1. A resolution from your Executive Committee recommending approval to place a Referendum Question on the November 3, 2020 General Election ballot to Sell or Dispose of Heddington Oaks, a Skilled Nursing Facility owned by the County of Peoria.

Member Williams moved to approve the resolution and Member Fennell seconded. Mr. Sorrel detailed that the voters permitted on four occasions to levee property and sales taxes to fund the service. He informed that statute requires voters to approve a sale of the buildings and land and that the resolution places the question on the General Election ballot. The resolution was approved by a unanimous roll call vote of 16 ayes.
Member Elsasser asked about the inclusion of a question mark at the end of the ballot question, and Mr. Sorrel noted that the absence of the question mark is a scrivener’s error.

2. A resolution from your County Health Committee recommending approval of budget amendment for Peoria City/County Health Department’s COVID-19 Contract Tracing Grant. (Pending Committee Approval)

Member Williams moved to approve the resolution and Member Pastucha seconded. Public Health Administrator Monica Hendrickson reported that the Health Department was awarded up to $4.9 Million for COVID-19 contact tracing. Chairman Rand asked about the grant value on a per capita comparison to other counties, and Ms. Hendrickson discussed that Peoria and Tazewell are usually in-step due to size, but that Tazewell received about $2 Million less. She perceived that the difference is due to volume, as well as regional coordination done in Peoria. Chairman Rand summarized that the Restore HOI plan is a reason for additional funding, and Ms. Hendrickson noted that there is coordination with the hospitals.

Chairman Rand thanked Ms. Hendrickson for all her hard work, and that regional coordination has created quite a brand for the Peoria City/County Health Department. The resolution passed by a unanimous roll call vote of 16 ayes.

3. A resolution from your County Health Committee recommending the endorsement of the Restore Heart of Illinois Implementation Plan by the County of Peoria and the Peoria County Board. (Poll Vote per Rules of Order, Article V, Section 18C)

Member Williams moved to approve the resolution and Member Fennell seconded. Mr. Sorrel highlighted that before the governor unveiled the Restore Illinois plan, regional leaders started the development of a reopening plan. He noted that the governor did not directly support the plan, but that the Restore Illinois program overlaps much of the Restore HOI plan. He explained the plan’s scientific metrics, business guidelines, compliance, and timelines for opening. He detailed the plan’s website and the self-certification process.

Chairman Rand explained that the plan adopts the state’s plan, but that it adds guidelines in other areas and self-certification. He reported that the self-certifying process is helpful because the Health Department cannot inspect all areas for compliance.

Member Elsasser discussed that it was a travesty that small businesses were closed while big-box stores had hundreds of people in them. He thanked Chairman Rand and Mr. Sorrel for getting the plan together. He mentioned that 40% of small businesses could close and that it would be a national disgrace. He asked about the inclusion of Woodford County in the plan, and Mr. Sorrel informed that the Woodford County State’s Attorney would not be prosecuting those not following the Executive Order, but that the public health level has been working within the plan.

Member Rieker remarked that Restore HOI is a good supplement to the Restore Illinois plan, but that it does not supersede Restore Illinois. The resolution passed by a roll call vote of 15 ayes and 1 nay, with Member Bryant voting nay.

4. Review of Executive Session Minutes.

Mr. Evans said that the State’s Attorney recommends that all previously held minutes continue to be held as the need for confidentiality still exists and to destroy executive session audio recordings
more than two years old except those that relate to pending litigation. Member Elsasser moved to approve the State’s Attorney’s Office’s recommendation and Member Blair seconded. The motion passed by a unanimous roll call vote of 16 ayes.

5. SUSPENSION OF RULES

Mr. Evans explained that the rules require a procedure for resolutions to be passed by committee prior to coming to the full Board, and noted that the suspension of the rules is needed to allow for the proceeding items to go before the Board. Member Groves Allison moved to suspend the rules and Member Pastucha seconded. The motion passed by a unanimous roll call vote of 16 ayes.

Member Allison moved to approve the resolution and Member Duncan seconded. Member Rieker asked for clarification on the need for the resolution, and Chairman Rand said that without the declaration, the County would not be eligible for FEMA or IEMA reimbursement related to the COVID-19 crisis. Member Elsasser and Chairman Rand discussed that the Restore HOI plan is not part of the resolution. The resolution was approved by a roll call vote of 15 ayes and 1 nay, with Member Windish voting nay.

7. A Proclamation asserting an emergency exists in Peoria County due to recent civil unrest.

Member Rosenbohm moved to approve the resolution and Member Watkins seconded. Mr. Sorrel identified that after the killing of George Floyd and the following civil unrest, Peoria County was named in a gubernatorial disaster declaration. He described that funds could become available from the state to help with costs incurred responding to violent protests and that the resolution allows for the County to request reimbursement. Chairman Rand and Mr. Sorrel discussed that the County has access to additional resource support through the state if it is needed.

Member Elsasser inquired about the ability to ask for additional funds for events occurring at a later time. Mr. Sorrel specified that the declarations would cover 30 days, and could only be extended if the need for the emergency exists, the governor extends the declaration, and the Board affirms a new County declaration. Member Dillon and Chairman Rand clarified that the resolution restarts the clock for eligibility under the state’s declarations. The resolution was approved by a unanimous roll call vote of 16 ayes.

VII. MISCELLANEOUS AND ANNOUNCEMENTS

Chairman Rand asked all to keep in their thoughts County Clerk Rachael Parker for the loss of her son and the father of Peoria Public School Administrator Derrick Booth.

Sheriff Brian Asbell addressed the Board regarding public safety management during the COVID-19 pandemic and the civil unrest due to events in Minnesota. He detailed the response to the unrest and the necessary staffing. He reported that visitation at the jail has restarted and that the population is smaller, but that due to the health crisis, more staffing is needed because it is spread out. He noted that the office is working through furloughs, but that some have been pulled off to help with the increased need. He highlighted that the office has focused for years on relationships with the detained population and reentry and that it has benefited the office overall. He expressed
that there is a lot of work to be done and he is ready to help fix the problems.

Member Elsasser inquired about COVID-19 cases at the jail, and Sheriff Asbell reported that to date, there have been no cases at the jail. He summarized the process for inmates and staff to limit exposure and possible spread and thanked the jail’s healthcare and mental health staff for their work. Member Groves Allison thanked Sheriff Asbell and perceived that his work can be a good example for other communities. Sheriff Asbell noted that the office’s mission is to help people.

Member Rieker emphasized that the County should rally around the mental health and reentry programs to help those coming out to have opportunities. He expressed that the Board sees the hard work by the Sheriff’s Office. Sheriff Asbell recognized the staff’s families for their support during this time. Member Bryant informed that she has visited the jail and learned about all the programs offered. She commended Sheriff Asbell for providing innovative programs.

Member Dillon thanked Sheriff Asbell and his management team for their community engagement and presented examples of good engagement. He noted that the Sheriff is already undertaking the reforms that other communities are implementing.

Member Pastucha thanked Chairman Rand for the Proclamation for George Floyd and expressed that black lives matter to the County and her.

Chairman Rand announced that the meeting is Mr. Evans’ last and introduced Jennie Cordis Boswell as the State’s Attorney’s Civil Division Chief. Ms. Cordis Boswell expressed that she looks forward to working with the Board and that she is happy to be on board. Mr. Evans identified that he will be doing felony work, and he thanked the Board.

CALL TO ORDER
PLEDGE OF ALLEGIANCE

Chairman Rand recognized the passing of previous Board Member Merle Widmer and asked that his family be kept in the thoughts of the Board.

SUSPENSION OF RULES

Chairman Rand announced that to hold the meeting electronically as allowed by the State of Emergency declared by the Governor, the Board must suspend its rules. Member Watkins moved to suspend the rules and Member Williams seconded. The motion passed by a unanimous roll call vote of 18 ayes.

ROLL CALL BY THE COUNTY CLERK

Roll call was taken, and the following members of the Board were present: Members Blair, Bryant, Daley, Dillon, Duncan, Elsasser, Fennell, Groves Allison, Pastucha, Rand, Reliford, Reneau, Rieker, Rosenbohm, Salzer, Watkins, Williams, and Windish.

I. CITIZENS REMARKS

Chief Deputy County Clerk Mike Deluhery read the submitted public comment. See attached for the public comment.

II. RESOLUTION

Chairman Rand detailed that he has met with a wide range of community officials and leaders and that although the economy is off the tracks, the Board cannot act as if the events of the past few weeks did not happen. He discussed conversations with State’s Attorney Jodi Hoos, Sheriff Brian Asbell, and Election Commission Executive Director Tom Bride about addressing election access, community engagement, perception of the courts and systemic racism, and security concerns beyond legal, peaceful protesting. He informed that the budget amendment intends to address the concerns of generations of
people. He conveyed that it is the Board’s obligation to take on the issue.

1. A resolution from your Budget Committee recommending approval of an additional appropriation totaling $853,500.00 to the County Election Commission, Peoria County Sheriff, and Peoria County States Attorney budgets for the purpose of funding full and fair elections and support of special purpose law enforcement programs.

Member Fennell moved to approve the resolution and Member Pastucha seconded. Mr. Sorrel presented that the amendment affects three budgets. He highlighted that a change in election law expands vote-by-mail beginning with the November election, noted an extra cost in postage and equipment, and explained that the state may partially reimburse some of the expenses. He detailed that the Sheriff’s budget allows for additional funds in mental health services, patrol services, and a new reentry case manager position. He discussed that the State’s Attorney’s budget would cover a new civil attorney position for social justice reform. He reported that the proposed budget change would take from the reserves of the General Fund, but that the reserve amount exceeds policy, and that the spend would bring it in line with the Board’s policy.

Mr. Bride described the methodology for arriving at the requested amount and that a significant number of voters could use the option.

