Greater Peoria Economic Development Council (GPEDC), interested businesses were invited to submit an application to the GPEDC. GPEDC then vetted the applications for program eligibility and completeness of application.

25 eligible applications were received for Peoria County. The total requested amount was $605,000.00. A breakdown of the requests are as follows:

PARTICIPATION AGREEMENT

THIS AGREEMENT is made as of the ___ day of ________, 2020 by and between the County of Peoria, an Illinois municipal corporation ("Unit of Local Government") and __________________________, Inc., (Benefiting “Business”).

WHEREAS, the Unit of Local Government is interested in maintaining its economic base with the primary emphasis on retaining jobs.

WHEREAS, the Unit of Local Government has entered into an agreement with the Illinois Department of Commerce and Economic Opportunity to implement an economic development program that significantly impacts upon the Unit of Local Government's economic base; and

WHEREAS, the Business is interested in maintaining its employment base; and

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties agree as follows:

I. GENERAL DEFINITIONS
   I.1 "Application" shall mean all materials submitted by the Business to the Unit of Local Government or the State of Illinois in connection with this Agreement.

   I.2 "DCEO Funds" shall mean the sum of Twenty-Five Thousand and No/100 Dollars ($25,000.00) representing the grant received by the Unit of Local Government pursuant to its agreement with the Illinois Department of Commerce and Economic Opportunity (DCEO).

II. PERFORMANCE
   II.1 The Unit of Local Government agrees, subject to the terms and conditions of this Agreement, to provide grant funds to the Business for the purpose of working capital.

   II.2 Grant funds shall be paid with Community Development Block Grant funds through DCEO.

   II.3 Business must remain open or reopen and retain or re-employ permanent jobs prior to the grant end date (one year from grant award).

   II.4 In the event the Unit of Local Government fails to receive the DCEO funds, for any reason, this Agreement shall be terminated, at the sole option of the Unit of Local Government, without fault as to either party.

III. COVENANTS, REPRESENTATIONS AND WARRANTIES OF THE BUSINESS
   III.1 On or prior to the date of this Agreement, all legal matters incident to this Agreement and the transactions contemplated hereby shall be satisfactory to the Unit of Local Government.
III.2 Business represents and warrants that:

(a) Business is a sole proprietorship, limited liability company, corporation or partnership, as the case may be, duly formed, validly existing and in good standing under the laws of Illinois, is duly licensed and duly qualified as a foreign corporation, limited liability company, or partnership, as the case may be, in good standing in all the jurisdictions in which the character of the property owned or leased or the nature of the business conducted by it requires such licensing or qualification and has all proprietorship, corporate, limited liability company, or partnership powers, as the case may be, and all material governmental licenses, authorizations, consents and approvals required to carry on its business as now conducted. Business has full power and authority to execute and be bound by this Agreement.

(b) The execution, delivery and performance by Business of this Agreement, are within Business's proprietorship, corporate, limited liability company, or partnership powers, have been duly authorized by all necessary proprietorship, corporate, limited liability company, or partnership action, require no action by or in respect of, or filing with, any governmental body, agency or official and do not contravene any provision of applicable law or regulation or of the Articles of Incorporation or Articles of Organization or By-Laws or Partnership Agreement of Business, as the case may be.

(c) This Agreement constitutes a valid and binding agreement of Business.

(d) The Application is in all respects true and accurate and there are no omissions or other facts or circumstances which may be material to this Agreement or the Project.

(e) The financial information delivered to Unit of Local Government pursuant to the Application fully and accurately present the financial condition of the Business. No material adverse change in the condition, financial or otherwise, of Business has occurred since the date of the financial statements most recently delivered to the Unit of Local Government.

(f) Neither Business nor, to the best of Business's knowledge, any of Business's employees have been convicted of bribing or attempting to bribe an officer or employee of the Unit of Local Government, nor has the Business made an admission of guilt of such conduct which is a matter of record.

III.3 The Business shall keep detailed records of all matters related to this Agreement (including the Exhibits hereto). The Business shall provide to the Unit of Local Government, promptly upon its request, all materials necessary for the Unit of Local Government to meet reporting and other requirements of this grant.

III.4 The Business shall comply with all applicable local, state and federal law and regulations promulgated thereunder. Business shall comply with all applicable laws and regulations prohibiting discrimination on the basis of race, sex, religion, national
origin, age or handicap, including but not limited to the Illinois Human Rights Act, as now or hereafter amended, and the Equal Employment Opportunity Clause promulgated pursuant thereto.

III.5 Business shall fully and completely release, discharge, indemnify, defend and hold harmless the Unit of Local Government and the State of Illinois and their officers, directors, chairman, administrators, treasurers, clerks, attorneys, insurers, board members, department heads, employees and agents against any liability, judgment, loss, cost, claim, damage (including consequential damage) or expense (including attorney's fees and disbursements, settlement costs, consultant fees, investigation and laboratory fees), known or unknown, to which any of them may become subject insofar as they may arise out of, are related to, or are based upon this Agreement or any agreement or document executed by Business and Unit of Local Government as part of the transaction described herein.

III.6 The Unit of Local Government shall have the right of access, at all reasonable hours, to Business's premises and books and records for purpose of determining compliance with this Agreement. In addition to the reporting specifically required hereunder, Business shall promptly furnish to the Unit of Local Government such information as the Unit of Local Government may reasonably request with respect to this Agreement.

III.7 Business acknowledges that no guarantee is being made by the Unit of Local Government that the grant awards being sought by the Unit of Local Government will be granted under this Agreement, or otherwise, that will benefit the Business. Business shall fully and completely release, discharge, indemnify, defend and hold harmless the Unit of Local Government and the State of Illinois and their officers, directors, chairman, administrators, treasurers, clerks, attorneys, insurers, board members, department heads, employees and agents against any liability, judgment, loss, cost, claim, damage (including consequential damage) or expense (including attorney's fees and disbursements, settlement costs, consultant fees, investigation and laboratory fees), known or unknown, to which any of them may become subject insofar as they may arise out of, are related to, or are based upon the award of any local, state, or federal grant, including without limitation the actions or inactions of the Unit of Local Government in the application processes, public hearing processes, and notice processes related thereto.

III.8 Business acknowledges, understands, and agrees that the Unit of Local Government retains and reserves the right, prior to, at the time of, and/or after the disbursement of any funds (including DCEO funds) by the Unit of Local Government to the Business, to secure, encumber or otherwise request collateralization or other guarantees of any assets (real, personal or mixed) of the Business, or its owners/shareholders/members/partners, in order to secure the Business’ performance as required under this Agreement. Without limiting the foregoing, the Unit of Local Government is hereby granted the authority to file and enforce liens, financing statements, mortgages, and other forms of security interests as deemed necessary in the sole discretion of the Unit of Local Government or its designee. By signing this Agreement, the Business agrees to cooperate with any and all requests
by the Unit of Local Government necessary in accomplishing the foregoing, including by signing and executing the necessary documentation (if any), providing any information requested by the Unit of Local Government (e.g. legal descriptions), and requiring its owners/shareholders/members/partners to cooperate for the aforesaid reasons as well.