Sheriff Asbell explained that reform, police legitimacy, and mental health have been a priority and that he is excited to grow the programs. He detailed that the funding can help the office follow through on its mission to help people and grow relationships by taking more time on each call. He thanked the Board Members for the consideration of the budget amendment and that he is committed to making a model law enforcement agency.

State’s Attorney Hoos expressed that she would like to try to do everything to make a difference rather than see Peoria in the headlines and the funding is a step to bridge a divide. She reported that she intends to hire a civil attorney to act as a liaison to minority communities and a social worker that can help young people. She noted that the three amendments are all connected because the State’s Attorney advises on elections and partially controls the jail population. She highlighted that the timing is appropriate because without Board action, a familiar message would be sent to the minority community and that doing nothing is the wrong answer.

Member Blair inquired about controlling how the money budgeted is spent, and Mr. Sorrel informed that the Board appropriates the funds and that the departments involved have given personal commitments to spend in the areas discussed. Member Groves Allison encouraged the departments to look at those recently laid off with overlapping qualifications for the new positions. Member Bryant expressed that there is concern regarding the black community and the State’s Attorney’s plan for the new position; State’s Attorney Hoos informed that she would like input from the community on where the new attorney fits. Member Bryant conveyed that the black community should be involved in creating the job descriptions and that she can support the amendments to help build a bridge.

Member Pastucha mentioned that there is a misunderstanding about the Sheriff’s
budget. She identified that the Sheriff’s budget was cut in May and that the amendment helps fund the critical GED, job training, and mental health programs. She noted that the Sheriff and State’s Attorney working together is powerful. Member Elsasser summarized that he cannot support the measure because it did not go through committee and that the mail-in ballots mandated by the state could be better handled locally. Member Elsasser moved to divide the question, but the motion did not receive a second. He explained that he supports the Sherriff and State’s Attorney’s initiatives, but that the Board should not be tapping into the reserve.

Member Dillon described that the Board found through listening to the departments that too much was cut, but that the resolution is a good example of how government should work to add some funding where it is needed. Member Salzer discussed that due to current circumstances, the funds are necessary to be spent. He identified that the Board is making a needed action. The resolution passed by a roll call vote of 16 ayes and 2 nays, with Members Elsasser and Windish voting nay.

III. DISCUSSION

There was no further discussion.

IV. MISCELLANEOUS

Member Pastucha asserted that the vote taken is a step, but that the Board needs to take a look at the whole organization through the lens of social justice.

V. ADJOURNMENT

There being no further business before the Board, the Chairman announced the meeting was adjourned.
The following public comment was submitted. Redaction has been made for compliance with the Freedom of Information Act.
Good morning,

As a Peoria County Taxpayers I am against the additional appropriations for enforcement projects. As an educator I believe that if there are any additional funds they should be allocated towards our ROE for education programs in our public schools or the Peoria County Public Health Department for mental health and wellness programs. I urge all board members to vote no.

ISSUE: Economic Development Small Business Stabilization Program Grant Application Phase 2

BACKGROUND/DISCUSSION:

$20 Million of funding is available to the State of Illinois from federal Community Development Block Grants through the U.S. Department of Housing and Urban Development. Counties can apply to the Illinois Department of Commerce and Economic Opportunity (DCEO) Downstate Small Business Stabilization Program (DSBSP) to receive some of these Community Development Block Grants funds. As such, on April 23, 2020, Peoria County held a Public Hearing for certain Benefitting Businesses to be included in the County’s application to the DCEO for the DSBSP funds. 24 businesses submitted applications for consideration, of which the aggregate total of these requests was $580,000.

As additional funding still remains, in coordination with the Greater Peoria Economic Development Council (GPEDC), interested businesses were invited to submit an application to the GPEDC for “Phase 2”.

6 eligible applications were received for “Phase 2” within Peoria County. The total requested amount was $140,956.00. A breakdown of the requests are as follows:

1. CDAC, Inc. - $16,050; 2. JIM-KOU, Inc. - $25,000; 3. Canam B&R Inc. - $25,000; 4. JPLAW Services, Inc. - $24,906; 5. Wayne Printing Company - $25,000; and 6. Gil’s Supper Club, Ltd. - $25,000

The program offers small businesses in downstate and rural counties in Illinois the opportunity to partner with local governments to obtain grants equal to 60 days of verifiable working capital up to a maximum of $25,000.

- Eligible businesses must have at least one employee other than the owner(s), but must not exceed 50 employees, including the owner(s).
- Businesses must meet the federal National Objective of Urgent Need. To demonstrate, businesses must have been operating since January 1, 2017, at a minimum, and under the same ownership. They must provide required documentation on financial health.
- Benefiting businesses should have solid commitments to remain open for at least 60 days and retain employees, or Reopen and re-employ within one year.

In order to be eligible for funding, a Benefiting Business must have been negatively impacted by the COVID-19 emergency and require urgent assistance according to the standards as set forth by the Department of Commerce & Economic Opportunity (DCEO). Funding is subject to the award of funds by the DCEO and the execution of a Participation Agreement between Peoria County and the Benefiting Business. A Resolution of Support from the County is required for each Benefiting Business.

C.D.A.C., INC.  PROJECT SUMMARY

C D A C is a carnival consisting of rides, food, and games that is based in Peoria County. We are family owned and our daughter who is the concession manager is fourth generation in the business.

We provide the carnival for local county fair and festival. A portion of our income goes back to the entities. The funds we have raised have helped volunteer fire department, ambulance service, churches, American Legion, and VFW, etc. We have raised funds to maintain the swimming pool in Bartonville for over 25 years.

We only work 20 weeks a year between mid May and mid September. Because of the pandemic, our event have been cancelled through mid July. Under the Restore Illinois plan, we would not be able to begin operation until Phase 5. We fear our entire 2020 season will be lost.

We have received some SBA PPP funding and plan to begin operating one of our food trailers in the parking lot of a local business. This funding will pay for the employees' salary but not for needed supplies, inspection, insurance, tax, etc.

We want our business to survive this. We have worked hard to build and maintain our operation.
NET INCOME VERIFICATION

The business must identify their net income for the last three fiscal years beginning January 1, 2017 and ending December 31, 2019. Net income can be obtained from the Profit and Loss statement, generally the last item on that statement. If the Profit and Loss statements cannot be found, net income can be derived from total sales minus total expenses. In addition, cash balances must be provided. This will be either the first line item on the balance sheet or bank statements as of the last day of each fiscal year. Three years of ending cash balances must be provided for each fiscal year.

JIM KOU INC DBA JIMMYS BAR  PROJECT SUMMARY

We are a local bar that serves food. We have been in business over 38 years. Our business has been severely impacted by the COVID-19 quarantine over the last several weeks. This money will help us re-tore our business, and bring back our employees, and hopefully re-tore us back to normal.

The reason why our cash balance seems so high, it include the money we recently received from the PPP Loan Program. Also, we are a C Corporation. And as a C Corporation we cannot take money out of the Corporation without creating a taxable event in the form of dividend.

NET INCOME VERIFICATION

The business must identify their net income for the last three fiscal years beginning January 1, 2017 and ending December 31, 2019. Net income can be obtained from the Profit and Loss statement, generally the last item on that statement. If the Profit and Loss statements cannot be found, net income can be derived from total sales minus total expenses. In addition, cash balances must be provided. This will be either the first line item on the balance sheet or bank statements as of the last day of each fiscal year. Three years of ending cash balances must be provided for each fiscal year.

CANAM B&R INC  PROJECT SUMMARY

Describe your business Canam B&R Inc is a restaurant and bar operation in Bartonville, IL. The business operates a "Hammer’ Bar & Restaurant" where 60% of the operation are on the restaurant side of the business and 40% from the bar. The current owner have been at this location since 2007.

Why do you need the fund and how would they help you reopen and stay open? Under the restriction put in place by the State of Illinois, our operation have been substantially reduced. Until this past week when we could have outdoor dining the business was minimal at best. The carryout business was not a focus of our operation since we started in 2007. Currently, the outdoor dining area is very small, inclement weather allows zero outdoor dining, and the social distancing requirement limit the number of individual we can serve. With the end of the fund we would be able to eventually re hire our laid off staff but would not do so until the threat of the virus transmission has been reduced. We are not delinquent on regular expenses but a time goes forward our cash flow is decreasing significantly.

What would be the specific use of the fund? The business would use the fund to support our monthly rent, cost of utilities, and the partial cost of goods purchased to operate. Previous COVID 19 funding The business received a PPP grant for wage and fringe benefit for our employee. The grant we are seeking from this application will be for working capital only.

Explain why other financing option could not be obtained and what would happen if funding is denied. The owner felt it was too risky to borrow money to be utilized during a forced shut down by the State of Illinois. Our net revenue margin during the last 3 years has barely broken even. Adding debt to this profit/loss did not seem prudent. If funding is denied we face the possibility of bankruptcy and would be forced to close permanently.

Explain your commitment to remain open or reopen and retain or reemploy permanent job "Hammer’ Bar & Restaurant' has been a Bartonville fixture for over 20 years. The business has been a terrific community partner and is recognized as a table/udce ful business. During our annual operation we often hold fundraiser for a variety of groups including St Jude, Biker for Ta Ta, Lime tone Community High School athletic, local church, homeless shelter, and other. Our goal it to weather this financial storm with the assistance of the grant opportunity and get back to full operation in the next few months and the ability to rehire laid off staff.
NET INCOME VERIFICATION

The business must identify their net income for the last three fiscal years beginning January 1, 2017 and ending December 31, 2019. Net income can be obtained from the Profit and Loss statement, generally the last item on that statement. If the Profit and Loss statements cannot be found, net income can be derived from total sales minus total expenses. In addition, cash balances must be provided. This will be either the first line item on the balance sheet or bank statements as of the last day of each fiscal year. Three years of ending cash balances must be provided for each fiscal year.

JPLAW SERVICES INC   PROJECT SUMMARY

I have been in business 16 5 years operating at the current location for 6 years. We are a 100% locally owned digital print services business.

We mainly work business-to-business with some minimal walk-in customer. I am requesting a stabilization grant to remain open in hopes of returning to pre-COVID levels. I am trying to keep my employees and a long-term (30+ years) employee working. We do not run a large payroll, but it is important to each of our households. My business was viable prior to the shut down. I have seen dramatically reduced revenue in April and May 2020 compared to the same period for the prior 3 years. Revenue is down 49%. The June 2020 revenue has remained off at the same level or worse.

A large portion of my business is based on organizations and companies having large events. I print a large number of programs for graduations, plays, dance recitals, and fundraising events. I also print signs and banners for community events and concerts. I also print and mail invitations for large not-for-profit organization events. None of the events can take place or will take place at all large events have been cancelled through the summer.

The fund would be used for rent, lease on digital copier, loan on finishing equipment, payroll, utilities, machine maintenance, insurance, and phones. I received the PPP and EIDL funding and used it to keep payroll going through April and May. The fund have been expended per the rules. I also received a $1,500 Village of Peoria Heights grant for June rent. I missed my April rent payment and have fallen 1 one month behind on my equipment lease and equipment maintenance. I had the bank defer my loan for 3 months paying interest only. The loan kicked back into full payment June 25, 2020. The business was also paying back a loan to the owner at $600 a month, which was unpaid in April 2020. With the business carrying the lease and 2 loan payments plus rent, it is not viable to add additional loan onto the business through other funding sources.

The business runs on a thin margin and additional debt would be detrimental to long-term viability. We do not receive funding or assistance from other sources. Please consider my application for the stabilization grant. The grant would be used wisely to fund the business operation. A budgeted in the application. I plan on trying to remain open and viable for the foreseeable future. Thank for your consideration.
NET INCOME VERIFICATION

The business must identify their net income for the last three fiscal years beginning January 1, 2017 and ending December 31, 2019. Net income can be obtained from the Profit and Loss statement, generally the last item on that statement. If the Profit and Loss statements cannot be found, net income can be derived from total sales minus total expenses. In addition, cash balances must be provided. This will be either the first line item on the balance sheet or bank statements as of the last day of each fiscal year. Three years of ending cash balances must be provided for each fiscal year.

WAYNE PRINTING   PROJECT SUMMARY

Wayne Printing is a commercial printer. We have been at our current location over 20 years. Business has been substantially reduced due to the restriction that shut down operation for over a month. In addition, some customers are not paying. We did receive SBA PPP fund, but that was used for payroll, rent, and utilities. We have other expenses that need to be paid including vendors.

No other financing options are available. With the company not operating at a profit, the funds are essential to remaining in business.

Wayne Printing has been in operation since 1971. With change in technology, there is reduced business available. However, we are committed to remain in the commercial business. We have many loyal and longtime customers. Finally, our employees have been with the company for a long time and remain loyal to Wayne Printing.

SECTION - A (continued) Indirect Cost Rate Information

If your organization is requesting reimbursement for indirect costs on line 17 of the Budget Summary, please select one of the following options.

1) ☐ Our Organization receives direct Federal funding and currently has a Negotiated Indirect Cost Rate Agreement (NICRA) with our Federal Cognizant Agency. A copy of this agreement will be provided to the State of Illinois' Indirect Cost Unit for review and documentation before reimbursement is allowed. This NICRA will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations.

   NOTE: (If this option is selected, please provide basic Negotiated Indirect Cost Rate Agreement information in area designated below)

Your Organization may not have a Federally Negotiated Indirect Cost Rate Agreement. Therefore, in order for your Organization to be reimbursed for Indirect Costs from the State of Illinois, your Organization must either:

   A. Negotiate an Indirect Cost Rate with the State of Illinois’ Indirect Cost Unit with guidance from your State Cognizant Agency on an annual basis.
   B. Elect to use the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois Awards.
   C. Use a Restricted Rate designated by programmatic or statutory policy. (See Notice of Funding Opportunity for Restricted Rate Programs)

2a) ☐ Our Organization currently has a Negotiated Indirect Cost Rate Agreement with the State of Illinois that will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations. Our Organization is required to submit a new Indirect Cost Rate Proposal to the Indirect Cost Unit within six (6) months after the close of each fiscal year (2 CFR 200 Appendix IV (C)(2)(c).

   NOTE: (If this option is selected, please provide basic Negotiated Indirect Cost Rate Agreement information in area designated below)

2b) ☐ Our Organization currently does not have a Negotiated Indirect Cost Rate Agreement with the State of Illinois. Our Organization will submit our initial Indirect Cost Rate Proposal (ICRP) immediately after our Organization is advised that the State award will be made and, in no event, later than three (3) months after the effective date of the State award (2 CFR 200 Appendix IV (C)(2)(b). The initial ICRP will be sent to the State of Illinois’ Indirect Cost Unit.

   NOTE: (Check with your State of Illinois Agency for information regarding reimbursement of indirect costs while your proposal is being negotiated)

3) ☐ Our Organization has never received a Negotiated Indirect Cost Rate Agreement from either the Federal government or the State of Illinois and elects to charge the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois awards (2 CFR 200.414(c)(4)(i) & (200.68).

   NOTE: (Your Organization must be eligible, see 2 CFR 200.414(f), and submit documentation on the calculation of MTDC within your Budget Narrative under Indirect Costs)

4) ☐ For Restricted Rate Programs (check one) – Our Organization is using a restricted indirect cost rate that:

   ☐ Is included as a “Special Indirect Cost Rate” in our NICRA (2 CFR 200 Appendix IV (5) Or;
   ☐ Complies with other statutory policies (please specify):

   The Restricted Indirect Cost Rate is ☐

5) ☒ No reimbursement of Indirect Cost is being requested. (Please consult your program office regarding possible match requirements)

ISSUE: Approval of an Ordinance authorizing the sale of refunding bonds to refund the outstanding portion of the County's 2011 bonds if current market conditions remain favorable.

BACKGROUND: In September 2011, Peoria County issued $42,000,000 of general obligation bonds (alternate revenue source) to finance a new Peoria County nursing home and related facilities, improvements and costs. The bonds will mature on December 1, 2042. A total of $950,000 of principal has been paid off to date. A total of $15,531,066.33 of interest has been paid on these bonds to date.

The levy for the nursing home bonds is set at $0.06 pennies per $1,000 of assessed value. The annual revenue for property tax in the nursing home fund was $2,041,524 in 2019 and $2,081,848 in 2018, a decrease of $40,324 or 1.9%. The annual debt service payment for 2019 was $2,131,081 and in 2018 $2,087,081. The revenue shortfall from property taxes was covered by a transfer from the Public Facilities Sales tax fund in the amount of $89,558 for 2019 and budgeted at $345,000 in 2020. With the decrease in property values, it is estimated that the property tax revenue to pay these bonds will slowly erode, whereas, the annual debt service requirement will increase by $934,638 by 2023. Any revenue shortfall in property taxes will be covered first by the Public Facilities Sales Tax, and then the General fund. The Public Facilities Sales tax not used for debt service repayment is used to fund pay as you go capital. In 2020, the budget was $800,000 for a capital transfer, but was reduced to $0 after the pandemic forced Peoria County to cut their budget.

The debt for Heddington Oaks will be callable in December 2020 and will provide opportunity to restructure the debt service payment to match the $0.06 pennies per 100 assessed value the Peoria County residents voted for in 2003 to support the nursing home services. Because Peoria County voters have previously approved referenda, four to be exact, voter approval is once again needed to “sell or dispose of” the assets of Heddington Oaks. The County Board will be asking the voters this question on the ballot for the November 3, 2020 general election. Provided voter approval is granted, the Board will then be looking to sell the facility. It is the County Board’s intent to use the proceeds of any sale to first account for any remaining negative net position, and then apply remaining sale proceeds to decrease the amount of the debt refunding.

The Peoria County Board and Administration has been dedicated to the success of Heddington Oaks and taking proactive measures to re-establish financial solvency. However, after multiple failed attempts to gain financial solvency through innovative and diverse measures, the County Board made the tough decision to close the facility and take steps towards selling the building in the spring of 2020. The County is estimated to have all residents moved out by early July, officially closing its doors halfway through FY2020.

The series 2011 coupons range from 3-4.5%. Simply put, with the selling of the facility after voter approval, the County will lose the ability to reissue this debt as tax exempt for the IRS guidelines. The reissued debt will be taxable, and by default, will have slightly higher coupon rates then if the County were to issue at its tax-exempt status. Luckily, we are sitting in a low interest rate environment, and even with the taxable rates, we should still be favorable coupon rates compared to the current coupon rates of the 2011 bonds.
In order to keep the refinanced debt within the $0.06 penny limit, the County will need to restructure the debt. This will result in extending the repayment of the bonds by a minimum of 10 years. The sale of the facility will also impact the debt restructuring requirements. Due to several unknown factors, it is not responsible to provide an estimated savings or costs of restructuring and refinancing of the 2011 nursing home bonds.

With the passing of the referendum at the 2020 general election, the County Board’s plan is to move forward to sell the building. As the callable date approaches, staff will be in continuous communication with our financial advisors as to what the best course of action will be. The County Board will be informed as decisions are needed regarding calling the debt and restructuring the bonds which will best suit the county.

Attached is the ordinance permitting the County to refinance the bonds when they are callable in December. This ordinance is to be adopted prior to the general election. This ordinance will be valid for 3 years from the date of adoption. This will provide the County time to strategically refinance the debt with the best solution to match the $0.06 tax levy. It is staff’s recommendation that the County arrange for the refunding of the nursing home bonds and restructure the debt to match the $0.06 property tax levy.