IV. DEFAULT AND REMEDIES

IV.1 If one or more of the following events ("Defaults") occurs and is not timely cured, then, the Unit of Local Government may declare Business in default under this Agreement and seek any of the enumerated remedies described in this Section.

(a) Business fails to observe or perform any covenant or agreement contained in this Agreement, including the Exhibits hereto, for 10 days after written notice to cure thereof has been given to Business by the Unit of Local Government;

(b) Any representation, warranty, certificate or statement made by Business in this Agreement, including the Exhibits hereto, or in any certificate, report, financial statement or other document delivered pursuant to this Agreement shall prove to have been incorrect when made in any material respect;

(c) Business shall commence a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, or shall consent to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or shall make a general assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due, or shall take any corporate action to authorize any of the foregoing;

(d) An involuntary case or other proceeding shall be commenced against Business seeking liquidation, reorganization or other relief with respect to it or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, and such involuntary case or other proceedings shall remain undismissed and unstayed for a period of 60 days; or an order for relief shall be entered against Business under the federal bankruptcy laws as now or hereafter in effect;

(e) Business ceases the conduct of active trade or business in the Unit of Local Government's community for any reason, including, but not limited to, fire or other casualty; and does not reopen prior to the end date of the grant agreement.

IV.2 If a Default occurs and is not timely cured, then the Unit of Local Government shall seek reimbursement from the Business for all funds (including DCEO funds)
expended by the Unit of Local Government on or related to the Project, including, but not limited to working capital, equipment, architectural engineering, construction, administrative, real estate and incidental costs related thereto.

IV.3 Upon notice of a Default and if said Default is not timely cured, the Unit of Local Government shall notify the Business that reimbursement shall be made to the Unit of Local Government within 30 days after said notice. If the Business fails to reimburse the Unit of Local Government within 30 days after the date of the notice, the Unit of Local Government shall have the right to collect interest on the unpaid balance beginning on the 31st day after notice at a rate equal to 12% per annum.

IV.4 If any legal proceeding(s) is commenced, which requires the Unit of Local Government to enforce the terms of this Agreement, or to otherwise enforce or foreclose upon the security interests created under Section III.8, then the Unit of Local Government shall have the right to obtain from the Business, as an additional remedy, attorney fees, costs and expenses, related to the proceeding(s), the enforcement of this Agreement, and/or enforcement/foreclosure of said security interests.

V. TERMINATION

V.1 This Agreement may be terminated at any time by written, mutual agreement of the parties, provided the Unit of Local Government has obtained written consent from the Illinois Department of Commerce and Economic Opportunity as to such termination.

V.2 This Agreement may be terminated by the Unit of Local Government whenever it issues a notice of Default to the Business and the Business does not timely cure the Default pursuant to Section IV.

V.3 This Agreement will terminate when the Project has been completed and when all of the terms and conditions of this Agreement (including the Exhibits thereto) creating duties upon the Business, have been satisfied by the Business.

VI. GENERAL PROVISIONS

VI.1 Notice required hereunder shall be in writing and shall be deemed to have validly served, given or delivered upon deposit in the United States mail, by registered mail, return receipt requested, at the address set forth on the signature page hereof or to such other address as each party may specify for itself by like notice. Notwithstanding the foregoing, Notice by the Unit of Local Government may be given or delivered via e-mail to the Business at their e-mail address set forth below. All notices to the Unit of Local Government shall also include a copy to: County of Peoria, ATTN: State’s Attorney, 324 Main Street, Peoria, IL 61602.
VI.2 All covenants, agreements, representations and warranties made herein and, in the certificates, delivered pursuant hereto shall survive the execution of the Agreement and shall continue in full force and effect so long as the Agreement shall be in force.

VI.3 No failure or delay by the Unit of Local Government in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

VI.4 Wherever possible each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision shall be invalid under applicable law, such provision shall be ineffective to the extent of such invalidity without invalidating the remaining provisions of this Agreement.

VI.5 This Agreement represents the full and complete agreement between the parties with respect to the matters addressed herein and there are no oral agreements or understandings between the parties.

VI.6 This Agreement and all amendments thereto shall be governed by and construed in accordance with the laws of the State of Illinois, and the parties agree that the Circuit Court of the Tenth Judicial Circuit, Peoria County, Illinois, shall be the sole and exclusive jurisdiction and venue for the resolution of legal disputes hereunder.

VI.7 This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

VI.8 No modification of or waiver of any provision of this Agreement shall be effective unless the same shall be in writing and signed by the parties hereto, and provided further, that the Unit of Local Government shall obtain written consent of the Illinois Department of Commerce and Economic Opportunity prior to executing any such modification or waiver.

VI.9 The Business certifies that it has not been barred from bidding on or receiving State contracts as a result of a violation of Section 33E-3 or 33E-4 of the Criminal Code of 1961 (bid rigging or bid rotating, respectively) (720 ILCS 5/33E-3 and 5/33-4).

VI.10 The Business certifies that it has not been barred from being awarded a contract or subcontract under Section 50-5 of the Illinois Procurement (Code 30 ILCS 500).

VI.11 The Business acknowledges that receipt of benefits under this agreement may require compliance with the Prevailing Wage Act (820 ILCS 130). Persons willfully failing to comply with or violating this act may be in violation of the Criminal Code.
Questions concerning compliance with the Prevailing Wage Act should be directed to the Illinois Department of Labor.

VI.12 The Unit of Local Government acknowledges that if the project as proposed by this Agreement is completed in accordance with this Agreement and the Agreement executed between the Unit of Local Government and the Department of Commerce and Economic Opportunity then the provisions cited above in 6.9; 6.10; and 6.11 do not apply to the Business but do apply to the activities to be completed by the Unit of Local Government.

VI.13 The Business understands that this is a legally binding document. By signing below, the Business acknowledges it is signing this agreement knowingly, voluntarily and without coercion. The Business has been advised to retain legal counsel to review and advise regarding the contents of this Agreement, and the Business either (i) retained legal counsel; or (ii) waived their right to do so at this time.

IN WITNESS WHEREOF, the parties executed this Agreement the day and year first above written.

Narrative of business’ proposed scope of work, existing situation and operation details

The applicant local government will use your information for a summary of the project in the application. There is no prescribed format, but certain information is needed. Details of your operation are contained on forms on other pages to follow in this package.

Please explain your business’ current situation (closed, substantially reduced, whether you are delinquent on regular expenses, etc. This could include plans to re-hire laid off staff, etc.

What type of business you are in, what is your product or service and how long you have been in operation at the current location?

What would be the specific use of the funds? Remember, the only acceptable use is working capital over a 60-day period. You cannot use the funds for construction of any kind.

Why do you need the funds for specified period, and how would they help you either to re-open and stay open, return your operations to a former level.

Please state the amount of funds you are requesting (maximum is $25,000):

$ 25,000.00

Business’ narrative explanation:

The Shot Spot is desperately needing to secure financial help to support the business and staff through reopening from the Covid-19 pandemic. The Shot Spot has persevered through almost 10 years of challenges in the service industry. Since we were deemed a non-essential business, and our doors have been forced closed, we have been left with an abrupt halt to income that has affected the business, my staff, and myself. In an industry where few make it more than a couple years, we have adapted and survived. My one absolute job, at the end of a hard day, was to make sure I kept The Shot Spot able to pay the bills and pay the staff and myself. I knew if I could only do that much in a day, it was still a productive day and we were all still good to survive and keep trying to improve again tomorrow. Unfortunately, tomorrow is on hold due to the Covid-19 pandemic and an unknown amount of days are making the financial struggle even more real.

In our years, we have contributed to many charity and local fundraisers and have also made an impact in our local and state infrastructure funds as well. Just last year alone, we donated over $10,000 to charities such as St. Jude, MS Society, Cancer Society, and numerous other charities and local fundraisers for the area. In just over 7 years of having our IGB games, the revenue from Shot Spot has contributed over $94k to our local community and over $569K to the state. Without financial help, the option of reopening starts to look gloomier by the day, also bringing with it the possible inability to keep helping provide for the community and those in need.

Unforeseen to myself, and many others, this predicament has put an extreme financial hardship on not only the business, but also the staff members and me. As a staff of majority females, all of whom are either single moms or are currently pregnant, we depend on our incomes to support ourselves and most importantly our children. The Shot Spot needs financial help to be able to keep vital expenses paid during the shutdown, provide payroll to retrain staff for new procedures due to the pandemic, help finance the reopening while sales numbers are initially expected to be low due to projected government restrictions, and help provide for the staff so they can provide for their children in this time of crisis.
BUSINESS CERTIFICATIONS

The Business understands that no aspect of the project proposed for assistance will commence prior to the award of funds to the community and the receipt of environmental clearance.

The Business certifies that it is a Business in good standing, authorized to do business in Illinois and has no delinquent tax liabilities. Business’ narrative explanation:

My business was successfully open and operating normal hours and preparing to celebrate our 14 year anniversary week long sales event until we had to close to the public on March 17th. We have been in business for 14 years and have never been delinquent on payments to vendors, utilities, rent or payroll and employee 5 employees. I fear with no income generating from sales for the unforeseen future, we will not be able to open back up and sustain operations as normal. Five employees have been temporarily laid off, we had to temporarily close our doors and no income generating at this time as we do not operate an online store. We are a small brick and mortar business that has been tremendously negatively affected by the COVID-19 disaster. I would use this grant money to maintain our success and rehire ALL employees, keep current on inventory, continue to pay bills due and get back to business as usual for our community. We have many bills coming due in the next 60 days and this money would help tremendously in keeping our doors open. Please consider us for this grant so we can stay in business.

Business’ narrative explanation:

We are a full service automotive center with towing. From oil changes to engine repair. Since the end of February our business has fallen off of a cliff forcing me to lay off my employees but Joe and myself who are only currently working on essential fleet contracts we have with police, fire, hospitals, The American Red Cross and other fleets. If i was granted these funds i would bring my employees back from layoff and open the business back to the public and offer pick up and drop off services. I would use the funds for daily operations expenses such as payroll, taxes, rent and utilities. I am currently late on several bills.

Re: Application Business Narrative

Dear Sir:

We operate a three-attorney law firm with offices in Canton (since 3/1/2013) and Peoria Heights (new satellite office opened 2/1/2020 to replace Lewistown satellite office that had been open since 1/1/2012). We are applying for funds in order to avoid laying off any staff during these difficult times.

Prior to COVID-19, our business was already struggling due to unrelated events. One of our principals was ill most of the 4th quarter of 2019, leading to decreased revenue and billable hours. In large part, that explains the negative net income for January 2020, as much of the revenue reported for January 2020 was a result of work performed in December 2019. In early January of 2019, our associate, Whitney Parrish, went into labor 10 weeks early and her daughter was delivered C-section. As of the date of this application, Ms. Parrish has not yet returned to work. As a result, her lack of being available to work and generate billable hours has reduced the firm’s revenue.

Furthermore, much of our client base consists of family law clients who are working class people. Many of these clients face financial challenges of their own, and it is likely that paying their lawyer may be a secondary or tertiary consideration in the event of financial stress. We have not laid off or furloughed any employees, nor have we cut back any employee’s hours. One part time employee chose not to be scheduled for hours due to not having child care, but she is welcome back any time that she wishes to work. In the event we do not obtain assistance, we may need to lay off or furlough employees, or cut back hours. However, we want to keep all of our current employees gainfully employed and, prior to COVID-19, had hoped to even add a new position at the new Peoria Heights location if it became feasible (which is not currently the case). We would use any funds provided for payroll and operating expenses in accordance with the restrictions of the program, with an eye towards meeting the threshold of using at least 75% of the funds for payroll.

One aspect of our application that needs explanation. In completing the “Net Income Verification” portion of the form, there is a disparity between Net Income from 2017 as compared to 2018 and 2019. In 2017, both principals in our firm, Andrew W. Johnson and Stephanie S. Johnson, received funds from the firm primarily as W-2 employees with minimal disbursements. Our office is a Subchapter S Corporation. For tax reasons following the enactment of the Tax Cuts and Jobs Act of 2018, in 2018 and 2019, we elected to receive substantially reduced W-2 wages and were paid via weekly disbursements that were reported on forms K-1. The “Net Income” from our Profit/Loss Statements in 2018 and 2019 were combined earnings of the two principals as opposed to funds available for future operations. For 2020, however, we returned to the traditional W-2 wages format, so it is expected that our 2020 profit and loss statements will more resemble the 2017 figures than the 2018 and 2019 figures. Net Income for the first quarter of 2020 after fully payroll is $1,467.08.
We would appreciate any assistance that can be provided. Please contact me by my cell phone at (309) 224-9957 with any questions or concerns. I remain,

Very truly yours,

JOHNSON & JOHNSON, P.C.

Business' narrative explanation:

The Flower Box has been in business in Peoria Heights, IL since 1951. The current owner took possession in March of 2015. The Flower Box is a full service florist. We offer fresh flowers for all occasions. We are missing out on several orders we would have processed for celebrating Easter due to having to close because of COVID19. It is not looking promising to be open for Mother’s Day, which is the biggest holiday in the floral industry and when we make the most profits in our business.

The Flower Box had to shutdown on Saturday March 21 due to the Shelter in Place Order asking all non-essential business to stop. We are currently behind on paying our flower bill at Bill Doran’s located in Peoria, IL. We held off on paying this invoice, which was due on March 31, 2020, to make sure there were still enough funds in the operating account to keep power, internet, telephones, insurance, and rent paid. We are hoping to use this grant to pay The Flower Box employees their weekly wages, pay the Bill Doran Invoice, and continue to pay the utilities, insurance, and rent and other operating costs.