ISSUE: FY’20 Budget Amendment for Tenth Judicial Circuit Online Dispute Resolution Grant

BACKGROUND/DISCUSSION:

The Tenth Judicial Circuit of Illinois was awarded a grant from the American Arbitration Association–International Centre for Dispute Resolution Foundation® (AAA-ICDR Foundation®), to expand and enhance Peoria County’s current Online Dispute Resolution (ODR) Program. The $25,000 grant covers the period of July 1, 2020 through June 30, 2021. The Foundation is a separate 501(c)(3) not-for-profit organization from the AAA and is able to solicit donations and provide grants to fund a range of worthy causes that promotes the Foundation’s mission of expanding the use of alternative dispute resolution (ADR), improving the process, increasing access to ADR for those who cannot afford it, and sharing knowledge across different cultures.

Peoria County currently only offers ODR in family court. This grant will allow us to begin an ODR program in civil court, specifically small claims and landlord-tenant, amongst others, and potentially traffic court throughout the entire 10th Circuit. After a case has been filed, self-represented litigants will be able to use an online platform to negotiate with the other party and arrive at an agreement, possibly without ever requiring a court appearance. This grant will pay the ODR fee, making this a free service available to parties who have chosen to represent themselves. It will be available online 24/7 and reduce traffic within the courthouse. For those cases in which a negotiated agreement is not reached, a court appearance will be set in front of the judge.

This grant covers 100% of the costs for each litigant to utilize the ODR online platform. All of the grant funds are budgeted for contractual expenses, so there is no personnel or fringe benefit costs included. Indirect costs of 10% ($2,500) were also written into the grant to defray overhead such as administrative and occupancy costs. A FY’20 budget amendment is necessary because we were not notified of our grant proposal acceptance until April 2020.

COUNTY BOARD GOALS:

STAFF RECOMMENDATION:
Approval for a FY20 Budget Amendment to recognize $25,000 in spending authority and revenues for Court Administration.

The Administrative Office of Illinois Courts (the administrative arm of the IL Supreme Court) will be responsible for reviewing and approving rules we develop for this program. Other than the ODR vendor, all individuals integral to the success of the proposed project are employed by the Tenth Judicial Circuit.

Executive Summary (Short Version)
Please provide a high level description of the purpose of the grant funds including deliverables and impact.

These grant funds will be used to expand and enhance the Tenth Judicial Circuit of Illinois’ new Online Dispute Resolution (ODR) program.

Purpose of Grant (Long Version)
Please provide brief description of the project goals and expected impact of work.

The goals of this project will be to expand the current ODR program into more case types and throughout all five counties in the Tenth Circuit. Three of the five counties are in rural areas which share one judge, so allowing litigants to negotiate and perhaps mediate their case from home, would be ideal. We would also like to expand it to other case types, such as divorce, family and small claims. This service would greatly improve the courts’ access to justice and the unrepresented population. We have no civil mediation or arbitration process, so these grant funds would expedite simple cases that don't require a judge to negotiate. By
expanding the program, we envision it developing into a formal court program in which members of the judiciary can attend ODR training conferences and work together to make it a success. Funding will also be used for counties within the circuit that do not have an in-house IT department capable of setting up the ODR application.

Please include any major accomplishments and relevant experience that makes your organization/project an appropriate grantee.

The Tenth Judicial Circuit of Illinois includes the counties of Marshall, Peoria, Putnam, Stark and Tazewell, of which its "home office" is in the Peoria County courthouse. Peoria County is the 12th most populated county in Illinois and is situated along the Illinois River midway between Chicago and St. Louis. Based on the 2010 U.S. Census, the current population of Peoria County is 186,494. Of this, 62% reside in the City of Peoria. Tazewell county is the next largest at 135,392, with 25% residing in its county seat located in the city.
of Pekin. While Peoria and Tazewell are a mix of urban and rural, the three other counties ("northern counties") combined population is less than 25,000 and are all rural.

While Chicago has many not-for-profit dispute resolution centers for pro se litigants with limited access to the justice system, the Tenth Circuit has none. There is an approved list of mediators for the Tenth Circuit, however only a limited number are done pro bono and mediation is only for domestic relation cases. Therefore, in 2017, per the judges' request, Peoria County started researching online dispute resolution programs. Tyler Technologies' Modria platform was the vendor selected, since Peoria had been using Tyler's Odyssey case management system since 2013. Modria is fully integrated with Odyssey and the State of Illinois' relatively new statewide e-filing system.

Peoria County chose to first focus on using ODR to create parenting plans in divorce cases in which both parties were SRLs. We worked closely with Modria's program development staff, to configure an ODR platform in which self-represented litigants (SRL) could draft a parenting plan, negotiate the terms, and work with an online mediator, if necessary. An Administrative Order was written and request for approval of this new program was submitted to the Administrative Office of IL Courts (AOIC).

In September 2019, the Tenth Circuit was the FIRST JURISDICTION approved by the Illinois Supreme Court to pilot an ODR program. The focus of this pilot was for mandatory child custody mediations in marital dissolution cases, and specifically for self-represented litigants and indigent parents. The first divorce case was sent to ODR in October 2019 and has had a 40% success rate so far.

The purpose of this grant request would be to expand ODR into more case types, such as small claims, and to other counties within the Tenth Circuit.

**Partnerships/Relationships**

Please include any important established partnership and relationships that will be critical to carrying out the activities funded by the grant. Please explain if partnerships are currently established or in formation.

The Administrative Office of the Illinois Courts, (AOIC) on behalf of the IL Supreme Court, manages and coordinates communications with court stakeholders on matters that impact the Illinois Courts and judicial system. The Tenth Circuit works closely with the AOIC and must receive approval for all court programs. In the fall of 2019, the Illinois Supreme Court released its first ever long-term statewide Strategic Agenda for the judicial branch. Included in this agenda is the newly formed (1) mission of the IL Judicial Conference, which is to "protect the rights and liberties of all by providing equal access to justice, resolving disputes, and upholding the rule of law pursuant to the powers and duties entrusted to us by the Illinois Constitution" and (2) vision of the IL Judicial Conference, which is "to be trusted and open to all by being fair, innovative, diverse, and responsive to changing needs". Expanding our ODR program is directly aligned with the Illinois Judicial Branch’s strategic agenda. It will improve and expand services and resources for SRL litigants and promote and enhance remote access to court services.

As outlined in the ODR pilot approval received from the AOIC, ODR is just one example of innovative technology that will support the goals of the approved 2019-2022 Illinois Judicial Branch Strategic Agenda. As such, the Illinois Judicial Conference (IJC) is also interested in studying our program to determine if ODR is a viable option to be fostered and expanded to more circuits in Illinois. Being on the forefront of ODR in the state of Illinois, we are very excited to expand into other case types and develop it into a structured, informative and convenient program for the citizens of the Tenth Judicial Circuit of Illinois. This grant would pay for the ODR vendor fees of $25 per party, registration and travel expenses for ODR-focused trainings, and perhaps compensation for online mediators or facilitators. We have already passed one hurdle by obtaining IL Supreme Court approval for dissolution cases and we are committed to continuing the expansion of ODR within the Tenth Circuit.
**Background**

**Background***

Provide an explanation of the problem, opportunity, or issue that is the conceptual foundation for the need for this proposal that will be funded by the requested grant. It should provide evidence that the proposed project will contribute to a solution, reduce the harmful impact of the problem, or create a substantive, positive result. It should highlight how it matches the Foundation’s mission. It is important that this section explains why your program should be funded over others.

The Tenth Circuit has no civil mediation or arbitration program. Small claims cases, despite the size and complexity, are all treated the same. Peoria County does not have a dedicated small claims courtroom.

All small claims cases with SRLs are divided between two courtrooms that each also handle Law and Law Magistrate cases. Many of the L and LM cases are complex and require trials which are difficult to schedule due to the numerous small claims cases already on the docket. In 2019, approximately 68% of the 1,800 small claims cases filed in Peoria County were for claims of $2,500 or less. This leads to a busy docket and a longer duration between subsequent court hearings. Whatever negotiation may be going on between the parties outside of court (and sometimes during court) can be hostile, emotional and anti-productive.

This grant would enable us to implement a civil ODR program, in which some of these small claims cases could be negotiated, and possibly mediated, in a non-hostile and convenient manner for both parties.

There is no where else for SRLs in the Tenth Circuit to be assisted throughout a small claims case.

This grant would support AAA-ICDR Foundation’s mission in that it would assist in tailoring our current ODR system to meet the needs of small claims cases, increase SRL’s access to justice by offering a guided interview to walk them through the negotiation process at a time convenient with their schedule, and manage and resolve conflicts faster and easier.

**Project Information**

**Project Description***

The project description should give a detailed description of the project that will be funded by the requested grant including goals, impact and timing. This description should explain the goals of the project, how they will be achieved and measured. A useful structure is to break the project down into component goals. Use each goal as its own heading and under each goal heading, list and describe the activities to be funded to achieve that goal and how achievement of that goal will be measured or defined.

Goals = a professional and well-respected ODR program

Funded activities = Part of the grant would be used for training and educational resources for the judges and the court administrators. ODR is a brand new concept in the state of Illinois and a well structured program will require training and ongoing education to stay relevant.

Achievement = Achievement will be measured by how satisfied our citizens are with the ODR program and how many other jurisdictions want to model theirs after ours. Since obtaining Supreme Court authorization for marriage dissolution ODR, we have been contacted by several other counties wanting to conduct a similar pilot. We would like to take the lead on the expansion of ODR to other case types and courts within our jurisdiction.

Goals = efficient case management and reduced time to disposition

Funded activities = The grant would be used to pay the $25 fee charged to each party by the ODR vendor (Modria). At $50 per case, the use of ODR could eliminate multiple court hearings and lengthy trials which
cause the judge to have less time to devote to more complex matters. Funding could also be used for online mediators or facilitators, should the parties fail to negotiate their own settlement. Tyler’s Modria product has out-of-the-box resolution flows and supports the mediation process, should it be necessary.

Achievement = Achievement will be defined by the number of cases which result in successful negotiations during the ODR process, a reduced time to disposition for small claims cases and a reduced time to disposition for L and LM cases going to trial.