As stated above, we are losing sales during this shutdown. We would have done a lot of sales for Easter and we are possibly looking at still be closed during Mother’s Day which is the biggest holiday in the floral industry.

Any help you can provide will be greatly appreciated, we want to keep our employees earning a regular paycheck and have comfort in knowing their jobs will be here waiting for them when this is over.

Business’ narrative explanation:
Surveillance Technologies has been in business for 20 years. We are a licensed business. Unfortunately we are not a business that can work from home. We have installers and technicians that need to be out in the field. Many businesses are not allowing us access. We have new jobs that have been postponed. I have had to reduce the hours for all my technicians. I am worried about their financial situations. I want to continue to pay my employees so they can put food on the table for their families. I am concerned about the future and what is to come. I am hoping this doesn’t get worse. I know we can be a successful business again when things get back to normal.

Business’ narrative explanation:

Presleys Outdoors is an outdoor retail store focusing primarily on fishing and hunting goods. An independently owned and operated business, we have been a staple in the Peoria, IL area since 1946. Our normal hours are 8am – 8pm Monday thru Friday, 8am – 6pm Saturday, 8am – 4pm Sunday. Our new temporary hours due to COVID-19 are 10am – 6pm Monday thru Friday, 8am – 4pm Saturday, and closed Sundays. My inventory is seasonal and extremely affected by weather. Inventory planning is 6-12 months prior to actual sale season. Therefore, inventory that had been planned as early as July 2019 and has shipped to me as early as September 2019 is now not selling as planned due to COVID-19. However, bills have come due for this inventory. This Downstate Small Business Stabilization Program will be essential for my inventory bills due. Forthcoming, it will also help out with wages, supplies, health insurance, etc. I appreciate the opportunity. Thank you.

Business' narrative explanation:

We are a small business with less than 50 employees and have been in business in Peoria for over 40 years doing car repair from car accidents. We have noticed that since 3/15/20 there has been a significant drop in our business due to the COVID-19 virus. People are not driving as much and if they do have an accident they are afraid to get the car fixed because they don’t want to spend money out of pocket for their deductible due to fear of the unknown due to this COVID-19 virus.

Without our customers we will not be able to sustain a business as normal and because of that we do not have the funds to pay our bills including our payroll. I am asking you to please accept our application for the grant offering $25,000.00 to help our business stay afloat through this terrible time right now.

Thank you is advance for considering my business for this grant. It will be put to good use and keep our business going through this tough time.

Business’ narrative explanation:

Our primary business operation is trailer & golf cart sales. We have been in business for 15 years and are family owned. We are currently maintaining our employees, with adjustment for some to work remotely, but we are concerned about our ability to continue doing so. Manufacturers we purchase from have significantly tighten purchasing requirements and we will be required to prepay or pay on delivery for product, in contrast to typical terms. Our business is dependent on having inventory available for customers. The inventory we have on hand is significant, and our sales have substantially dropped due to COVID-19 and the public’s ability to go out and shop. We have shifted our efforts to encourage customers to interact with us via our website & email. We working to be creative and bolster sales given these uncertain time.

However, a grant such as this would enable us to keep our employees compensated, keep our credit status with our suppliers and bank in tact until business atmosphere returns to normal.

Narrative of business' proposed scope of work, existing situation and operation details

The applicant local government will use your information for a summary of the project in the application. There is no prescribed format, but certain information is needed. Details of your operation are contained on forms on other pages to follow in this package.

Please explain your business' current situation (closed, substantially reduced, whether you are delinquent on regular expenses, etc. This could include plans to re-hire laid off staff, etc.

What type of business you are in, what is your product or service and how long you have been in operation at the current location?

What would be the specific use of the funds? Remember, the only acceptable use is working capital over a 60-day period. You cannot use the funds for construction of any kind.

Why do you need the funds for specified period, and how would they help you either to re-open and stay open, return your operations to a former level.

Please state the amount of funds you are requesting (maximum is $25,000): 25,000

Business' narrative explanation:

McCormick Auto Place has been substantially reduced and at this time, is not and has not been delinquent on regular expenses. We have maintained our employees hours regardless of the burden on the business.

McCormick Auto Place opened in 1990 and incorporated in 2001, 30 years in the same location. Our Better Business Bureau Rating has always been A+.

We have focused on the resale of cars, trucks and sport utility vehicles, with no service department. Our income is from vehicle sales only. We have been limited in this time to appointments only. Our sign reads "closed" everyday during this crisis. March and April are normally profitable months. We offer conventional financing and never have been a "buy here pay here store." Our customers are middle income buyers that our extremely cautious right now. As of today we have not sold a vehicle in the month of April and our last sale was March 25, 2020.

We need working capital during this time for payroll, rent, insurance, and utilities. Our monthly expenses are $19329.10. These funds would help us continue our normal operations and return our business to serving the car needs of people in our area.

Business’ narrative explanation:

Our business is currently closed due to the Covid-19 virus. Our clients do not want us in their homes so this has essentially shut us down until the virus regulations end. We are delinquent in many of our bills to suppliers, utilities, etc.. All of our employees will be re-hired as soon as we can go back into production. Our business is a stone fabrication shop which fabricates stone for many applications such as kitchen counter tops, bathroom vanities, fireplace fronts and hearths, etc.. We have been in business at our location for approximately 21 years. The only use of these funds will be to pay essential bills going to insurance agencies, utilities, etc.. Right now these funds are needed for working capital as we are currently shut down but still have bills to pay until we open again and start bringing funds in again.

Business' narrative explanation:

Please see attached document.
To Whom it may concern:

Thank you so much for considering my company for the funds above. IDo Events is a decor rental company specializing in weddings and events. Our staff launders our own linens in house and then travels to hotels and venues throughout central Illinois setting up and tearing down the rented items each weekend. Until the coronavirus hit, we had not been without at least one event each week to decorate for in nearly 10 years.

I started the company in my basement laundry room back in 2005. With the help of my loyal and driven employees we’ve grown the company to half a million in sales and decorate for nearly 1,000 weddings and events each year.

Our warehouse and showroom are currently closed to the public and have been since March 17, 2020. We have one full time office manager, Brittany Adams, who is still working full time from home. She is managing the phone and emails and trying to keep panicking brides and grooms calm during this unprecedented time. All other employees have been temporarily laid-off since large gatherings are not permitted at this time.

As of now, we’ve managed to use our savings account, line of credit and credit cards to stay current on our fixed expenses (mortgage, utilities, payroll, etc). We’ve cut as many variable expenses as possible in hopes of limiting the amount of debt we incur. Many of our events have cancelled all together and the ones that are rescheduling are looking into 2021 and beyond.

Our staff is eager to get back to work once our clients are ready to celebrate again. My plan would be to use the funds to hire back my current staff and hire additional staff for our busy fall season. We would also have to use the funds for working capital to keep the lights on in our 4,000 square foot warehouse until we see an upswing in weddings & events again.

Sincerely,

Heather Forney

Business' narrative explanation:

Our business is a jewelry business and forced to close due to being "non-essential". We have been in business for over 45 years. We would use the funds to continue to pay rent, utilities & bills incurred while still operating. We will not be able to re-open until our governor says we can, but we would need the funds (in addition to reasons mentioned) because we feel that once we do re-open demand for our business will not be as high. We sell jewelry & watches & also repair jewelry. With the high unemployment rate, we fear that selling jewelry will not be high on people's grocery list of purchases. Thank you!

Business’ narrative explanation:

We are a retail florist. We are closed down due to the current epidemic. I have laid off employees temporarily until the stay at home order is released. I have my office manager come in to get the mail out of the box and post the payments that have come in from customers to pay their accounts. I have another employee come in to water the plants to make sure during this time we don’t lose the green plants. We have lost most of the fresh flowers due to our business shut down. We purchased a lot of inventory from Dorans prior to the shut down to prepare for PROM which is one of our busiest times of the year for our business. All proms were cancelled so all this inventory has been lost and we still owe the bills. Since the shut down we have had no income at all to pay our suppliers what we owe them. This grant money would help our business Tremendously in paying some of our outstanding debt so that when we do open we would not be so far behind and be able to pull ourselves out of this horrible time and keep our doors open.

Business’ narrative explanation:

Coyote Creek Golf Club is a public golf course, currently closed by gubernatorial order. We bought Coyote Creek in October 2015 and have pump hundreds of thousands of dollars in working capital into it for various improvements to the clubhouse, grounds, and equipment. Our course benefits both the immediate area and regional communities through ample charitable and not for profit donations as well as providing a venue for those organizations to procure funds.

Many of our current bills coming due relate to chemical and fertilizer orders we placed last October with our suppliers. We do, however, have loan payments that must be made as well as utilities, insurance, and payroll. We also must continue to maintain the golf course as the grass cannot be left unmowed and course conditions must be maintained in the event we are able to open this year.

Thus far we have been able to weather this storm on our own, but if the shutdown continues we will not be able to sustain the golf course at a level that would allows up to open. If the course cannot open, then we cannot generate revenue and it will be a cow pasture once again. At this point, I do not anticipate returning the course to former operating levels, but I am holding out hope that we can maintain it to allow for some business active to resume when the virus passes.

I humbly submit this application for review.

Thank you

P.S. I ran out of room on Pine Lakes Golf Clubs application, so I made this one more compact ;)

Business' narrative explanation:

Our business is a local restaurant-sports bar that is family owned and has been in operation since November 2013. We offer a full menu with daily food and drink specials. We also use our dining room for private parties such as birthdays, receptions, etc. along with local grade school team 's post-game celebrations. We have been forced to cancel several events and have lost out on several team gatherings. March has been our most profitable month with the NCAA and IHSA basketball tournaments along with St. Patrick 's Day, MLB, NBA, PGA, & the NHL sporting events. Our regulars come in to grab a sandwich, have a beer, and watch a ballgame. March is a huge month for televised sporting events. Plus we had already purchased St. Patrick 's Day shirts, decorations, specially drinks and food that we couldn 't use.

We currently have 14 employees on payroll who have seen their hours greatly reduced. Our normal hours of operation are Monday – Sunday from 11:00 am to 2:00 am. We are currently open Monday – Sunday from 11:00-2:00 for lunch and 4:00 – 8:00 for dinner. We are currently operating with 1 person in the kitchen for days and 1-2 during the evening. We add a person during the days Tuesday and Friday to help with extra cleaning and doing inventory. We schedule 1 bartender/server during the day shifts and 2 in the evening. Our normal kitchen schedule has 2 cooks during the days and 3 in the evenings so their hours have been greatly reduced. Bartenders/servers have also seen a decline in hours and tips. We generally always have 2 bartenders daily and 1 bartender with 2 servers nightly. We are going to reevaluate our hours after this week due to the decline in business and tips. We may greatly reduce the days and hours of operation if we stay open at all. The first week was fairly busy for curbside food orders but it has steadily declined each week.

The breakdown for revenue at our place is roughly: 40-45% alcohol sales, 40-45% food sales, and 8-12% video gaming revenue. With the shutdown, it is obvious that we are operating on about 40-45% of our revenue. The food percentage is deceiving in that the profit margin is less with food sales than alcohol sales. Our goal during this time has been to keep our employees working, maintain our business, and provide a service to

Narrative of business’ proposed scope of work, existing situation and operation details

The applicant local government will use your information for a summary of the project in the application. There is no prescribed format, but certain information is needed. Details of your operation are contained on forms on other pages to follow in this package.

Please explain your business’ current situation (closed, substantially reduced, whether you are delinquent on regular expenses, etc. This could include plans to re-hire laid off staff, etc.

What type of business you are in, what is your product or service and how long you have been in operation at the current location?

What would be the specific use of the funds? Remember, the only acceptable use is working capital over a 60-day period. You cannot use the funds for construction of any kind.

Why do you need the funds for specified period, and how would they help you either to re-open and stay open, return your operations to a former level.

Please state the amount of funds you are requesting (maximum is $25,000): $25,000

Business’ narrative explanation:

I laid off the entire workforce on March 19, 2020, and closed the doors to our retail and service operation. I am behind on making monthly lease, insurance, utility and other payments. I have made arrangements with creditors for deferring payments or made minimum payments. When the State mandated closing ends, we plan to reopen and re-hire our staff.

Peoria Flag & Decorating Co. was started in 1908 and has been in my family since 1955. We have been in our current location since 1999.

We have a retail store that sells flags, poles, banners, decorations embroidery services, giftware and rental of event equipment such as draping, table and chairs.

The service end of the business consists of installation and servicing of flagpoles, Holiday business decorating service, and largest part is our convention, trade show and event decorating. This service is where we set up in hotels, convention centers, halls, schools and other places all over the State of Illinois. We rent and setup booths, carpeting, tables, chairs, staging, signage and displays for these events. This end of the business has taken a great hit; our calendar contracted events were cancelled through the second week of July at this time (loss of over 50 events with only four that may postpone to the Fall).

We would use the funds to help cover our operating expenditures such as payroll, rent, utilities until we can completely re-open and start to generate revenue again. I am requesting the maximum of $25,000.00 if possible.

$ 25,000.00

Please state the amount of funds you are requesting (maximum is $25,000): ____________

Business’ narrative explanation:

Affordable Auto Repair has been in a business for over 12 years providing quality automotive service and maintenance. We have occupied this location since the fall of 2014. Affordable Auto Repair is always eager to give back to the businesses and community that supports us. We are here to stay. Were very proud to have just expanded our footprint by almost double, proving more revenue streams for all, including taxes to support our local governments.

Affordable Auto Repair employs seven individuals, representing 27 family members directly affected by the economic downturn due to the uncertainty surrounding COVID-19. Our effect on the local economy stretches wider that those 27 individuals directly affected by our success or failure, and extends to multiple parts personnel, shuttle drivers, and dozens of local vendors in our community.