Goal = convenient, affordable and easy to use system (patron satisfaction)
Funded activities = The grant would pay the SRL parties’ participation in the ODR process.
Achievement = Achievement will be measured by the number of satisfied patrons.

**Project Deliverables**
The project deliverables should include a summary list of the expected deliverables and work products.

Some of the expected deliverables/Work products:

- Computer-generated court orders suitable for e-filing with the court.
- Tenth Circuit ODR Policy and Procedure Manual
- Tenth Circuit ODR Training/Education calendar
- Tenth Circuit Activity Report for ODR cases

**Impact of Work**
How will you quantify the impact of your work? What do you predict will be the results?

The impact of our work will be quantified by the reduction in small claims hearings. In 2019, there were 4,300 small claims hearings divided between two civil courtrooms that also handle L and LM case types. We hope the number of small claims hearings and the number of continuances will decrease through the use of ODR. The subject matter of many of the low dollar small claims cases do not warrant multiple court appearances and judge’s time to try and negotiate an agreement between the two parties. It is our intent that an already established ODR system like Modria, which was initially designed for use in eBay and Amazon dispute resolutions, will provide the structured environment needed to promulgate a quick and successful agreement.

We also hope an ODR system will reduce the number of small claims trials, including bench trials, and result in shorter time to disposition of these cases.

**Expansion of Work**
How will the work from this project be leveraged beyond the duration of the grant to help expand the use of alternative dispute resolution? Does this project have the potential to be replicated elsewhere? Please explain.

The work from this project will start in Peoria County and proceed throughout the rest of the Tenth Circuit. As evidenced above, the state of Illinois is already looking to us to educate them on ODR and how it could perhaps someday be a statewide program. We are excited to be the first in the state to be actively using ODR in divorce cases and can already envision its benefits throughout the judicial system.
Project Timeline*
Provide a timeline that shows the chronological order in which the activities listed under each goal heading in the project description will be undertaken and/or completed.

As soon as the award notification is received, we will start working with Tyler Technologies to configure the ODR platform for the Tenth Circuit. This will all be done by Peoria County court staff so no grant funding is necessary for that portion of the project. Depending on how soon that occurs, we would like to be ready to start offering ODR in small claims cases as close to 7/1/20 as possible. Tyler Technologies invoices us quarterly based on the number of parties utilizing the program and grant funds would be used to pay these invoices. Concurrently, we would also research what ODR conferences/trainings are available that would assist in developing our program and determine if outside help will be needed for mediations or facilitators.

Evaluation*
How do you plan to assess the effectiveness of your project? What metrics will you use?

The effectiveness of our project will be assessed by the number of successful ODR negotiations. If the program is not used or doesn't result in successful case resolutions, it will be suspended or re-evaluated.

We are also hoping small claims ODR will free up the docket so attorneys have more times available to schedule jury trials. The number of pending small claims cases will hopefully decrease.

Volunteers
Would this project be appropriate for volunteer participation?
If yes, please provide brief description of the potential volunteer opportunity.

Peoria County Court Administration has an established internship program with Bradley University. These interns are college students who plan to pursue a law degree upon their graduation from Bradley. They are unpaid and agree to work a set number of hours assisting with various court activities such as staffing the Self-Help Center. Interns were used when developing the current ODR program for dissolution cases and their "real-world" perspective greatly aided us in developing an online platform that was comprehensive, yet easy to use.

Matching Funds
Some projects may be eligible for matching grants. Please provide any information about other matching gift opportunities. The Foundation may consider matching the funds provided by another donation source.

At this time, we don't envision there being any matching gift opportunities.

Sustainability*
Please provide list of other grants received in last year.
How will you plan to sustain the work from this project beyond the AAA-ICDR Foundation grant?

We've also received a $5,000 grant from the AOIC's Access to Justice Division in both 2019 and 2020. This grant pays the $25/party fee for the dissolution cases ordered to ODR. Currently, there is no funding source to expand ODR to other case types which is the purpose of this grant request. To sustain the work from this project, we would anticipate seeking other grant funding opportunities or perhaps partnering with a non-profit organization that would have the necessary funding.

ISSUE: Approval and Appropriation of SFY21 Family Violence Coordinating Council Grant funds from the Illinois Criminal Justice Information Authority

BACKGROUND/DISCUSSION:

The Tenth Judicial Circuit Family Violence Coordinating Council (FVCC) was established under the Office of the Chief Judge to create a forum to share and discuss information to promote a coordinated response to family violence in our communities. The Council is entirely funded by state funds awarded by the IL Criminal Justice Information Authority (ICJIA). As a result of the State passing a FY21 budget, this grant has been funded and we’ve been awarded $38,800.00 for the period of July 1, 2020 through June 30, 2021.

Therefore, we are first requesting this committee approve the entering into of an Inter-Governmental Agreement between the County of Peoria and ICJIA for the period of twelve (12) months, commencing July 1, 2020. Secondly, we request approval to modify our Fund 094 budget appropriations as of July 1, 2020, to equal the amounts above. The amount unspent at the end of the County FY2020 will be rolled over into the FY2021 budget by future action of the Peoria County Board.

This grant provides funding for one part-time position that reports to the Chief Judge. No matching funds are required by the County and $3,512 in indirect costs will be recouped to defray overhead such as administrative and occupancy costs. FICA and IMRF fringe benefits will also be reimbursed by this grant.

- Peoria to Springfield travel is for 1 staff, (Coordinator) to drive to Springfield, IL. to attend 1 Coordinator two-day meeting and one two-day statewide training which would require one hotel night stay at the state approved rate along with rental car for 2 days total, gas for rental car and per diem for 2 days for 2 trips during the grant year.
- Peoria to Springfield travel is for 2 Council members to drive to Springfield, IL. to attend a two-day Statewide Training which is required. Council will re-imburse for per diem for 2 days and mileage.
- The remainder of the travel will be within the Peoria area as well as any travel within the additional 4 counties in the Circuit to meet with representatives or committee meetings to address the goals of the grant. This is based on previous grant experience and based on previous meeting schedules. More economical to do mileage versus rental car.
- Travel is based on the number of counties within the Tenth Circuit and based on the current IRS standard mileage rate of .575 per mile.

AGENDA BRIEFING

COMMITTEE: Land Use
LINE ITEM: N/A
MEETING DATE: June 23, 2020
AMOUNT: N/A

ISSUE:
Case #022-20-S, A Text Amendment to amend Chapter 20:
Article 2, Section 2.2.6 Hearing Procedures;
Article 3, Section 3.5 Special Use Permits;
Article 7, Section 7.18 Cannabis Business Establishments; and
Article 11, Section 11.1 Definitions of the Peoria County Code.

BACKGROUND/DISCUSSION:

Article 2, Section 2.2.6 Hearing Procedures:
The proposed amendment to Section 20-2.2.6 allows for the frequency of Zoning Board of Appeals hearings to be
determined at the discretion of the Zoning Board of Appeals, rather than established at the beginning of each year. This
allows for more flexibility with scheduling of cases, as needed due to budget cuts.

Article 3, Section 3.5 Special Use Permits:
The proposed amendment to Section 20-3.5.3.3.g requires for the applicant of a Special Use request to submit a signed
statement certifying that the applicant is responsible for all additional costs incurred by the County as a result of the Special
Use and any subsequent appeals. This eliminates any financial burden to the County as a result of costs incurred through
an applicant’s zoning request.

Article 7, Section 7.18 Cannabis Business Establishments:
In December 2019, Peoria County adopted regulations for Cannabis Business Establishments under Zoning Case 2019-056-
S. On December 4, 2019, Public Act 101-0593 was made effective, which provided for clean-up language on previously
passed recreational cannabis legislation under the Cannabis Regulation and Tax Act.

The proposed amendment to Section 20-7.18.3.5 requires that applicants must notify Peoria County within 10 business days
of making application for any type of Cannabis Business Establishment to the State of Illinois for a proposed location within
Peoria County’s jurisdiction. This will allow for verification by the County that the proposed location follows currently
enacted zoning regulations.

The proposed amendment to Section 20-7.18.3.6 strengthens Peoria County’s prohibition of on-site consumption or use of
cannabis by adding a retail tobacco store to the list of prohibited locations. This amendment is proposed based on the State
of Illinois adding retail tobacco stores to the list of locations that may be authorized by a unit of local government for on-
premises consumption or use of cannabis.

Article 11, Section 11.1 Definitions:
The proposed amendments to Section 11.1 amend definitions within the Peoria County Unified Development Ordinance to
be consistent with the language adopted by the State of Illinois.

Case No. 022-20-S at 10:00 a.m. Hearing to be held in room 403, of the Peoria County Courthouse, Peoria, Illinois.

Petition of PEORIA COUNTY, acting on their own behalf, a TEXT AMENDMENT to amend Chapter 20, Article 2, Section 2.2 ("Zoning Board of Appeals"), Article 3, Section 3.5 ("Special Use Permits"), Article 7, Section 7.18 ("Cannabis Business Establishments"), and Article 11, Section 11.1 ("Definitions") of the Peoria County Code.

FINDINGS OF FACT FOR TEXT AMENDMENTS
Section 20-3.6.4

In evaluating a proposed text amendment, the following factors shall be considered, not one of which shall be controlling:

1. The proposed amendment corrects an error or inconsistency or meets the challenge of some changing condition;
   • Public Act 101-0593 provides for clean up language on previously passed Recreational Cannabis legislation under the Cannabis Regulation and Tax Act. The proposed amendment makes those same amendments to the Peoria County Unified Development Ordinance.
   • The proposed amendment to Section 20-3.5.3.3.g.5 requires for the applicant of a Special Use request to submit a signed statement certifying that the applicant is responsible for all additional costs incurred by the county as a result of the Special Use and any subsequent appeals. This eliminates any financial burden to the county as a result of costs incurred through an applicant’s zoning request.
   • The proposed amendment the Section 20-2.2 allows for the frequency of Zoning Board of Appeals hearing to be determined at the discretion of the Zoning Board of Appeals rather than established at the beginning of each year. This reduction is necessary as a result of changing conditions due to COVID-19.