The business has seen a significant drop in revenue, yet we are doing everything in our power to hold strong and employ as many of our staff as possible. The reduction in sales coupled with the high fixed expenses of the business is financially crippling. Supplier bills have fallen delinquent in the process of putting our people first, as have equipment payments.

Sales have been substantially reduced since the shelter in place directives were given. We are nowhere near our monthly goals. More layoffs are imminent.

The funds from the grant in conjunction with our current level of sales would sustain the employees paychecks for at least 60 days. If selected as a grant recipient, funds would be used to cover payroll expenses, including rehire laid off employees, pay supplier bills, pay for utilities and rent, and to cover other forms of working capital.

Business’ narrative explanation:

Lakeside Custom Builders, Inc., was established on June 1, 1999. The original office was in Peoria; in October of 2010 we relocated to Mossville. We perform residential construction, remodeling and all types of repairs. Lakeside employs 7 people (including the owner’s). Due to Corona Virus, Lakeside’s sales have been substantially reduced. In March and April we lost contracts totaling $138,000.00, because the clients did not want us in their homes and we are now only receiving calls for emergency repairs and outdoor work. This has caused a drastic reduction in the hours and pay of our employees. Some days there is no work at all but we have been able to offer employees a couple hours doing grounds and vehicle maintenance.

Due to the loss of sales and very little new business, Lakeside’s working capital is dwindling fast and there are no expenses left to cut. Without assistance a total lay-off and company shut down will happen by the end April if not sooner.

We have been working on other financing options and grants but so far nothing has panned out. We need assistance to stay in business and keep our employees. The funds would be used to cover fixed expenses and give us working capital to get through until the Stay at Home Order is lifted and we can begin working in people’s homes again.

Business' narrative explanation:

The Trolley was closed 2/19/20 - 3/15/20 for remodeling to expand business. Because we were scaling up, food inventory was lost since we had to close about 2 weeks after reopening. The grant funds would be used to cover the lost inventory as well as utilities & maintenance to keep the building in good shape so we can reopen as soon as we are allowed.

Business’ narrative explanation:

The COVID-19 shutdown hit us at a peak time of our selling season (we sell to schools across the USA, and sales came to a halt mid-March). We need funds to cover expenses we customarily cover with receipts from sales, including interest on our line-of-credit loan (approx $200/month, we are borrowing $60K for the purchase of raw materials), and lost profit from expected sales (about $2000/month). We would also benefit from $3000 to cover salaries during the week we ramp-up production (after the stay-at-home directive is lifted).

Our rent is $4800/month, and utilities are approx $300/month.
During the shut-down (started in Mid-March 2020), we ceased purchasing raw material.

During the past 3 years, we have averaged approx $450K in annual revenue.

The COVID-19 social-distancing policy hurts our business because our products are used where people are gathered. It will take some time, even after that policy is rescinded, for interest in our products to resume (which means our business will suffer for some time even after the threat has reduced).

The applicant local government will use your information for a summary of the project in the application. There is no prescribed format, but certain information is needed. Details of your operation are contained on forms on other pages to follow in this package.

Please explain your business’ current situation (closed, substantially reduced, whether you are delinquent on regular expenses, etc. This could include plans to re-hire laid off staff, etc.

What type of business you are in, what is your product or service and how long you have been in operation at the current location?

What would be the specific use of the funds? Remember, the only acceptable use is working capital over a 60-day period. You cannot use the funds for construction of any kind.

Why do you need the funds for specified period, and how would they help you either to re-open and stay open, return your operations to a former level.

Please state the amount of funds you are requesting (maximum is $25,000): ___________ 25,000

Business’ narrative explanation:

Jubilee Café is a family restaurant located 7203 Kickapoo Edwards Road Edwards, IL 61528. We are opened 6am-9pm 7 days a week with inside dining & carry out. We feature breakfast all day, also serving lunch & dinner. We opened in May 1990. As of March 17, 2020 our hours have been reduced to 11am - 7pm 7 days a week with carry out only.

Our sales are 18% of what we would normally do this time of year.

We have continued to be open with limited cooks & waitresses.

We are requesting $25,000.

The money we will be receiving will go towards payroll & pay vendors.

We thank you for your consideration in obtaining these funds.

Thank you, Jerry & Nancy Weaver

Business' narrative explanation:

I am completely closed down. I owe Feb sales tax and March. I will owe Ameren 723. in a few days. I have a 941 due on the 15th, and I don't have the money. I have thrown away a lot of food, which will have to be replaced to open. Once I open, there will be those anxious to come in, and many still afraid of the virus. Business will not be usual. In short, I don't expect to amass enough money to pay food, payroll, and Ameren in the first month. Restaurant 28 years

ISSUE:
For RESOLUTION: Regulatory Process to Effect the Closure of Heddington Oaks, a Skilled Nursing Facility Owned and Operated by the County of Peoria

BACKGROUND/DISCUSSION:
There are moments in the history of a public body where incredibly difficult, controversial, or transformative decisions are necessary for the public body to make. These moments are usually far apart in time. The recommendation before the Committee from your administrative management team calls for this public body to make such a decision. This recommendation is made with the upmost respect for the 172-year history Peoria County has in delivering quality elder care services to the “infirm or chronically ill persons” of our county. This recommendation is made with the knowledge gained through the incredibly exhaustive and transparent process we have undertook since 2016 to implement every possible solution to ensure Heddington Oaks is financially sustainable. It is made with the responsibility to the current and future taxpayers of Peoria County to ensure the finances of all Peoria County Government are sustainable. It is made with the empathy necessary to ensure our residents are able to be transferred to another skilled nursing facility that is best suited to their needs that have a bed available. This recommendation is made with the acknowledgement that despite all of our best efforts and the assistance of subject matter experts from our community that in the end we did not succeed. In the end, though, the best decision is what’s recommended, it is time for the County of Peoria to exit the business of delivering skilled nursing services.

Within the Powers and Duties of County Boards section of the Counties Code lies the County Homes Act. It is in this Act that county boards are granted the authority to “establish and maintain a county sheltered care home or a county nursing home for the care of.” The County got into the business of delivering elder care services in 1848, and the Board of Supervisors then undoubtedly made their decision based on community need. Since 1848, the form and location of how the county has delivered these services has evolved and changed. To continue the development of nursing services, prior county boards asked the voters four times a question related to delivering these services with taxpayer dollars. This includes three specific occasions where the county board asked the voters to first build a nursing home that would become Bel-Wood Nursing Home, and then twice to levy a property tax to fund the operations of the nursing home. Fourth, county nursing homes are specifically called out in the retailers’ occupation tax for public facilities, that locally is more commonly known as the museum tax. All four times the voters approved the question before them related to skilled nursing services. In 2008, faced with an aging building that had too many beds for what the market needed; was in violation of life safety codes (after a rash of nursing home fires nationwide, new regulations were put in place to require existing nursing homes to be retrofitted with sprinklers and new construction to include sprinklers); industry changes for how nursing homes are designed for the delivery of care; and a location with the less than desirable neighbors for attracting new residents (a jail, juvenile detention facility, county highway department, and galvanizing plant), the county board made a series of decisions...
that paved the way to constructing Heddington Oaks in West Peoria. When it opened in 2013, Heddington Oaks was not only a start-of-the-art facility, it had multiple amenities that was intended to position it to be the leading skilled nursing facility in the area. These included: the largest physical therapy space in the area, dedicated space for in-patient dialysis, more beds allotted for all stages of memory care, and the first publicly owned nursing home in the United States to achieve USGBC’s LEED silver or better.

In reality, we saw the regulatory environment get completely overhauled by the implementation of home healthcare and managed care. When taken in combination with a societal shift to delay skilled nursing as long as possible for an elderly loved one, the entire long-term care industry was forced to adapt to fewer admissions from hospitals with Medicare funding, and fewer admissions overall across all payer types. Multiple times, the financial model for Heddington Oaks was refined as the changes to the industry evolved. A common thread throughout all of the models was the need to average at least 27 Medicare paying residents per day. A review of the actual weekly snapshots reported in the County Administrator’s weekly update since the first week of January 2016, Medicare census exceeded 20 residents only 10% of the time. Cumulatively over the same period, we were able to fill only 51% of the Medicare bed days. This equates to over $10 million in Medicare revenues that were needed by the model and not realized. The team has worked very hard throughout to deliver top quality care for our residents while keeping aligned to the annual spending appropriation approved by Board. Despite achieving the expenditure expectations, the smaller census has led to less revenue. The outcome is that $17.1 million in fund balance has been spent down since 2012, and while the external audit is underway, the County’s financial statements show that Heddington Oaks’ fund balance finished 2019 $1.7 million in the negative.

To help the County mitigate the challenges we were facing, the Peoria County Board worked through multiple processes, partners, and corrective actions to positively impact census, revenue, staffing, and regulatory environments. Having drawn down the Heddington Oaks fund balance by $6,902,788 by the end of 2015 and facing declining census and revenues, the Peoria County Board, in December 2016, for the first time appointed non-elected subject matter experts to the County Health Committee, a standing committee of the County Board. Leadership from both of the community’s healthcare systems provided an executive level individual with knowledge and expertise in the financial operation of healthcare networks and skilled nursing facilities. The appointments to the County Health Committee were charged with assisting the County Board with exhausting all options to reverse the financial degradation of Heddington Oaks’ fund balance. Recommendations included methods to boost census and boost Medicare reimbursement rates; streamlining purchasing; changing staffing ratios to reflect the regulatory minimums to reduce costs; stabilizing management turnover to provide clear operational direction; and many others. In 2018 when the terms of the subject matter experts concluded, the County Board entered into a strategic partnership with OSF HealthCare’s POINTcore to further the work that was started in the two previous years. The POINTcore team made additional recommendations that included better employee engagement to build a better functioning team; inclusion in OSF’s joint purchasing contracts; ensuring strong relationships with orthopedic and cardiovascular physicians in the OSF HealthCare network; an entirely new financial proforma to account for changes in the skilled nursing industry since Heddington Oaks’ opening in 2013; and many others.
From the end of OSF’s engagement in early 2019 through the end of 2019, the financial condition of the operation continued to degrade to the point of arriving at the recommendation included herein. The resolution attached lays out in exacting detail in the whereas clauses the reasons and need for the County to exit the skilled nursing business. It also authorizes and directs the administration to proceed with the necessary administrative and regulatory measures necessary to permanently close Heddington Oaks while ensuring compliance with all necessary requirements for a safe, orderly, and compassionate transfer of our residents to other qualified and appropriate facilities.

Should the Board approve the attached resolution, the application for closure of a healthcare facility will be prepared and filed with the State’s Health Facilities & Services Review Board (HFSRB). Of the many steps involved, a critical step will be the approval issued by the HFSRB, as the process is largely administerial. Once this approval is granted, the County has 60 days to successfully place any of our residents that have not already found placement at another facility. It is the administration’s express goal to ensure every resident has choice and that every resident is transferred to the best facility with an available bed meeting the needs of their individual care plan. It is anticipated that transition of the last resident from Heddington Oaks to their new facility would be able to occur before the end of 2020. As we have discussed multiple other times, the bonds issued for the construction are callable in the fourth quarter of this year. The County will still need to approve (at a future meeting) the sale of the refunding bonds (bond term for refinancing).

COMMITTEE ACTION:

PREPARED BY: Scott A. Sorrel, County Administrator
DEPARTMENT: County Administration
DATE: April 15, 2020
TO THE HONORABLE COUNTY BOARD  
COUNTY OF PEORIA, ILLINOIS  

Your Executive Committee does hereby recommend passage of the following Resolution.

Re: Regulatory Process to Effect the Closure of Heddington Oaks, a Skilled Nursing Facility Owned and Operated by the County of Peoria.

RESOLUTION

WHEREAS, while it has taken many different forms in different locations, the County of Peoria has delivered skilled nursing services to the residents of Peoria County since 1848 or 172 years, and;

WHEREAS, the current form of those services is in the form of Heddington Oaks, as constructed by the County of Peoria in 2013, and;

WHEREAS, to be able to deliver these services, the voters of Peoria County have on four separate occasions approved referenda to either construct a new facility (1966), levy a property tax (1983), increase the amount of property tax the County Board may levy annually (2003), and the public facilities sales tax (2008), and;

WHEREAS, the Peoria County Board has the authority under the Counties Code (55 ILCS 5/5-21) to ask the voters to further increase the amount of property tax levied despite the fact that the amount of levy capable of being increased is insufficient to make the Heddington Oaks financially sustainable, and;

WHEREAS, for the last several years the Peoria County Board worked through multiple processes, partners, and corrective actions to positively impact census, revenue, staffing, and regulatory environments, and;

WHEREAS, the resident census of the financial model used to justify the Certificate of Need for the construction of Heddington Oaks required the facility to average 27 Medicare residents per day, a figure that has never been reached and then sustained since opening, and;

WHEREAS, the resident census of the financial model created in partnership with OSF Healthcare’s POINTcore in 2019 required the facility to average 28 Medicare residents per day, a figure than has never been reached and then sustained, and;

WHEREAS, the payer mix of resident census has had a significant negative impact on Heddington Oaks’ financial condition, and;

WHEREAS, the combination of centralizing State offices dedicated to assisting citizens of Illinois with their public aid (Medicaid) applications and approvals resulted in decreased service; significantly increased wait times (from 45-days to typically more than 6-months);
resulted in a sharp increase in Heddington Oaks’ Medicaid pending census and explosive growth in other third-party payer source, and aged accounts receivable exceeding $8 million, and;

WHEREAS, despite revenue shortfalls, Heddington Oaks and Bel-Wood before it was known throughout the community for having competent and compassionate care of any skilled nursing facility, and;

WHEREAS, in many cases the high standard of care was a direct result of implementing a staffing model that exceed the regulatory requirements, that added to the operational expense of Heddington Oaks, and;

WHEREAS, the financial impacts of staffing above the regulatory minimums taken in combination with extreme shortages in healthcare worker staffing nationally, statewide, and especially locally led to a revised staffing model implemented approximately three years ago that aligns to the regulatory minimums, and;

WHEREAS, extrapolating national nursing shortage data, Heddington Oaks would need more than forty percent (40%) of the LPNs working in skilled care in the Peoria region to be fully staffed at the LPN position, a market saturation rate that would be unattainable given the fierce competition for skilled healthcare workers in our region, and;

WHEREAS, despite Heddington Oaks’ reputation for quality care over the course of time, several significant regulatory violations related to resident care has resulted in Heddington Oaks being rated as a two-star facility until April 1, 2020, and;

WHEREAS, the upgrade to a three-star facility as of April 1, 2020 is too little improvement too late to have a positive impact on census, and;

WHEREAS, some of the aforementioned regulatory violations resulted in civil litigation further impacting, negatively, the financial sustainability of Heddington Oaks, and;

WHEREAS, changes in the regulations of skilled nursing facilities have made it increasingly difficult for county-owned nursing homes, such as Heddington Oaks, to remain viable and financially sustainable, and;

WHEREAS, these changes in the regulatory environment, specifically implementation of home healthcare rules under the Affordable Care Act and Illinois’ implementation of Managed Care rules for all Medicaid services, including skilled nursing, had not been drafted when the Peoria County Board voted to construct Heddington Oaks, and;

WHEREAS, these changes in the regulatory environment resulted in decreased census caused by a fundamental shift to managed care for public aid residents, where what was medically best for the resident was not always chosen due to cost, and;
WHEREAS, these changes in the regulatory environment resulted in decreased census caused by a significant increase in the use of home healthcare services in lieu of skilled nursing care, and;

WHEREAS, these changes in the regulatory environment resulted in a market shift for seniors to live independently for as long as possible, followed by residence with a child, prior to relocating into intermediate or skilled care, and;

WHEREAS, the finances of then Bel-Wood and now Heddington Oaks are accounted for as an enterprise fund in the County of Peoria’s financial statements, and;

WHEREAS, the Heddington Oaks fund stands alone as a business unit that had a fund balance of $15,710,393 for the year ended December 31, 2012, and;

WHEREAS, the Heddington Oaks fund balance for the year ended December 31, 2019 stood at ($1,477,189), a loss of $17,187,582 since 2012, and;

WHEREAS, the County’s General Fund has never subsidized the Heddington Oaks Fund since its inception in 2012, and;

WHEREAS, having drawn down the Heddington Oaks fund balance by $6,902,788 by the end of 2015, and facing declining census and revenues the Peoria County Board in December 2016, for the first time appointed, non-elected subject matter experts to the County Health Committee, a standing committee of the County Board, and;

WHEREAS, leadership from both of the community’s healthcare systems were asked and provided an executive level individual with knowledge and expertise in the financial operation of healthcare networks and skilled nursing facilities, and;

WHEREAS, the appointments to the County Health Committee were charged with assisting the County Board with exhausting all options to reverse the financial degradation of Heddington Oaks’ fund balance, and;

WHEREAS, recommendations included methods to boost census and boost Medicare reimbursement rates; streamlining purchasing and changing staffing ratios to reflect the regulatory minimums to reduce costs; stabilize management turnover to provide clear operational direction; and many others, and;

WHEREAS, in 2018 when the terms of the subject matter experts concluded, the County Board entered into a strategic partnership with OSF Healthcare’s POINTcore to further the work that was started in the two previous years, and;

WHEREAS, the POINTcore team made additional recommendations that included better employee engagement to build a better functioning team; inclusion in OSF’s joint purchasing contracts; ensuring strong relationships with orthopedic and cardiovascular physicians in the OSF
Healthcare network; an entirely new financial proforma to account for changes in the skilled nursing industry since Heddington Oaks’ opening in 2013; and many others, and;

WHEREAS, to cover expenditures, the new financial proforma calculated the need for 28 of the 150 average daily census to be Medicare paying beds, and;

WHEREAS, despite the valiant efforts of the Heddington Oaks team the average weekly Medicare census since January 1, 2016 is 14 beds, having exceeded 20 beds 9.9% of the time with a maximum Medicare census during the time of 25 occupied beds, and;

WHEREAS, during the same period, operating expenditures were at or below the annual adopted budget, and;

WHEREAS, since January 2016 and including depreciation expenses, the lack of revenue resulting from a lack of census caused a $9,706,785 loss in operating income, and;

WHEREAS, during the same period but before depreciation expenses, the same lack of revenue resulting from a lack of census caused an operating loss of $4,188,468, and;

WHEREAS, 55 ILCS 5/5-21001 §5 of the Counties Code authorizes a county board to control the admission and discharge of patients within a county-owned nursing home; and

WHEREAS, 55 ILCS 5/5-21001 §7 of the Counties Code authorizes a county board and to make all rules and regulations for the management of the home and of the patients therein; and

WHEREAS, having identified the issues listed herein; listened to and implemented recommendations from external subject matter experts and internal leaders; and thus, taken corrective actions to resolve these issues, the financial insolvency of Heddington Oaks is a threat to the financial sustainability of the County of Peoria, and;

WHEREAS, it is for these reasons that the Peoria County Board, with regard to our 172-year heritage and our responsibility to the future generations, has reached the difficult conclusion that the County of Peoria should no longer be in the skilled nursing business and thereby needs to initiate a State regulatory process to close Heddington Oaks.

NOW, THEREFORE, BE IT RESOLVED, by the County Board of Peoria County, that the County Board deems that it is in the best interest of the county to discontinue the governmental function of providing nursing home services; and

BE IT FURTHER RESOLVED, by the County Board of Peoria County, that the County Board deems that it is in the best interest of the county to direct the Administration to initiate the regulatory process to close the Heddington Oaks Nursing Home; and

BE IT FURTHER RESOLVED, that the County Board hereby authorizes the undertaking of any and all administrative and regulatory measures necessary to permanently close the Heddington Oaks Nursing Home, including all necessary applications to the Illinois
Department of Public Health and the Health Facilities and Services Review Board or other regulatory bodies as necessary, and

**BE IT FURTHER RESOLVED**, that the County Board hereby authorizes the undertaking of any and all other legal measures necessary to properly effectuate the permanent closure of the Heddington Oaks Nursing Home, and

**BE IT FURTHER RESOLVED**, the County Board directs the Administration to ensure compliance with all necessary requirements for a safe, orderly, and compassionate transfer of Heddington Oaks residents to other qualified and appropriate facilities; and

**BE IT FURTHER RESOLVED** that the County Board authorizes Administration to engage outside consultants as necessary to assist with the closure process and work as expeditiously, efficiently, and with all due speed to effect closure.

RESPECTFULLY SUBMITTED,
EXECUTIVE COMMITTEE