2. The proposed amendment is consistent with the purpose and intent of this ordinance;
   • The proposed amendments to Section 20-7.18 are consistent with meeting the compliance standards established by the State of Illinois related to Adult Use Recreational Cannabis.
The proposed amendments to Section 20-3.5.3.3.g.5 and Section 20-2.2 are consistent with meeting the purpose and intent of this ordinance in which it is the intent of the County Board that the development process in the county be efficient in terms of time and expense, effective in terms of addressing the natural resource and public facility implications of proposed development, and equitable in terms of consistency with the established regulations and procedures, respect for the rights of property owners, and consideration of interest of the citizens of the county.

3. The proposed amendment will not adversely affect health, safety, morals, and general welfare of the public;
   - The proposed amendments to Section 20-7.18 will not adversely affect health, safety, morals or general welfare of the public. It is intended to strengthen and clarify existing language related to the sale and consumption of adult use recreational cannabis.

4. The proposed amendment is required because of a change in State or Federal law;
   - Public Act 101-0593 provides for clean up language on previously passed recreational cannabis legislation under the Cannabis Regulation Tax Act. Public Act 101-0593 had an effective date of December 4, 2019. Under zoning case 2019-056-S, the Peoria County Board adopted the Adult Use Cannabis regulations on December 12, 2019. However, in order for adoption on December 12, 2019, it had been filed subsequent to the October 2019 hearing, which would have not allowed for the content of the cleanup language to be included in the county’s text amendment.

A motion to approve the Findings of Fact was made by Mr. Fletcher and seconded by Mr. Keyt. affirmative votes; (4-0) A motion to approve the Text Amendment with the addition of the word “by” as pointed out by Mr. Keyt in discussion was made by Mr. Happ and seconded by Mr. Keyt. A vote was taken and the motion was approved; (4-0)

Meeting adjourned 11:05 a.m.

ISSUE: ZBA Case #018-20-U. A Special Use as required in Section 20.5.2.2.1.a.1 of the Unified Development Ordinance. This section allows for a special use when a proposed land split does not meet the 25-acre minimum lot size nor the 1 dwelling unit per 25 contiguous acres density requirement in the A-2 Agricultural District. The petitioner proposes to divide an existing 23.06 acre parcel into 3 parcels of approximately 13.6 acres, 8.7 acres, and 1 acre.

BACKGROUND/DISCUSSION: This case is in District #16, which is County Board member Matt Windish’s district. The petitioner, Debra S. Silzer, requests a special use in order to divide a 23.06-acre parcel into three separate tracts of approximately 13.67 acres, 8.75 acres, and 1.08 acres. The parcel is located at 15023 W. Southport Rd., a state highway, in the SW ¼ of Section 9 and the NW ¼ of Section 16 in Rosefield Township. There are 0 consents and 0 objections on file. The petitioner has concurrently filed subdivision waiver #W04-20 to waive the requirement of access to a public water supply for a new minor subdivision. The subject parcel consists of three single-family dwellings and agricultural fields. The property and all adjacent parcels are zoned “A-2” Agriculture except one parcel to the southwest of the property that is zoned “A-1” Agricultural Preservation. N. Eden Rd. serves as access to all three dwellings on the parcel. Surrounding land uses include agriculture to the north and residential and agriculture to the south, east, and west. There are approximately seven parcels consisting of less than two acres within a half-mile of the subject parcel. Within one mile to the east of the subject parcel along W. Southport Rd., there are also several large clusters of properties zoned “R-R” Rural Residential, which allows for a minimum lot size of one acre. The petitioner proposes to divide a 23.06-acre tract into three separate tracts of 13.67 acres, 8.75 acres, and 1.08 acres. There are currently three existing dwellings on the parcel, and, following the split, each dwelling will be located on its own parcel. No cropland will be taken out of production as a result of the split. The request is consistent with the residential and agricultural land use and character of the surrounding area. The overall LESA score was 217.4 out of 300, which is a medium rating for agricultural protection. According to the petition, each existing dwelling is served by its own private well and private septic. At the time of writing this report, there is no comment from the Peoria City/County Health Department. The subject parcel has frontage along W. Southport Rd., a state highway, and the parcel can also be accessed by N. Eden Rd., a township collector road. According to the 2017 IDOT traffic map, there are approximately 1,750 vehicle trips in a 24-hour period along W. Southport Rd. The 2017 IDOT traffic map does not show the number of vehicle trips for this portion of N. Eden Rd. The proposed 1.08-acre parcel will be accessed by an existing access point off W. Southport Rd. while the 13.67-acre tract and 8.75-acre tract will be accessed by existing access points off N. Eden Rd. No new access points are proposed at this time. The County Highway Department will defer to the Illinois Department of Transportation, as Southport Road (Illinois State Route 8) is maintained by the State. For access off N. Eden Road, the County will defer to the Rosefield Township Road Commissioner, as this section of Eden Road is maintained by the road district. At the time of this report, there is no comment from the Rosefield Township Road Commissioner. The Peoria County Future Land Use Form Map designates this area as Agriculture. The request is consistent with the Peoria County Comprehensive Land Use Plan Smart Growth Principle of locating new residential growth in areas with or adjacent to existing development. The three dwellings are existing, and a number of residential dwellings are also located along this section of W. Southport Rd. The request is also consistent with the Peoria County Rural Areas Growth Strategy of preserving the character of the “A-2” district by supporting small scale farming uses and permitting low density residential living. The proposed land split will not disrupt farming operations on adjacent sites.

COUNTY BOARD GOALS:

STAFF RECOMMENDATION: Approval with the following restriction:

1. Parcels created by the approval of this Special Use may not be divided again, even if subsequently combined with other parcels, unless a rezoning is granted by the County Board or unless each lot to be created meets the 25-acre minimum lot size of the “A-2” Zoning District.

ZBA RECOMMENDATION: Approval with restriction (4-0)

COMMITTEE ACTION: Approved (3-0) (Ms. Pastucha voted via teleconference.) (Ms. Williams & Mr. Windish were absent.)

R E Q U E S T A N D L O C A T I O N :  The petitioner, Debra S. Silzer, requests a special use in order to divide a 23.06-acre parcel into three separate tracts of approximately 13.67 acres, 8.75 acres, and 1.08 acres. The existing parcel consists of agricultural fields and three homesites. The petitioner intends to create the approximately 1.08-acre tract in order to sell an existing dwelling along with an existing shed. This dwelling, 15023 W. Southport Rd., is the southernmost dwelling on the subject parcel, and the proposed 1.08-acre parcel has existing frontage along W. Southport Rd. The proposed 8.75-acre tract will contain the existing dwelling at 6606 N. Eden Rd. along with an agricultural field, and this tract will be owned by the petitioner’s sister. The proposed 13.67-acre tract will contain the dwelling at 6622 N. Eden Rd. along with an existing detached garage and grain bin, and this parcel will be owned by the petitioner. According to the petitioner, the grain bin will be demolished prior to the hearing of the case. The subject parcel is located at 15023 W. Southport Rd. in the Southwest Quarter of Section 9 and the Northwest Quarter of Section 16 in Rosefield Township.

P E R T I N E N T Z O N I N G C A S E S O N S I T E :  Waiver #W04-20 is a waiver request from Section 20-8.3.4.1.b.2.b of the Unified Development Ordinance (UDO). This section requires that if a public water supply does not exist within a reasonable distance of a newly created subdivision, the developer must obtain a waiver from the County Board in accordance with subsection 8.3.4.1.d. The subject parcel does not have access to public water, and a public water supply is not within reasonable distance. Each existing homesite on the subject parcel has access to its own private well and private septic, and the proposed division of the parcel will not change this. This waiver is scheduled to be heard by the Land Use Committee on June 23, 2020 and the Peoria County Board on July 9, 2020.

P E R T I N E N T Z O N I N G C A S E S I N S U R R O U N D I N G A R E A :  Special use case #031-03-U was a request to divide a 25.177-acre parcel into 5 tracts of approximately 5 acres each. This case resulted in the creation of parcels 12-09-400-017, 12-09-400-018, 12-09-400-019, 12-09-400-020, and 12-09-400-021. These parcels are located approximately 0.8 miles from the subject parcel and are also zoned "A-2" Agriculture. On June 12, 2003, the Peoria County Board approved the request with the restriction “Parcels created by the approval of this special use may not be divided again, even if subsequently combined with other parcels, unless a rezoning is granted by the County Board.”

S U R R O U N D I N G Z O N I N G A N D L A N D U S E :  The subject parcel consists of three single-family dwellings and agricultural fields. The property and all adjacent parcels are zoned “A-2” Agriculture except one parcel to the southwest of the property that is zoned "A-1" Agricultural Preservation. N. Eden Rd. serves as access to all three dwellings on the parcel. To the north, the land is used for agriculture while to the south, east, and west, land uses are agriculture and residential. There are approximately seven parcels consisting of less than two acres within a half-mile of the subject parcel. Within one mile to the east of the subject parcel along W. Southport Rd., there are also several large clusters of properties zoned “R-R” Rural Residential, which allows for a minimum lot size of one acre. The petitioner proposes to divide a 23.06-acre tract into three separate tracts of 13.67 acres, 8.75 acres, and 1.08 acres. There are currently three existing dwellings on the parcel, and, following the split, each dwelling will be located on its own parcel. No cropland will be taken out of production as a result of the split. The request is consistent with the residential and agricultural land use and character of the surrounding area.

T E C H N I C A L A D E Q U A C Y :  Section 20-5.2.2.1.a.1 of the Peoria County Unified Development Ordinance allows for a special use when a proposed land split does not meet the 25-acre minimum lot size in the “A-2” Agricultural Zoning District. The petitioner proposes to divide a 23.06-acre parcel into three separate tracts of approximately 13.67 acres, 8.75 acres, and 1.08 acres. The approximately 1.08-acre tract will be sold while the remaining area of the subject parcel will be divided into the approximately 13.67-acre tract for the petitioner and the approximately 8.75-acre tract for the petitioner's sister. Additionally, Section 20-6.1.3 of the Unified Development Ordinance requires that excepting communication support structures, no more than one principal building shall be located on a lot, except as approved as a special use or temporary use. The petitioner’s request will bring the subject parcel
into compliance with the Unified Development Ordinance by creating a separate parcel for each existing dwelling. A LESA was conducted on the parcel. The site scored 83.7 out of 100 for agland evaluation and 133.7 out of 200 for the site assessment component. The overall LESA score was 217.4 out of 300, which is a medium rating for agricultural protection.

**Environmental Impacts:** According to the petition, each existing dwelling is served by its own private well and private septic. At the time of writing this report, there is no comment from the Health Department.

**Transportation Impacts:** The subject parcel has frontage along on W. Southport Rd., a state highway, and the parcel can also be accessed by N. Eden Rd., a township collector road. According to the 2017 IDOT traffic map, there are approximately 1,750 vehicle trips in a 24-hour period along this portion of W. Southport Rd. The 2017 IDOT traffic map does not show the number of vehicle trips for this portion of N. Eden Rd. The proposed 1.08-acre parcel will be accessed by an existing access point off W. Southport Rd. while the 13.67-acre tract and 8.75-acre tract will be accessed by existing access points off N. Eden Rd. No new access points are proposed at this time. As the residential use of the parcel will not change, the proposed division of the parcel into three separate tracts should have little to no impact on current traffic patterns. The County Highway Department will defer to the Illinois Department of Transportation, as Southport Road (Illinois State Route 8) is maintained by the State. For access off N. Eden Road, the County will defer to the Rosefield Township Road Commissioner, as this section of Eden Road is maintained by the road district.

**Land Use Form:** The Future Land Use Form Map in the Peoria County Comprehensive Land Use Plan designates this area as Agriculture. The land uses allowed in the Agriculture Land Use Form include Agriculture and Open Space. The Peoria County Comprehensive Land Use Plan indicates that the Agriculture Land Use Form is largely agricultural and is distinguished from the Agriculture Preservation Land Use Form by allowing more varied uses on lower-productivity farmland that may have more timber or other topographical features. Non-agricultural development should be restricted to the lowest producing agricultural land. The petition indicates that no farmland will be taken out of production following the proposed split. Rather, the purpose of the proposed split is to create separate parcels for three existing dwellings. Land uses on the subject parcel will not change as a result of the proposed split, as these residential uses are already present on the property. The request is consistent with the Peoria County Comprehensive Land Use Plan Smart Growth Principle of locating new residential growth in areas with or adjacent to existing development. The three dwellings are existing, and a number of residential dwellings are also located along this section of W. Southport Rd. The request is also consistent with the Peoria County Rural Areas Growth Strategy of preserving the character of the “A-2” district by supporting small scale farming uses and permitting low density residential living. The proposed land split will not disrupt farming operations on adjacent sites.

**Conclusions**

**Consistency with Adopted County Plan:** The request is consistent with the Peoria County Future Land Use Form map which designates this area as Agriculture. Agriculture and Open Space are the allowed uses in the Agriculture land use form. The subject parcel received a medium rating for agricultural protection. No cropland will be taken out of production. The proposal will allow the petitioner to divide a 23.06-acre parcel into three tracts of approximately 13.67 acres, 8.75 acres, and 1.08 acres in order to create separate parcels for three existing homesites.

**Consistency with Community Character:** The area surrounding the subject parcel consists of farmland and residential uses. The subject parcel consists of three existing homesites and agricultural fields. The parcel earned a LESA score of 217.4 out of 300, which is a medium rating for agricultural protection. There are approximately seven parcels consisting of less than two acres within a half-mile of the subject parcel. The request is consistent with the residential and agricultural character of the surrounding area.
MINIMIZING ADVERSE EFFECTS: The division of the subject 23.06-acre tract into approximately 13.67 acres, 8.75 acres, and 1.08 acres should not adversely affect surrounding uses, as the parcel will be divided among three existing homsites. The proposed use should not create excess noise or negative visual effects. Any change to the transportation system should be minimal. The petitioner intends to utilize existing access points off W. Southport Rd. and N. Eden Rd. in order to access the existing dwellings. There are no new access points proposed off W. Southport Rd. nor N. Eden Rd.

PRESENCE OF NATURAL/HISTORICAL RESOURCES: The request does not impact known natural or historical resources.

COMPLIANCE WITH ADDITIONAL STANDARDS: The proposed use will comply with additional standards for the creation of lots in the “A-2” Agricultural Zoning District as specified in the Unified Development Ordinance. If this special use request is granted, the proposed use will be compliant with the use standards of the Unified Development Ordinance. The applicant will be responsible for obtaining all required permits from the Peoria City/County Health Department and Peoria County Planning & Zoning Department.
RECOMMENDATION

Based on the above information, the Department recommends approval with the following restriction:

1. Parcels created by the approval of this Special Use may not be divided again, even if subsequently combined with other parcels, unless a rezoning is granted by the County Board or unless each lot to be created meets the 25 acre minimum lot size of the "A-2" zoning District.

Case No. 018-20-U at 9:00 a.m. Hearing to be held in room 403, of the Peoria County Courthouse, Peoria, Illinois.

Petition of DEBRA S. SILZER, acting on behalf of DORIS J. FENWICK (owner), a SPECIAL USE as required in Section 20.5.2.2.1.a.1 of the Unified Development Ordinance. This section allows for a special use when a proposed land split does not meet the 25 acre minimum lot size nor the 1 dwelling unit per 25 contiguous acres density requirement in the A-2 Agricultural District. The petitioner proposes to divide an existing 23.06 parcel into three tracts approximately 13.6 acres, 8.7 acres, and 1 acre.

FINDINGS OF FACT FOR SPECIAL USES
Section 20-3.5.4

When considering an application for a special use permit, the decision making body shall consider the extent to which:

1. That the special use will be consistent with the purposes, goals, objectives, and standards of any officially adopted County plan and these regulations, or if not consistent, the factors which justify deviation;
   • The request is consistent with the Peoria County Future Land Use Map, which designates this area as agriculture. The subject parcel received a medium rating for agricultural protection and no crop land will be taken out of production. The proposal will allow the petitioner to divide the 23.06 acre parcel into three tracts approximately 13.67 acres, 8.75 acres, and 1.08 acres in size in order to create three separate parcels for three existing home sites.

2. That the special use will be consistent with the community character of the immediate vicinity of the parcel proposed for development, or if not consistent, the factors which justify the inconsistency:
   • The area surrounding the subject parcel consists of farmland and residential uses. The subject parcel will consist of three existing home sites and agricultural fields. The parcel earned a LESA score of 217.4 out of 300, which is a medium rating for agricultural protection. There are approximately seven parcels consisting of 2 acres within a half mile of the subject parcel.
The request is consistent with the residential and agricultural character of the surrounding area.

3. That the design of the proposed use will minimize adverse effects, including visual impacts on adjacent properties, except for land splits in the A-2 District and individual mobile homes;
   • The division of the subject 23.06 acre tract into approximately 13.67 acres, 8.75 acres, and 1.08 acres should not adversely affect surrounding uses as the parcel will be divided among three existing home sites. The proposed use should not create excess noise or negative visual effects. Any change to the transportation system should be minimal. The petitioner tends to utilize existing access points off W. Southport Rd. and N. Eden Road.

4. That the development has been reviewed and approved by the Illinois Department of Natural Resources with regard to the presence of endangered species, and archaeological and/or historical resources, if applicable; and
   • The request does not impact known natural or historical resources.

5. That the proposed use will comply with all additional standards imposed on it by the particular provision of these regulations authorizing such use and by all other applicable requirements of the ordinances of the County.
   • The proposed use will comply with additional standards for the creation of lots in the A-2 Agricultural Zoning District as specified in the Unified Development Ordinance. If this Special Use is granted, the proposed use will be compliant with the use standards of the Unified Development Ordinance. The applicant will be responsible for acquiring all applicable permits from the Peoria City/County Health Department and Peoria County Planning and Zoning Department.

A motion to approve the Findings of Fact was made by Mr. Fletcher and seconded by Mr. Keyt. Affirmative votes; (4-0). A motion to approve the Special Use with restriction was made by Mr. Fletcher and seconded by Mr. Keyt. A vote was taken, and the motion was approved; (4-0)

Meeting adjourned 11:05 a.m.

RESOLUTION EXTENDING THE DECLARATION OF EMERGENCY DUE TO COVID-19 IN PEORIA COUNTY, ILLINOIS

WHEREAS, since early March 2020, Illinois has been faced with a disaster caused by a pandemic that has taken the lives of thousands of residents, infecting over 145,000 Illinoisans and growing, resulting in extraordinary sickness and loss of life; and,

WHEREAS, at all times but especially during a public health crisis, protecting the health and safety of Illinoisans is among the most important functions of State government; and,

WHEREAS, it is critical that Illinoisans who become sick can be treated by medical professionals, including when a hospital bed, emergency room bed, or ventilator is needed; and,

WHEREAS, it is also critical that the State's health care and first responder workforce has adequate personal protective equipment (PPE) to safely treat patients, respond to public health disasters, and prevent the spread of communicable diseases; and,

WHEREAS, as Illinois enters the fifth month of responding to the public health disaster caused by Coronavirus Disease 2019 (COVID-19), a novel severe acute respiratory illness that spreads rapidly through respiratory transmissions and that continues to be without an effective treatment or vaccine, the burden on residents, healthcare providers, first responders, and governments throughout the State is unprecedented; and,

WHEREAS, the World Health Organization declared COVID-19 a Public Health Emergency of International Concern on January 30, 2020, and the United States Secretary of Health and Human Services declared that COVID-19 presents a public health emergency on January 27, 2020; and,

WHEREAS, on March 11, 2020, the World Health Organization characterized the COVID-19 outbreak as a pandemic, and has now reported more than 11.5 million confirmed cases of COVID-19 and 535,000 deaths attributable to COVID-19 globally; and,

WHEREAS, despite efforts to contain COVID-19, the World Health Organization and the federal Centers for Disease Control and Prevention (CDC) indicated that the virus was expected to continue spreading, and it has, in fact, continued to spread rapidly, resulting in the need for federal and State governments to take significant steps; and,

WHEREAS, on March 9, 2020, the Governor of Illinois, declared all counties in the State of Illinois as a disaster area in response to the outbreak of COVID-19; and,

WHEREAS, on March 13, 2020, the President declared a nationwide emergency pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (the "Stafford Act"), covering all states and territories, including Illinois; and,
WHEREAS, on March 26, 2020, the President declared a major disaster in Illinois pursuant to Section 401 of the Stafford Act; and,

WHEREAS, on April 1, 2020, due to the exponential spread of COVID-19 in Illinois, the Governor of Illinois again declared all counties in the State of Illinois as a disaster area; and,

WHEREAS, on April 30, 2020, due to the continued spread of COVID-19 in Illinois, the threatened shortages of hospital beds, ER beds, and ventilators, and the inadequate testing capacity, the Governor of Illinois again declared all counties in the State of Illinois as a disaster area; and,

WHEREAS, on May 29, 2020, the Governor of Illinois, declared all counties in the State of Illinois as a disaster area in response to the outbreak of COVID-19, renewing his prior declarations; and,

WHEREAS, on June 26, 2020, the Governor of Illinois, declared all counties in the State of Illinois as a disaster area in response to the outbreak of COVID-19, renewing his prior declarations; and,

WHEREAS, as circumstances surrounding COVID-19 rapidly evolve and new evidence emerges, there have been frequent changes in information and public health guidance; and,

WHEREAS, the unprecedented nature of COVID-19, including the health consequences it has on not just the respiratory system but the heart, brain, kidneys, and the body's immune response, has made the virus’s effects and its path difficult to predict; and,

WHEREAS, from the outset, data suggested that older adults and those with serious underlying health conditions are more likely to experience severe and sometimes fatal complications from COVID-19; and,

WHEREAS, emerging evidence has shown that young people, including infants and toddlers, are also at risk of such complications; and,

WHEREAS, young and middle-aged people have comprised a significant proportion of hospitalized COVID-19 patients, and there is evidence that COVID-19 causes blood clots and strokes, and has caused deadly strokes in young and middle-aged people who exhibited few symptoms; and,

WHEREAS, the understanding of spread from infected individuals who have not shown symptoms has changed and, on April 12, 2020, the CDC changed the period of exposure risk from "onset of symptoms" to "48 hours before symptom onset"; and,

WHEREAS, some people infected by the virus remain asymptomatic but nonetheless may spread it to others; and,
WHEREAS, although the CDC initially recommended against wearing cloth face coverings or masks as protection, as a result of research on asymptomatic and pre-symptomatic transmission, the CDC revised its conclusions and recommends wearing cloth face coverings in public settings where social distancing measures are difficult to maintain; and,

WHEREAS, public health research and guidance increasingly supports wearing cloth face coverings in public settings where social distancing measures are difficult to maintain, and indicates that the risk of transmission outdoors is less than the risk of transmission indoors; and,

WHEREAS, as COVID-19 has spread in Illinois over the course of the Gubernatorial Disaster Proclamations, the circumstances causing a disaster throughout the State have changed and continue to change, making definitive predictions of the course the virus will take over the coming months extremely difficult; and,

WHEREAS, at the time of the first Gubernatorial Disaster Proclamation, there were 11 confirmed cases of COVID-19 in one Illinois county; and,

WHEREAS, as of July 6, 2020, there have been over 175,000 confirmed cases of COVID-19 in 101 Illinois counties; and,

WHEREAS, the first death attributed to COVID-19 in Illinois was announced on March 17, 2020; and,

WHEREAS, as of July 6, 2020, more than 7,000 residents of Illinois have died due to COVID-19; and,

WHEREAS, from the outset, studies have suggested that for every confirmed case there are many more unknown cases, some of which are asymptomatic individuals who can pass the virus to others without knowing; and,

WHEREAS, the CDC estimates that for every reported case of COVID-19, there are 10 unreported infections, resulting in a number of total cases in the country that may be 10 times higher than currently reported; and,

WHEREAS, although the number of new COVID-19 cases has decreased in recent weeks, the virus continues to infect thousands of individuals and claim the lives of too many Illinoisans each day; and,

WHEREAS, while the precautions taken by Illinoisans have led to a steep decline in the number of COVID-19 cases and deaths in the State in recent weeks, other states that have resisted taking public health precautions or that lifted those precautions earlier are now experiencing exponential growth and record high numbers of cases; and,

WHEREAS, public health experts have warned of a "second wave" of COVID-19 cases; and,
WHEREAS, COVID-19 has claimed the lives of and continues to impact the health of Black and Hispanic Illinoisans at a disproportionately high rate - magnifying significant health disparities and inequities; and,

WHEREAS, the Illinois Department of Public Health activated its Illinois Emergency Operations Plan and its Emergency Support Function 8 Plan to coordinate emergency response efforts by hospitals, local health departments, and emergency management systems in order to avoid a surge in the use of hospital resources and capacity; and,

WHEREAS, as the virus has progressed through Illinois, the crisis facing the State continues to develop and requires an evolving response to ensure hospitals, health care professionals and first responders are able to meet the health care needs of all Illinoisans and in a manner consistent with CDC guidance that continues to be updated; and,

WHEREAS, in order to ensure that health care professionals, first responders, hospitals and other facilities are able to meet the health care needs of all residents of Illinois, the State must have critical supplies, including PPE, such as masks, face shields, gowns, and gloves; and,

WHEREAS, the State of Illinois maintains a stockpile that supplies the existing PPE supply chains and stocks at various healthcare facilities; and,

WHEREAS, while the State continues to make every effort to procure PPE, if those procurement efforts are disrupted or Illinois experiences a surge in COVID-19 cases, the State faces a life-threatening shortage of respirators, masks, protective eyewear, face shields, gloves, gowns, and other protective equipment for health care workers and first responders; and,

WHEREAS, while hospitalizations have declined, Illinois is using a significant percentage of hospital beds and ICU beds, and, if COVID-19 cases were to surge, the State could face a shortage of critical health care resources; and,

WHEREAS, the State worked with top researchers from the University of Illinois at Urbana-Champaign, the Northwestern School of Medicine, the University of Chicago, the Chicago and Illinois Departments of Public Health, along with McKinsey and Mier Consulting Group, and Civis Analytics, to analyze daily data on COVID-19 deaths and ICU usage and model potential outcomes; and,

WHEREAS, the State's modeling shows the tail of the COVID-19 epi curve extending several more weeks; and,

WHEREAS, the State's modeling continues to show that without extensive social distancing and other precautions, the State will face a shortage of hospital beds, ICU beds and/or ventilators; and,

WHEREAS, the State has developed testing sites throughout Illinois and exceeds 30,000 tests in a single day, and testing capacity continues to increase; and,
WHEREAS, Illinois now has tested more than 1.5 million total specimens for COVID-19; and,

WHEREAS, national projections adjusted for Illinois' population suggest the State must continue to increase the number of tests processed per day as part of an effective effort to permanently slow and reduce the spread of COVID-19; and,

WHEREAS, in addition to causing the tragic loss of more than 7,000 Illinoisans and wreaking havoc on the physical health of tens of thousands more, COVID-19 has caused extensive economic loss and continues to threaten the financial welfare of a significant number of individuals and businesses across the nation and the State; and,

WHEREAS, the Illinois Department of Employment Security announced that the State's unemployment rate was 15.2% in May, and that major Illinois industries such as leisure and hospitality, transportation and utilities, and educational and health services had been particularly hard-hit during the March to May period; and,

WHEREAS, the Department of Commerce and Economic Opportunity is working to address the economic crisis, including through assistance programs such as the Business Interruption Grants Program for businesses that experienced a limited ability to operate due to COVID-19 related closures; and,

WHEREAS, the economic loss and insecurity caused by COVID-19 threatens the viability of business and the access to housing, medical care, food, and other critical resources that directly impact the health and safety of residents; and,

WHEREAS, based on the foregoing facts, and considering the expected continuing spread of COVID-19 and the ongoing health and economic impacts that will be felt over the coming month by people across the State, the current circumstances in Illinois surrounding the spread of COVID-19 constitute an epidemic emergency and a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, the Peoria County Emergency Management Agency, along with the City of Peoria’s Office of Emergency Management activated the County’s Public Health Emergency Plan, the County’s Emergency Operations Plan, and the City’s Emergency Operations Plan to coordinate emergency response efforts at the local level in order to avoid a surge in the use of hospital resources and capacity; and,

WHEREAS, based on the foregoing facts, and considering the expected continuing spread of COVID-19 and the resulting health and economic impacts that will be felt over the coming month by people across the State, the current circumstances in Illinois surrounding the spread of COVID-19 constitute an epidemic emergency and a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, based on the foregoing, the continuing burden on hospital resources, the potential shortages of resources in the event of a surge in infections, and the critical need to
increase the purchase and distribution of PPE as well as to expand COVID-19 testing capacity and contact tracing constitute a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, this proclamation will assist the County of Peoria in facilitating economic recovery for individuals and businesses in an effort to prevent further devastating consequences from economic instability; and,

WHEREAS, these conditions provide legal justification under Section 7 of the Illinois Emergency Management Agency Act for the new issuance of a proclamation of disaster; and,

NOW, THEREFORE, in the interest of aiding the people of Peoria County for ensuring public health and safety, I, Andrew A. Rand, Chairperson of the Peoria County Board of Peoria County, Illinois, hereby proclaim as follows:
