C12. Chairman Appointments.

Member Pastucha moved to approve the Consent Agenda and Member Elsasser seconded. The Consent Agenda was approved by a unanimous roll call vote of 16 ayes.

VI. ZONING ORDINANCE AND RESOLUTIONS

1. Case #024-20-U, Petition of Julie Varnold. A Special Use as required in Section 20.5.2.2.1.b of the Unified Development Ordinance. This section allows for a special use for a Major Home Occupation in the "A-2" Agriculture Zoning District, when the lot is less than 5 acres in size and/or is located within a platted subdivision. The petitioner proposes to operate a pet grooming business from a 1.31 acre parcel. Also, a Special Use as required in Section 20-7.3.2.3 of the Unified Development Ordinance to vary from the requirement that the home occupation may employ no more than one (1) person who is not a resident of the dwelling unit. The petitioner proposes to employ two (2) people who are not residents of the dwelling unit. Also, a Special Use as required in Section 20-7.3.2.7 of the Unified Development Ordinance to vary from the requirement that the home occupation shall not be open to the public between the hours of 7:00 pm and 9:00 am. The petitioner proposes to open the business at 8:00 am. Also, a Special Use as required in Section 20-7.3.5.1 of the Unified Development Ordinance to vary from the requirement that the home occupation shall occupy no more than 1,000 square feet of an accessory structure which may be used for storage purposes only. The petitioner proposes to operate the business from a 432 square foot accessory structure. The parcel is located in Medina Township. The Zoning Board of Appeals recommends approval with restrictions. The Land Use Committee concurs.

Member Dillon moved to approve the ordinance and Member Elsasser seconded. Member Dillon described that it is a good use for the property and that the Special Use is granted to only the current property owner. The ordinance passed by a unanimous roll call vote of 16 ayes.

2. Case #028-20-V, Petition of Josh Watson as agent for USCOC of Central Illinois. A Variance request from Section 20-7.1.1.2 of the Unified Development Ordinance, which requires that the height of a telecommunication facility shall not exceed 75 feet, if located in a residential zoning district. The petitioner proposes to construct a telecommunications tower at a height of 195 feet in the "R-R" Rural Residential Zoning District, resulting in a variance request of 120 feet. Also, a Variance request from Section 20-7.1.1.3 of the Unified Development Ordinance, which requires that the lot line set back distance to the nearest residential zoned lot shall be at least 50% of the height of the telecommunication facility's supporting structure. The petitioner proposes to construct a telecommunications tower at a distance of 82 feet 1 inch from the residential lot to the north, resulting in a variance request of 15 feet 5 inches. The parcel is located in Kickapoo Township. The Zoning Board of Appeals recommends approval. The Land Use Committee concurs.

Member Dillon moved to approve the ordinance and Member Duncan seconded. Member Elsasser asked about the tower’s location and setting precedence. Planning and Zoning Assistant Director Andrew Braun discussed that there were no objections, that the tower could have been built on the property to the east without a variance, and that the property owner most affected owns the subject property. The ordinance passed by a unanimous roll call vote of 16 ayes.
3. A resolution from your Executive Committee recommending approval of an Intergovernmental Agreement between Peoria County, the City of Farmington, Fulton County, and Village of Hanna City for the formation of the Hanna City Trail Negotiation Commission.

Member Williams moved to approve the resolution and Member Groves Allison seconded. Mr. Sorrel detailed that the land was used as a railway, it has now been removed, and that the opportunity to acquire it is closing. He explained that a federal grant can cover 80% of the purchase cost and that a state grant could halve the remaining amount. He summarized that the resolution authorizes the agreement, appoints Member Williams to the commission, and appropriates up to $175,000 from the Keystone Fund to the project.

Member Rosenbohm reported that his constituents are ecstatic about the project, noted the number of signatures on the petition, and thanked Member Williams for her hard work. Member Williams recognized the Highway and Planning and Zoning Departments for their hard work. She perceived that it would be an economic windfall for that part of the County. Member Dillon highlighted the efforts to see the project to this stage and discussed that it is a good use of the land.

Member Elsasser inquired about the purchase price and the timeline for the possible grant funding. Mayor of the Village of Hanna City Fred Winterroth detailed that the Federal grant could be awarded in October and that the State grant application would be submitted in January. Mr. Sorrel remarked that the purchase price would need an appraisal and that the Surface Transportation Board would need to sign off on the project.

Member Pastucha expressed that she will support the resolution and highlighted that the trail has helped Peoria Heights and the Junction City area. Member Rieker mentioned that from personal experience, trails are an attraction for community and growth. Chairman Fennell discussed that more people are bicycling and using trails. The resolution was approved by a unanimous roll call vote of 16 ayes.

4. A resolution from your County Operations Committee recommending approval of the most responsive bid of Berry Dunn McNeil and Parker, LLC (BerryDunn), Portland, ME, for Enterprise Resource Planning (ERP) software selection consultant services, in an amount not to exceed $113,900.00. (Pending Committee Approval).

Member Reneau moved to approve the resolution and Member Groves Allison seconded. Mr. Sorrel described that the current business process programs are nearing end-of-life and that the consultant would help identify a single software solution through assessing business needs. He reported that the consultant would see the project through to implementation, thanked the steering committee members, and explained the decision on selecting BerryDunn. He highlighted the consultant’s cost, noted that IT Services has been saving for the project, and that the software is expected to price in the seven-figures.

Member Dillon inquired about the need for a consultant to choose software, and Mr. Sorrel conveyed that the consultant would assist with more than the choosing of the software. He identified that it would write the bid specifications, ensure implementation, evaluate business processes, and lend expertise for the replacement of the software. Member Dillon asked about looking at other similar-sized counties and selecting a software without the use of the consultant. IT Services Director Mark Little detailed the complexity in choosing ERP software, and remarked that it is common to receive aid from a consultant when the organization does not have the expertise or manpower to undertake the project.
Member Elsasser inquired about the City’s recent implementation of ERP software and the potential of using the same software, and Mr. Little informed that due to the difference in organizations, their software package would not match the County’s needs. Member Elsasser asked about the possibility of further costs from the consultant, and Mr. Sorrel summarized that the costs get through the procurement of the software and that implementation would be a second action item. Member Elsasser requested the price expected for the implementation, and Mr. Little informed that the expected total consultant cost would range between $400,000 and $500,000. Mr. Sorrel noted that the contract award is through implementation, but that there will be a phase 2 cost.

Member Reneau emphasized that the use of a consultant is common for software of this scope and that experts help guide the County through the process as an insurance policy. Member Rieker reported that in his experience, businesses have spent large amounts on the software that resulted in shutting down the operations. He suggested that the consultant has the expertise and it should be done to begin with rather than getting a poor working system. The resolution was approved by a unanimous roll call vote of 16 ayes.

VII. MISCELLANEOUS AND ANNOUNCEMENTS

Member Duncan congratulated Member Daley for receiving the Henri de Tonti Award for Community Leadership from the Peoria Historical Society.

Member Williams thanked the Board Members for supporting the Hanna City Trail and expressed that she hopes the grant is secured.

Member Dillon highlighted that several locally based companies are hiring and that many companies are trying to make the community a better place.

Mr. Sorrel announced an upcoming special meeting to cover the COVID-19 emergency proclamation.

VIII. ADJOURNMENT

There being no further business before the Board, the Chairman announced the meeting was adjourned.
The following public comments were submitted. Redactions have been made for compliance with the Freedom of Information Act.
August 6, 2020

To whom it may concern,

Friends of Wildlife Prairie Park urge you to support the purchase of the Union Pacific rail corridor from Bellevue to Farmington. This purchase and development of the recreational trail would greatly benefit Peoria County and all the municipalities along the trail, as well as businesses such as ours.

The future plan is to connect the Hanna City Trail to the Yates/Dunfermline Trail in Fulton County and the Rock Island Trail in Peoria County. This trail would be an economic windfall and would draw individuals and families to the area. Currently, Wildlife Prairie Park hosts over 170,000 visitors to our Park every year. We believe this trail would greatly enhance our visitors as well.

Recreation, Conservation, and Education are the mission of Wildlife Prairie Park and this trail fits right into getting individuals and their families active in the outdoors. The long-term strategic direction of the Park is to make sure families are at the center of the services we provide. The trail would greatly enhance our mission as well as promote an active lifestyle, stimulate the local economy and establish wildlife corridors. We urge you to support the acquisition of the rail corridor. Thank you.

Sincerely,

Heart of Illinois Group Sierra Club, representing its nearly 1,000 members across Peoria County and the central Illinois area, urges the Peoria County Board to vote to Approve, the Intergovernmental Agreement for Peoria County, Village of Hanna City, City of Farmington, and Fulton County with approval for the Hanna City Trail Negotiation Commission Membership and Participation Resolution. The benefits of rails-to-trails projects are clearly demonstrated by the success of the Rock Island Trail, which was a key effort of legendary Peoria County Board members Larry Johnson and Mary Harkrader and the work of many others. Please continue the notable environmental trails legacy of the Peoria County Board in supporting this beneficial project. The Hanna City to Farmington Trail will be significant for the public, local economies, and as a green environmental corridor for generations into the future. Thank you.
Regarding the Hanna City Trail:

The Tri-County Regional Planning Commission supports the purchase of the Hanna City Trail corridor and has been actively involved in the process of acquiring the land through grant applications and regional coordination.

The economic and recreational benefits of the Hanna City Trail have the potential for vast ripple effects throughout the region. Area restaurants, shops, and lodgings could benefit not only from local trail users, but from out-of-town hikers and bikers.

Large events such as half marathons can bring tourists to the region, solidifying the Peoria area as a recreational hub. Both small-town faire and larger city charm will keep visitors here for a weekend and spur future visits. Look no further than the success of the Rock Island Trail to understand the potential of regional advancement.

Now is the time to act to purchase an invaluable corridor of land connecting the region. Investment in this project today will spur generations of trail users, inspire nature lovers, and ignite local community pride.

TO: Peoria County Board
RE: Citizen Remarks
FROM: Elizabeth Cashman

Dear Members,

I write to question the rationale for the transfer of Heddington Oaks residents to various facilities in the area before any loosening of our local lockdown.

1. Knowledge of COVID-19, a novel coronavirus, is still an ongoing process of discovery and analysis. In late April 2020, when the resolution to close Heddington Oaks was approved unanimously, we were unaware of many facets of the virus and the way the disease manifests itself in the community.

2. The reopening of schools, restaurants, and retail stores as well as managing inmates at the Peoria County Jail, conducting court hearings, visiting hospitals, gyms, and reorganizing offices are discussed in the public forum and frequently debated.

3. No continuing care plan was in place for this monumental change in the lives of the Heddington Oaks residents. They were simply relocated. And that was the end of that.

There should have been consideration of our present circumstances and the adjustment period needed for the compromised population before such a transfer was made.

Thank you for your time,

Elizabeth Cashman
My name is Brent Baker, and I am writing on behalf of the Bike Peoria board of directors as well as our over 1,000 historic members to encourage Peoria County in joining an intergovernmental agreement to secure 25 miles of public trail, known colloquially as the 'Hanna City Trail' from Union Pacific in the coming months. Peoria County, Fulton County, Hanna City, and Farmington Representatives,

1719 people have signed a petition on Action Network telling you to Build the Hanna City Trail!

Here is the petition they signed:

We, the undersigned are encouraging your board’s full support in entering into an intergovernmental agreement to secure funding and negotiate with Union Pacific to pursue the acquisition, improvement, and maintenance of the proposed Hanna City Trail as a public asset for our region’s citizens to use.

Quality public space is a hallmark of resilient and strong communities. Space for families to play, individuals to exercise, businesses to connect with customers, and to preserve the natural world form the fabric of our communities. Further, multi-use trails are pennies on the dollar cheaper to construct and maintain compared to vehicle roadways while offering more co-benefits that boost property values and public health. These facts are not up for debate.

As a citizen and community member of Central Illinois, I value our ability to come together to achieve incredible things. This is our last opportunity to secure an incredible public asset for generations to come, if we fail to meet this moment, it will be lost forever.

Thank you for service and for your consideration of supporting an intergovernmental agreement to ensure we can build the Hanna City Trail!

CALL TO ORDER
PLEDGE OF ALLEGIANCE
ROLL CALL BY THE COUNTY CLERK

Attendance was taken, and the following members of the Board were present: Members Blair, Bryant, Daley, Dillon, Duncan, Elsasser, Fennell, Pastucha, Rand, Reliford, Reneau, Rosenbohm, Salzer, and Williams, with Members Groves Allison, Rieker, Watkins, and Windish absent.

SUSPENSION OF RULES

Member Duncan moved to suspend the rules to allow for remote participation, to hold the meeting without the public's presence, and suspending the section for citizens to speak in person; Member Blair seconded. The motion passed by a unanimous voice vote of 14 ayes.

I. CITIZENS REMARKS
No Citizens’ remarks were submitted.

II. RESOLUTION

Member Duncan moved to approve the resolution and Member Salzer seconded. Mr. Sorrel detailed that the resolution is similar to those approved in the past and is necessary to receive reimbursement for COVID-19 expenses. Member Elsasser inquired about a change of phase, and Mr. Sorrel explained that the county is in Phase 4 and will maintain that, until a vaccine is available. He highlighted that there are different levels inside of the phase and Peoria remains at the most open. The resolution passed by a unanimous roll call vote of 14 ayes.

III. DISCUSSION

There was no further discussion.
IV. MISCELLANEOUS

Chairman Rand thanked the Board Members for their kind messages regarding his mother.

V. ADJOURNMENT

There being no further business before the Board, the Chairman announced the meeting was adjourned.
PROCLAMATION

WHEREAS, “National Preparedness Month” creates an important opportunity for every resident of Peoria County to prepare their homes, businesses, and communities for any type of emergency including natural disasters and potential terrorist attacks; and

WHEREAS, investing in the preparedness of ourselves, our families, businesses, and communities can reduce fatalities and economic devastation in our communities and in our nation; and

WHEREAS, the Federal Emergency Management Agency’s Ready Campaign, Citizen Corps and other federal, state, local, tribal, territorial, private, and volunteer agencies are working to increase public activities in preparing for emergencies and to educate individuals on how to take action; and

WHEREAS, emergency preparedness is the responsibility of every citizen of Peoria County and all citizens are urged to make preparedness a priority and work together, as a team, to ensure that individuals, families, and communities are prepared for disasters and emergencies of any type; and

WHEREAS, all citizens of Peoria County are encouraged to participate in citizen preparedness activities and asked to review the Ready campaign’s websites at Ready.gov or Listo.gov (in Spanish) and become more prepared; and

WHEREAS, all citizens and businesses are encouraged to develop their own emergency preparedness plan and work together toward creating a more prepared society.

NOW THEREFORE I, Andrew A. Rand, Chairman of the Peoria County Board, on behalf of the County Board, do hereby recognize September 2020 as National Preparedness Month.

Dated this 10th day of September, A.D., 2020

ISSUE: ILEAS To Provide the Peoria County Sheriff's Office with a 2020 Lenco Bearcat

BACKGROUND/DISCUSSION:
The Illinois Law Enforcement Alarm System (ILEAS) is offering Peoria County to be the custodian of a new 2020 Lenco Bearcat valued at $685,512.00 to used in accordance with the attached ILEAS Vehicle Agreement. Peoria County is currently the custodian of a 2006 Lenco Bearcat that was previously provided by ILEAS. As part of this agreement, Peoria County will also agree to terminate any previous agreements as it relates to the 2006 Lenco Bearcat so that it can be returned to ILEAS after the 2020 Lenco Bearcat is delivered.

A Bearcat is a fully armored vehicle that offers significant protections to ILEAS and CIERT members when managing critical incidents. With the Bearcat being located at Peoria County, it also becomes an available asset to other agencies through mutual aid requests when they are faced with emergency situations where the Bearcat can offer a tactical advantage and protection to officers.

ILEAS SRT
Vehicle Agreement – LENCO Bearcat

1. PARTIES. The parties to this Agreement are the Illinois Law Enforcement Alarm System (ILEAS) and the County of Peoria (Peoria County).

2. AUTHORITY. ILEAS is a Public Agency of the State of Illinois created by various local law enforcement agencies throughout the State of Illinois pursuant to the Intergovernmental Cooperation Act (5 ILCS 220/1 et seq.). Peoria County is a county of the State of Illinois, and is one of the local law enforcement agencies that created ILEAS. This agreement between ILEAS and Peoria County is authorized under the provisions of the Constitution of the State of Illinois (Ill. Const. Art. VII, § 10), and the Intergovernmental Cooperation Act (5 ILCS 220/1 et seq.)

3. PURPOSE. The purpose of ILEAS is to support law enforcement mutual aid throughout the State of Illinois. Furthering that mission, ILEAS supports regional Special Response Teams (SRT) throughout the State of Illinois. Peoria County is a member of the Region 6/7 SRT. To support the SRTs, ILEAS has purchased a number of vehicles and seeks to locate the vehicles in various regions throughout the State of Illinois to provide prompt response to emergencies, disasters, and other calls for law enforcement mutual aid. Peoria County is willing to become the custodian of ILEAS vehicle(s) to facilitate law enforcement mutual aid in its region.

4. RESPONSIBILITIES.

   a. ILEAS shall:

      1) Provide the vehicle described in Attachment A to Peoria County.

      2) Inform Peoria County of any recall or product liability issue within a reasonable time of ILEAS being informed as the “purchaser of record” of the issue.

   b. Peoria County shall:

      1) Accept the vehicle described in Attachment A, obtain proper title and license for the vehicle, and insure the vehicle according to its own policies for insuring similar vehicles.

      2) Conduct appropriate and effective preventative maintenance and keep the vehicle in good operating condition at all times and be responsible for fuel, oil and other maintenance consumables, and all major repairs.
3) Store the vehicle in a safe location and make reasonable efforts to protect it from the outdoor elements when not in use.

4) Make the vehicle available upon call for mutual aid and interagency regional emergency responses, as requested either by ILEAS or IEMA.

5) Make the vehicle available to ILEAS or IEMA for regional training.

6) Make the vehicle available for inspection by any official of ILEAS or IEMA.

c. Peoria County shall not be responsible for the vehicle when it has been activated as a State resource and is outside the control and supervision of Peoria County.

d. ILEAS shall not be obligated to fund any capital replacement costs for the vehicle.

e. It is not the duty, function, responsibility or purpose of ILEAS to deploy, supply, direct, command or manage any law enforcement personnel.

5. USE OF THE VEHICLE. Peoria County will abide by the following conditions governing the use of the vehicle.

a. The vehicle shall only be used for official purposes.

b. The vehicle shall only be operated by official, trained employees of Peoria County, unless the vehicle has been transferred to another jurisdiction with the express prior consent of ILEAS.

c. The vehicle may be used by Peoria County as an asset for its own or regional critical incidents or training.

d. The vehicle shall not be used or operated contrary to law.

e. The vehicle will not be used for any race or competition.

f. The vehicle will not be operated in a negligent or reckless manner.

g. The vehicle will not be assigned to one person for use as a “take home” vehicle or used on a daily basis.

h. The vehicle will not be marked in any fashion without the written consent of ILEAS.

i. The vehicle will not be altered or modified in any significant manner without the consent of ILEAS.
j. The vehicle will not be removed from the State of Illinois without prior permission from the ILEAS.

6. INSURANCE. Peoria County shall fully indemnify ILEAS for any and all loss of or damage to the vehicle or equipment. Peoria County shall report all instances of theft, collision, or significant damage to the ILEAS Executive Director within three business days of their discovery. When this vehicle is activated by ILEAS or IEMA and not under the directed control and supervision of Peoria County, Peoria County will not be financially responsible for damage that may occur to the vehicle outside of the accepted insurance arrangement.

7. NOTIFICATIONS. For any communications concerning this agreement, the parties agree that the following individuals, or their successors, shall constitute adequate notice to the party with whom they are identified:

a. Sheriff
   Peoria County Sheriff’s Office
   301 North Maxwell road
   Peoria, Illinois 61604

b. Illinois Law Enforcement Alarm System
   Executive Director
   1701 East Main Street
   Urbana, Illinois 61802

8. SEVERABILITY. Nothing in this agreement is intended to conflict with current laws or regulations. If a term or provision of this agreement is inconsistent with such current laws or regulations, then that term or provision shall be invalid, but the remaining terms and conditions of this agreement shall remain in full force and effect. Nothing contained herein shall be deemed to affect contracts, agreements or other memoranda of understanding between ILEAS and Peoria County.

9. EFFECTIVE DATE. The terms of this agreement will become effective upon date that this agreement is executed by the last party to execute this agreement by the date(s) shown below.

10. MODIFICATION. This agreement may be modified upon the mutual written consent of the parties to this agreement.

11. TERMINATION. The terms of this agreement, as modified with the consent of both parties (if applicable), will remain in force and effect until terminated by either party. Either party, upon 30 days’ written notice to the other party, may terminate this agreement. Upon termination, by either party, Peoria County shall return the vehicle to ILEAS.
12. ADDITIONAL PROVISIONS.

a. Compliance with Laws - All parties to this agreement intend to comply with all federal, state, county and local laws and ordinances as well as all applicable rules, regulations, and standards established by any agency of such governmental units, which are now or hereafter promulgated insofar as they relate to and govern the parties to this agreement.

b. Status of a Signatories – Nothing contained within this agreement shall be deemed to create, or be interpreted to intend to create, a joint venture, partnership or any other sort of legal association or combination of entities as between the parties to this agreement. Each party to this agreement is acting in its own individual capacity and not as the agent of any other entity.

c. Immunities - With respect to the parties to this agreement, their participation in this agreement shall not be deemed to waive any governmental immunity or defense to which the parties would otherwise be entitled under statute or common law in the absence of this agreement.

d. No Third Party Beneficiary - This agreement is not intended nor expected to confer upon or permit any person or entity, other than the parties to this agreement, any information, benefits, advantages, rights or remedies. It is expressly understood and agreed that this agreement, shall not give or allow any claim or right of action by any third person or entity (including, but not limited to, members of the general public) based on this agreement. It is the express intention of ILEAS and Peoria County that any person or entity (other than ILEAS and Peoria County) who may be deemed to receive services or benefits under this agreement shall be deemed to be only an incidental beneficiary to this agreement.

e. Paragraph Headings - The captions and headings used in this agreement are only for convenience of reference and the organization of this agreement and shall not be construed as expanding, defining or limiting the terms and provisions in this agreement.

f. Parol Evidence - This agreement constitutes the entire understanding between ILEAS and Peoria County concerning this agreement’s subject matter, whether or not written, and may not be modified except as otherwise provided herein.
IN WITNESS WHEREOF, the parties to this agreement have noted their understanding of the terms of this document and the accommodations set forth therein on the dates shown below.

TO THE HONORABLE COUNTY BOARD

COUNTY OF PEORIA, ILLINOIS

Your Public Safety and Justice Committee does hereby recommend passage of the following Resolution:

RE: Illinois Law Enforcement Alarm System (ILEAS) to Provide Peoria County with a 2020 LENCO Bearcat to be used in accordance with ILEAS SRT Vehicle Agreement

RESOLUTION

WHEREAS, ILEAS is offering Peoria County to be the custodian of a new 2020 LENCO Bearcat; and

WHEREAS, a Bearcat provides significant protection to ILEAS and Central Illinois Emergency Response Team (CIERT) members when managing critical incidents; and

WHEREAS, the Bearcat while located at the Peoria County Sheriff’s Office is also an available asset to other agencies through mutual aid requests when they are faced with emergency situations; and

NOW THEREFORE BE IT RESOLVED, that the County Board of Peoria County authorizes entering into the ILEAS SRT Vehicle Agreement-LENCO Bearcat, upon advise and review of the State’s Attorney’s Office, with the understanding that upon delivery of the new 2020 LENCO Bearcat, Peoria County will agree to terminate any previous agreements pertaining to the currently possessed 2006 LENCO Bearcat allowing for its return to ILEAS.

RESPECTFULLY SUBMITTED,
Public Safety and Justice Committee

LINE ITEM: 001-1-012-3-311-36760 $20,000.00

FOR RESOLUTION:
Annual appropriation of overtime expenses related to ILEAS (Illinois Law Enforcement Alarm System) training for the Peoria County Sheriff's Office.

BACKGROUND/DISCUSSION:
The Peoria County Sheriff's Office is a member of the Illinois Law Enforcement Alarm System (ILEAS). ILEAS receives grant funds from the Department of Homeland Security through the Illinois Emergency Management Agency (IEMA) and Illinois Terrorism Task Force. ILEAS is providing overtime reimbursement funds for various agencies throughout the state for training.

The Sheriff's office will be reimbursed for the training sessions held 1/13/20, 1/27/20, 2/10/20, 2/24/20, 3/16/20, 6/22/20, 07/27/20 and the remainder of 2020.

The amount of reimbursement is expected to be approximately $6,245 for the first six months of 2020. This amount was lower than normal due to COVID-19 restrictions and should pick up in the second half of the year. This amount is not budgeted due to the uncertainty of granting agency funding appropriation each year. This is the fourteenth year the Sheriff's Office is receiving ILEAS funds for training.

Rather than appropriate each time there is an expected reimbursement from ILEAS, the Sheriff's Office is requesting an appropriation of $20,000.00 for the entire year for ILEAS overtime and reimbursement.

COUNTY BOARD GOALS:

Collaboration
Financial Stability

STAFF RECOMMENDATION:
To appropriate the expense and revenue to the Sheriff's Office budget as listed above.

TO THE HONORABLE COUNTY BOARD
COUNTY OF PEORIA, ILLINOIS

Your Public Safety and Justice Committee does hereby recommend passage of the following Resolution:

RE: Annual Appropriation of overtime reimbursement for expenses related to Illinois Law Enforcement Alarm System (ILEAS) training

RESOLUTION

WHEREAS, the Peoria County Sheriff's Office is a member of the Illinois Law Enforcement Alarm System ("ILEAS"); and

WHEREAS, ILEAS is providing the Sheriff's Office with overtime reimbursement funds for training sessions as outlined in the Sheriff's Finance Director's Agenda Briefing; and

WHEREAS, the Sheriff and your Committee recommends that appropriation of the revenue and expenses as set forth in the Sheriff's Finance Director's agenda briefing be approved.

NOW THEREFORE BE IT RESOLVED, by the County Board of Peoria County, that the ILEAS reimbursement funds in the amount of Twenty Thousand Dollars ($20,000.00) be appropriated to revenue Line Item No. 001-1-012-3-311-36760 and that the expenses outlined in the Sheriff's Finance Director's Agenda Briefing in the amount of Twenty Thousand Dollars ($20,000.00) be appropriated to Line Item No. 001-1-012-3-311-51060.

ISSUE: Demolition/Asbestos Remediation Services Bid for 10228 W. Powdermill Rd. (Edwards Grant Agreement 4116.29-R)

BACKGROUND/DISCUSSION:
On August 7, 2020, Peoria County Planning & Zoning acquired 10228 W. Powdermill Rd., Edwards, IL, which is the 13th and final property in Edwards under the Hazard Mitigation Grant Program (Edwards Grant Agreement 4116.29-R). As part of this program, the County acquired flood-prone properties that had been significantly impacted by the 2013 flood event, which was declared a Federal disaster.

A bid award was made in May 2017 for the demolition of structures acquired under this program to Hood Demolition & Excavation as part of Bid #18-06-17. The original award for this specific property was $9000.00. Demolition for the initial phases of this program took place in 2018 and 2019. Upon completion of this work and expiration of the original contract, it was mutually decided that any properties which remained unacquired and unmitigated would not be completed by Hood Demolition.

The Hazard Mitigation Grant Program guidelines require all projects to be bid in accordance with Federal procurement. The Illinois Emergency Management Agency (Grantor) has authorized Peoria County to move forward with the next lowest responsible bid under the original bid package. The next lowest responsible bid was $10,8000.00 from River City Demolition out of Peoria, IL. River City has been notified and has indicated they are willing to hold the bid price.

Approval of this bid will allow for the demolition/asbestos remediation process to begin immediately following the completion of the asbestos testing process. The grant program will expire on October 14, 2020. The contractor has indicated they will be able to complete this project under this timeline.

TO THE HONORABLE COUNTY BOARD  
COUNTY OF PEORIA, ILLINOIS  

Your Land Use Committee does hereby recommend passage of the following Resolution:

RE:  Bid Award for Demolition/Asbestos Remediation Services for 10228 W. Powdermill Rd. (Edwards Grant Agreement 4116.29-R)

RESOLUTION

WHEREAS, bids were solicited and received under Bid #18-06-17 with regard to providing demolition and asbestos remediation services on flood prone properties in the Town of Edwards which are eligible for acquisition and demolition under the Hazard Mitigation Grant Program; and

WHEREAS, Demolition for the initial phases of this program took place in 2018 and 2019; and

WHEREAS, the County has now acquired 10228 W. Powdermill Rd, which requires demolition and asbestos remediation services; and

WHEREAS, the County and the original contractor have mutual decided any properties which remained unacquired and unmitigated after the initial phases would not be completed by the original contractor; and

WHEREAS, the award to the next lowest responsible bidder under Bid #18-06-17 has been authorized by the Illinois Emergency Management Agency (Grantor); and

WHEREAS, your Committee met on August 25, 2020 to consider staff's recommendation for bid award, and voted to approve River City Demolition based on the next lowest responsible bid; and

NOW THEREFORE BE IT RESOLVED, by the County Board of Peoria County, that River City Demolition is hereby accepted as the next lowest responsible bidder for the property at 10228 W. Powdermill Rd. Edwards, IL. and a total bid award not to exceed the amount of $10,800.00.

ISSUE: Proposed Resolution for Refund of Raffle License Fee

The proposed resolution is to allow the refunding of fees charged for Raffle Licenses when raffle events were cancelled due to the COVID-19 restrictions on group gatherings. State statute does not allow the Clerk to extend the 1-year-after-issuance expiration time frame.

BACKGROUND/DISCUSSION: A couple of organizations have reached out to the Clerk’s Office about not being able to hold their raffle events due to COVID-19 restrictions. The question then became, do we issue a refund or allow them to come back and complete another application at no charge? This would apply only to those organizations who request a refund that had an active raffle license as of March 17, 2020 that they were unable to use during the one-year license term.

COUNTY BOARD GOALS:

- Financial Stability
- Effective Service Delivery

STAFF RECOMMENDATION: Staff recommends that the application fee be refunded to those who had an active license as of March 17, 2020 that had not been able to host their events due to COVID-19 restrictions. Refunds given upon request within one year of the issuance date.

TO THE HONORABLE COUNTY BOARD  
COUNTY OF PEORIA, ILLINOIS  

Your Ways and Means Committee does hereby recommend passage of the following Resolution:

RE: Refund for Raffle License- COVID Related

RESOLUTION

WHEREAS, The Peoria County Clerk provides numerous services to the public for which fees are charged to recoup the cost related to providing these services, and

WHEREAS, the County Clerk charges fees, as set forth in the County Code, for raffle licenses which are valid for one (1) year from the date of issuance; and

WHEREAS, some organizations that were given raffle licenses and paid the applicable fee were then or still are unable to hold their raffle events due to COVID-19 restrictions.

NOW THEREFORE BE IT RESOLVED, that effective immediately, the County Clerk may refund the raffle license fee, upon request, for those organizations with an active raffle license that, as of March 17, 2020, have cancelled their raffle event(s) due to COVID-19 restrictions;

BE IT FURTHER RESOLVED, that the refund of the raffle license fee, upon request, shall be available for up to one year from the date of the original issue date, if the event did not take place due to COVID-19 restrictions.

RESPECTFULLY SUBMITTED,  
YOUR WAYS and MEANS COMMITTEE.
ISSUE: Approval of the Illinois Energy Conservation Authority NFP (IECA) to provide Property Assessed Clean Energy (PACE) administrator services for Peoria County

This action will allow the County to design and implement the Peoria County PACE program. There is no cost to the County; however the County may recover costs related to the assessment and collection of property taxes.

The State of Illinois Public Act 100-77, the “Property Assessed Clean Energy Act” (PACE), effective August 11, 2017 states that local units of government, including counties, may establish a Property Assessed Clean Energy Program. PACE regulations can be found in 50 ILCS 50/1 of the Illinois Compiled Statutes.

Including definitions, the PACE Act includes steps for Program Establishment, Reporting, Contract with property owners, Assessments, and Issuing Bonds. Program Establishment outlines the items to be included when adopting a resolution or ordinance.

Brad Fletcher from the Illinois Finance Authority presented an overview of PACE financing at the June 2019 Ways and Means Committee.

Peoria County approved a resolution establishing the Peoria County Property Assessed Clean Energy Financing program at the August 8, 2019 meeting. A Request for Proposals was prepared and released December 2019 in which two proposals were submitted by the January 2020 deadline. RFP criteria categories included: Introductory Letter, Firm Qualifications, Key Qualifications, Project Understanding, Marketing, and Project Costs.

Both vendors submissions were substantially complete. The Illinois Energy Conservation Authority Not For Profit is selected as they have experience with other Illinois county PACE programs (DuPage, Kane, McHenry, and soon to be Will County). Additional overview of IECA is included in this packet. Also, there are general summaries of PACE program for new members to the County Board to understand the details and objectives of a commercial PACE program.

This program provides commercial entities with access to capital for the completions of specified energy and water efficient projects. The financing is repaid as a n assessment on the property’s regular tax bill. The benefits to commercial property owners include an innovative way to finance energy efficiency and renewable energy upgrades as well as enabling the installation of comprehensive retrofits that can significantly impact the business’ bottom line immediately with little to no up-front costs. The Program Administrator will collaborate with the County to develop the program elements, procedures, administrative fees and forms in accordance with the statutory requirements for County Board consideration and then implement the approved program. This will also include elements to be included in the Program Report to the County’s Ways and Means Committee.

The County can expect an increase in economic development as costs of doing business are lowered and property values are increased, making the area more attractive to new and existing business owners. Participating contractors benefit from providing the capital improvements.

PEORIA COUNTY, ILLINOIS PROPERTY ASSESSED CLEAN ENERGY (PACE) PROGRAM

RFP Criteria Categories

The Illinois Energy Conservation Authority NFP (IECA) Proposal

Introductory Letter

IECA Team means: The IECA NFP, Inland Green Capital LLC (IGC), Slipstream, Abacus Property Solutions, some entities part of the Inland Real Estate Group of Companies Inc.

Inland Green Capital will provide lead support for program implementation, marketing and origination of PACE program and provide capital to projects through open market structure.

Slipstream, a 501c3 nonprofit and current PACE admin for state of WI, will provide core program administrative services (initial program implementation, project screening and approval) and marketing/outreach. Slipstream is a national leader design/implementation of innovative energy efficiencies and renewable energy programs.

Abacus will support IECA in origination and underwriting of PACE project, developing County program guidelines, and creating training materials.

Inland will provide IT, marketing, and real estate tax support and offers expertise in real estate finance and municipal bonds.

Firm Qualifications

Fifteen years of collective experience including program setup and bond finance in DuPage, Kane, and McHenry Counties as well as WI, FL, CA, MO, VA, OH, & KY and over 80 years experience in commercial real estate administration, finance, and investment. National leader in PACE since 2013.

Key Qualifications

Program Administrator (PA) for DuPage, Kane and most recently McHenry County

Project Understanding

Summary of Process:

1. PA completes review;
2. PA prepares report for County approval;
3. PACE financing: IECA recommends a county contact with authority to approve projects that meet criteria;
4. PA records assessment levied on property;
5. PA informs Treasurer to add assessment payment to real estate tax bill;
6. Treasurer collects assessment. IECA establishes a system for collection negotiated in Program Development and Administrative Services Agreement;
7. PA coordinates with Treas to collect assessment from tax bill; and
8. PA delivers payment to capital provider until paid in full.

Marketing

Focus on certain geographic markets - office, mixed use, and retail properties as well as industrial and health care facilities. Outreach to organizations such as BOMA, ULI Urban Land Institute, Institute of Real Estate Mgmt (IREM), IL Hotel and Lodging Assn. Local Chamber of Commerce, environmental groups, economic development orgs. & contractors. Presentation materials tailored to general audiences and specific stakeholders.

Project Costs

IECA operates as a not-for-profit. This ensures IECA charges only those fees that are necessary to cover expenses.

Single up-front program fee on closed projects and an ongoing annual fee included with each PACE assessment installment payment.

Flexible in design and structure of final fee schedule and can adjust fees based on discussions with County.

Proposing:

Application fee $150 (one time) (credit applied toward program fees assessed on final application at closing).

Administrative fee 1.75% of total assessment amount (minimum $2,500/maximum $75,000 (one time)

Program Maintenance fee 0.15% on principal balance and not less than $250 per year or more than $1,000 per year TBD (annual)

Recommends County charge a fee for use of program. Range from .5-1.25 percent
Commercial Property Assessed Clean Energy (C-PACE)

A Fact Sheet for State and Local Governments

Commercial property assessed clean energy (C-PACE) is a tool that can finance energy efficiency and renewable energy improvements on commercial property.

Like other project financing, C-PACE uses borrowed capital to pay for the upfront costs associated with energy efficiency or renewable energy improvements. Unlike other project financing, the borrowed capital is repaid over time via a voluntary tax assessment. The security provided by the tax assessment, a long-used and well understood mechanism, results in several compelling features, including longer term financing and transferability of the repayment obligations to the next property owner. In turn, C-PACE strengthens the business case for investment in longer payback and deeper building retrofits beyond what is possible with traditional financing.

Why C-PACE Matters for State and Local Governments

C-PACE is not a federal program, and public funding is not necessary to run a C-PACE program. C-PACE must be authorized by state legislation, and requires further authorization from local governments. More than 30 states have adopted C-PACE enabling legislation because of the opportunities for investment in local businesses, energy and cost savings, and job creation.

Private firms often participate in C-PACE as lenders, developers, administrators, contractors, and marketers. With limited public funding, state and local governments are increasingly interested in attracting private dollars to take full advantage of the opportunities associated with energy efficiency and renewable energy investment.

**Key C-PACE Features**

- **Target Market:** Depending on the authorizing legislation, C-PACE may be available to industrial, commercial, agricultural, multi-family, and non-profit/religious properties.

- **Eligible Improvements:** Depending on the authorizing legislation, eligible projects may include energy efficiency, renewable energy, energy storage, and non-energy measures (e.g., storm and seismic hardening).

- **Duration and Transferability:** Terms tend to be long (20-30 years) because repayment is secured by the tax assessment and transfers to the next property owner (traditional commercial loans are usually 7-10 years).

- **Interest Rates and Fees:** Interest rates are competitive since the tax assessment mechanism is considered secure and low-risk; fees associated with program administration or other services are common.

- **Scale:** C-PACE programs may be organized at the local, multi-jurisdictional, or statewide levels.

- **Capitalization:** Public or private funds may be used to finance property improvements. Private capital from regional banks or national specialty lenders is increasingly common as programs mature and grow to scale, while many programs have leveraged public funding (e.g., through bonding).

- **Multiple Actors:** C-PACE financing may include commercial property owners, capital providers, a program administrator, the mortgage holder (e.g., bank), the contractor providing retrofits, a tax assessor, and others.

- **Lender Consent:** Mortgage holder consent is a best practice or requirement for most C-PACE programs.

**Commercial PACE Market Data**

- **$493 million** in cumulative C-PACE financing
- **1,097** commercial projects completed

How C-PACE Works

State and local governments frequently ask about two very different processes: how do we get a C-PACE program in our jurisdiction, and how do C-PACE projects get approved and financed? Generalized processes are below.

Commercial PACE Project Examples

Milwaukee, WI

The City of Milwaukee authorized C-PACE in 2013. Milwaukee’s first C-PACE deal closed in 2014 at the University Club of Milwaukee. The building underwent retrofits expected to result in $60,000 in annual operating savings, roughly 30%. Learn more via the Better Buildings Implementation Model.

Texas

Texas authorized C-PACE in 2013. Via a “PACE in a Box” model designed to streamline quick adoption, over 10 Texas local governments have adopted a PACE-enabling ordinance. Texas closed its first C-PACE project in late 2015, which included $1.25 million in financing for retrofits to an Austin shopping mall. Learn more at Texas PACE Authority.

U.S. DEPARTMENT OF ENERGY
Office of ENERGY EFFICIENCY & RENEWABLE ENERGY
COMMERCIAL PROPERTY ASSESSED CLEAN ENERGY BOND FINANCING

Background

Under Illinois law, commercial property owners in Illinois can finance or refinance up to 100% of their energy efficiency, renewable energy, and water conservation projects (each, an “Energy Project”) on a fixed-rate, long-term basis through a local unit of government that has established a Property Assessed Clean Energy (“PACE”) area within its jurisdictional boundaries. A commercial property owner in a PACE area voluntarily enters into an assessment contract with the local unit of government, and a bond issue funds the Energy Project. PACE bonds are repaid through an assessment imposed on the commercial property pursuant to the assessment contract, and are never general or moral obligations of taxpayers.

Historically, the Authority has served as the primary statewide conduit bond issuer for the public financing of projects voluntarily undertaken by private borrowers (healthcare systems, educational institutions, small manufacturers, etc.). In late 2017, the Authority undertook an effort to diversify its products and services (the “Transformation Initiative”) while continuing to fulfill its public mission. A cornerstone of the Transformation Initiative was developing a standardized, efficient, and affordable Commercial-PACE bond financing service for borrowers, local units of government, program administrators, and capital providers (or bond purchasers).

Impact

Effective January 1, 2019, local units of government may assign assessment contracts originated by capital providers to the Authority in order to utilize its standardized bond documents and effectively pool assessment contracts across multiple jurisdictions to achieve economies of scale. The Authority’s Commercial-PACE bond financing service promotes standardization of an otherwise fractured Illinois PACE market to improve liquidity and bring about cost savings for all.

The Authority has been granted $2.0 billion of bonding authorization by the Illinois General Assembly to finance or refinance Energy Projects, which is separate and apart from the Authority’s general $28.15 billion debt limit.

Standardized, Efficient, and Affordable

The Authority avails a model local ordinance and form assessment contract to local units of government seeking to establish PACE areas in their communities. Additionally, the Authority has expended significant time and resources finalizing a standardized form Master Indenture and related form Issuance Certificate that allows any capital provider to fund an unlimited number of Energy Projects in a program administrator’s market area under a single Master Indenture. The Authority’s standardized PACE bond documents facilitate diminished due diligence costs in the secondary market, and as a result, PACE bonds issued by the Authority are easier to securitize.

The Authority’s 15-person board, which is appointed by the Governor and confirmed by the Senate, considers PACE bond resolutions that approve the maximum term, interest rate and principal amount of PACE bonds a capital provider may purchase to fund Energy Projects in all PACE areas in the state for incremental periods of 36 months. For each Energy Project the capital provider originates during this time, staff aptly executes an Issuance Certificate under the approved form of Master Indenture on file for the capital provider and promptly delivers the PACE bonds. This delegation ensures efficient and timely funding of Energy Projects, consistent with market expectations.

The Authority does not rely on State appropriation of taxpayer dollars to support its mission or operations. The Authority offers an affordable flat basis point fee (based on an Issuance Certificate’s total par amount) for issuance of PACE bonds and there is no application fee upon receiving assignment of an assessment contract. The Authority’s Commercial-PACE bond financing service is open to all market participants, incentivizing competition and reducing overall costs.

TO THE HONORABLE COUNTY BOARD

COUNTY OF PEORIA, ILLINOIS

Your Ways and Means Committee does hereby recommend passage of the following Resolution:

Re: APPROVAL OF THE ILLINOIS ENERGY CONSERVATION AUTHORITY NFP (IECA) TO PROVIDE "PROPERTY ASSESSED CLEAN ENERGY" (PACE) ADMINISTRATOR SERVICES FOR PEORIA COUNTY

RESOLUTION

WHEREAS, “Property Assessed Clean Energy” (PACE) is a financing tool that helps accelerate private investments in commercial properties, and locally adopted programs have already brought billions of private investment dollars to communities across the U.S. since the first “Property Assessed Clean Energy” program launched in 2008; and

WHEREAS, “Property Assessed Clean Energy” enabling legislation is actively allowing owners of existing buildings to finance up to 100 percent of the cost of efficiency-enhancing projects, including renewable energy projects; and

WHEREAS, the State of Illinois Public Act 100-0077, effective August 11, 2017, which provides local units of government with the authority to establish a Property Assessed Clean Energy program within the government’s taxing district which creates a low-cost funding mechanism for commercial property owners seeking to complete energy and water efficiency improvements on private property; and

WHEREAS, Peoria County approved a resolution Declaring Intent to Create a PACE Program on August 8, 2019; and

WHEREAS, Peoria County intends to increase access to capital for energy improvements through the use of a Program Administrator, who meets the statutory requirements and is selected through a competitive process, who develops a voluntary assessment contract with a property owner and the County; and

WHEREAS, the Program Administrator will be responsible for working with private lenders that will provide capital for a commercial loan that will be payable through the County’s property tax billing process; and

WHEREAS, the County in conjunction with the Program Administrator will develop a report as outlined in Section 20 of the Act which meets the requirements of the statute and includes procedures, forms, for all fees and participation in the program; and

NOW, THEREFORE, BE IT RESOLVED by the Peoria County Board that the County Administrator is authorized to negotiate and execute a Program Development and Administrative Services Agreement with the Illinois Energy Conservation Authority NFP, with approval by the State’s Attorney’s Office, to develop Peoria County’s commercial PACE Program.

For RESOLUTION: Approve Benefit Protection Leave Service Credit

IMRF allows members to receive benefit protection leave for periods the member is on unpaid leave, such as furlough.

Participants who take an authorized IMRF Benefit Protection Leave (BPL) may receive service credit for up to a maximum of 12 months over the entire career, provided they pay the IMRF member contributions. The employer pays the employer rate for the qualifying weeks, but the payment is factored into future IMRF rates. For members who are approved in 2020 there will be a minor impact (based upon the number of requests) on the rate for 2022.

Human Resources has received eight qualifying BPL requests in 2020. In order to approve these requests, IMRF requires the County to have a resolution on file.

COUNTY BOARD GOALS:

TO THE HONORABLE COUNTY BOARD

COUNTY OF PEORIA, ILLINOIS

Your County Operations Committee does hereby recommend passage of the following Resolution:

RE: IMRF Benefit Protection Leave

RESOLUTION

WHEREAS, Article 7 of the Illinois Pension Code (40 ILCS 5/7-139(a)(4)) provides that the governing body of a governmental unit may elect to allow service credit in the Illinois Municipal Retirement Fund to members who are placed on authorized leave of absence without pay; and,

WHEREAS, not more than twelve (12) complete months of creditable service for such authorized leave of absence shall be credited towards any benefit under Article 7 of the Pension Code; and

WHEREAS, no service credit may be issued for such authorized, unpaid leave unless an application for credits is submitted to the Board of Trustees of Illinois Municipal Retirement Fund while the employee is in a status of active employment;

NOW THEREFORE BE IT RESOLVED, that the County Board of Peoria County, elects to allow service credit to all eligible employees who have been placed on a period of authorized leave without pay, not to exceed twelve (12) months, until the rescission of this resolution; AND

FURTHER RESOLVED, that the Clerk shall be directed to maintain a record of this resolution for inspection, upon request by the Fund, and is further directed to certify IMRF Form 6.32, IMRF Benefit Protection Leave, upon the request of the affected employee(s).

AGENDA BRIEFING

COMMITTEE: Infrastructure  LINE ITEM: 036-2-036-5-514-54419
MEETING DATE: August 25, 2020  AMOUNT: $15,000.00

ISSUE: Resolution for a Supplemental Appropriation of County Motor Fuel Tax Funds for the Alpha Park Library Wall Construction.

BACKGROUND/DISCUSSION: The County Board approved a $150,000 appropriation of County Motor Fuel Tax Funds in April 2020, for the reconstruction of the retaining wall that surrounds the Alpha Park Library Wall at the intersection of Airport Road and Garfield Avenue in Bartonville.

The construction of the wall required an additional quantity of blocks in order to complete the project correctly. Additionally, the parking lot wiring had to be relocated due to conflict with the new wall footing. The projected final cost of the project is $159,000.

This resolution Appropriates an additional $15,000 of County Motor Fuel Tax funds to pay for the additional work, and to cover any other unforeseen issues that occur as the project nears completion.

COUNTY BOARD GOALS:

INFRASTRUCTURE STEWARDSHIP

Is this project a bondable capital improvement?
Check Yes if the project was a bondable capital improvement, check no if it is not. An example of a bondable capital project may include, but is not limited to: project development, design, land acquisition, demolition when done in preparation for additional bondable construction, construction engineering, reconstruction of a roadway, designed overlay extension or new construction of roads, bridges, ramps, overpasses and underpasses, bridge replacement and/or major bridge rehabilitation. Permanent ADA sidewalk/ramp improvements and seeding/sodding are eligible expenditures if part of a larger capital bondable project. A bondable capital improvement project does not mean the LPA was required to sell bonds to fund the project, however the project did meet the criteria to be bondable.

COUNTY OF PEORIA, ILLINOIS

RESOLUTION EXTENDING THE DECLARATION OF EMERGENCY DUE TO COVID-19 IN PEORIA COUNTY, ILLINOIS

WHEREAS, since early March 2020, Illinois has been faced with a disaster caused by a pandemic that has taken the lives of thousands of residents, infecting over 145,000 Illinoisans and growing, resulting in extraordinary sickness and loss of life; and,

WHEREAS, at all times but especially during a public health crisis, protecting the health and safety of Illinoisans is among the most important functions of State government; and,

WHEREAS, it is critical that Illinoisans who become sick can be treated by medical professionals, including when a hospital bed, emergency room bed, or ventilator is needed; and,

WHEREAS, it is also critical that the State's health care and first responder workforce has adequate personal protective equipment (PPE) to safely treat patients, respond to public health disasters, and prevent the spread of communicable diseases; and,

WHEREAS, as Illinois adapts and responds to the public health disaster caused by Coronavirus Disease 2019 (COVID-19), a novel severe acute respiratory illness that spreads rapidly through respiratory transmissions and that continues to be without an effective treatment or vaccine, the burden on residents, healthcare providers, first responders, and governments throughout the State is unprecedented; and,

WHEREAS, the World Health Organization declared COVID-19 a Public Health Emergency of International Concern on January 30, 2020, and the United States Secretary of Health and Human Services declared that COVID-19 presents a public health emergency on January 27, 2020; and,

WHEREAS, on March 11, 2020, the World Health Organization characterized the COVID-19 outbreak as a pandemic, and has now reported more than 27.62 million confirmed cases of COVID-19 and 898,000 deaths attributable to COVID-19 globally; and,

WHEREAS, despite efforts to contain COVID-19, the World Health Organization and the federal Centers for Disease Control and Prevention (CDC) indicated that the virus was expected to continue spreading, and it has, in fact, continued to spread rapidly, resulting in the need for federal and State governments to take significant steps; and,

WHEREAS, on March 9, 2020, the Governor of Illinois, declared all counties in the State of Illinois as a disaster area in response to the outbreak of COVID-19; and,

WHEREAS, on March 13, 2020, the President declared a nationwide emergency pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (the "Stafford Act"), covering all states and territories, including Illinois; and,
WHEREAS, on March 26, 2020, the President declared a major disaster in Illinois pursuant to Section 401 of the Stafford Act; and,

WHEREAS, on April 1, 2020, due to the exponential spread of COVID-19 in Illinois, the Governor of Illinois again declared all counties in the State of Illinois as a disaster area; and,

WHEREAS, on April 30, 2020, due to the continued spread of COVID-19 in Illinois, the threatened shortages of hospital beds, ER beds, and ventilators, and the inadequate testing capacity, the Governor of Illinois again declared all counties in the State of Illinois as a disaster area; and,

WHEREAS, on May 29, 2020, June 26, 2020, July 24, 2020, and August 21, 2020, the Governor of Illinois, declared all counties in the State of Illinois as a disaster area in response to the outbreak of COVID-19, renewing his prior declarations; and,

WHEREAS, as circumstances surrounding COVID-19 rapidly evolve and new evidence emerges, there have been frequent changes in information and public health guidance; and,

WHEREAS, the unprecedented nature of COVID-19, including the health consequences it has on not just the respiratory system but the heart, brain, kidneys, and the body's immune response, has made the virus’s effects and its path difficult to predict; and,

WHEREAS, from the outset, data suggested that older adults and those with serious underlying health conditions are more likely to experience severe and sometimes fatal complications from COVID-19; and,

WHEREAS, emerging evidence has shown that young people, including infants and toddlers, are also at risk of such complications; and,

WHEREAS, young and middle-aged people have comprised a significant proportion of hospitalized COVID-19 patients, and there is evidence that COVID-19 causes blood clots and strokes, and has caused deadly strokes in young and middle-aged people who exhibited few symptoms; and,

WHEREAS, the understanding of spread from infected individuals who have not shown symptoms has changed and, on April 12, 2020, the CDC changed the period of exposure risk from "onset of symptoms" to "48 hours before symptom onset"; and,

WHEREAS, some people infected by the virus remain asymptomatic but nonetheless may spread it to others; and,

WHEREAS, although the CDC initially recommended against wearing cloth face coverings or masks as protection, as a result of research on asymptomatic and pre-symptomatic transmission, the CDC revised its conclusions and recommends wearing cloth face coverings in public settings where social distancing measures are difficult to maintain; and,
WHEREAS, public health research and guidance increasingly supports wearing cloth face coverings in public settings where social distancing measures are difficult to maintain, and indicates that the risk of transmission outdoors is less than the risk of transmission indoors; and,

WHEREAS, as COVID-19 has spread in Illinois over the course of the Gubernatorial Disaster Proclamations, the circumstances causing a disaster throughout the State have changed and continue to change, making definitive predictions of the course the virus will take over the coming months extremely difficult; and,

WHEREAS, at the time of the first Gubernatorial Disaster Proclamation, there were 11 confirmed cases of COVID-19 in one Illinois county; and,

WHEREAS, as of September 9, 2020, there have been over 253,690 confirmed cases of COVID-19 in all Illinois counties; and,

WHEREAS, the first death attributed to COVID-19 in Illinois was announced on March 17, 2020; and,

WHEREAS, as of September 9, 2020, more than 8,214 residents of Illinois have died due to COVID-19; and,

WHEREAS, from the outset, studies have suggested that for every confirmed case there are many more unknown cases, some of which are asymptomatic individuals who can pass the virus to others without knowing; and,

WHEREAS, the CDC now estimates that total cases of COVID-19 may be up to 13 times higher than currently reported for certain regions; and,

WHEREAS, counties, including Peoria County, regions, including Region 2 of which Peoria County is a part of, and the State of Illinois is seeing daily increases of positive cases and increasing positivity rates; and,

WHEREAS, COVID-19 has claimed the lives of and continues to impact the health of Black and Hispanic Illinoisans at a disproportionately high rate - magnifying significant health disparities and inequities; and,

WHEREAS, the U.S. has surpassed 6,310,000 total cases and 189,140 deaths; and,

WHEREAS, public health experts have warned of a “second wave” of COVID-19 cases; and,

WHEREAS, the Illinois Department of Public Health activated its Illinois Emergency Operations Plan and its Emergency Support Function 8 Plan to coordinate emergency response efforts by hospitals, local health departments, and emergency management systems in order to avoid a surge in the use of hospital resources and capacity; and,
WHEREAS, as the virus has progressed through Illinois, the crisis facing the State continues to develop and requires an evolving response to ensure hospitals, health care professionals and first responders are able to meet the health care needs of all Illinoisans and in a manner consistent with CDC guidance that continues to be updated; and,

WHEREAS, in order to ensure that health care professionals, first responders, hospitals and other facilities are able to meet the health care needs of all residents of Illinois, the State must have critical supplies, including PPE, such as masks, face shields, gowns, and gloves; and,

WHEREAS, the State of Illinois maintains a stockpile that supplies the existing PPE supply chains and stocks at various healthcare facilities; and,

WHEREAS, while the State continues to make every effort to procure PPE, if those procurement efforts are disrupted or Illinois experiences a surge in COVID-19 cases, the State faces a life-threatening shortage of respirators, masks, protective eyewear, face shields, gloves, gowns, and other protective equipment for health care workers and first responders; and,

WHEREAS, while hospitalizations have declined, Illinois is using a significant percentage of hospital beds and ICU beds, and, if COVID-19 cases were to surge, the State could face a shortage of critical health care resources; and,

WHEREAS, the State worked with top researchers from the University of Illinois at Urbana-Champaign, the Northwestern School of Medicine, the University of Chicago, the Chicago and Illinois Departments of Public Health, along with McKinsey and Mier Consulting Group, and Civis Analytics, to analyze daily data on COVID-19 deaths and ICU usage and model potential outcomes; and,

WHEREAS, the State has developed testing sites throughout Illinois and exceeds 30,000 tests in a single day, with more than 4.5 million total test specimens for COVID-19 conducted to date, and testing capacity continues to increase; and,

WHEREAS, nationwide more than 55 million people have filed unemployment claims since the start of the pandemic – representing more than 25% of the American workforce; and,

WHEREAS, the Illinois Department of Employment Security announced that the State’s unemployment rate continues to be extremely high at 11.3% in August; and,

WHEREAS, the most recent unemployment data for Peoria County from the Illinois Department of Employment Security is from July 2020 and showed an unemployment rate of 12.3%; and,

WHEREAS, in addition to causing the tragic loss of more than 8,200 Illinoisans and wreaking havoc on the physical health of tens of thousands more, COVID-19 has caused extensive economic loss and continues to threaten the financial welfare of a significant number of individuals and businesses across the nation and the State; and,
WHEREAS, the Department of Commerce and Economic Opportunity is working to address the economic crisis, including through assistance programs such as the Business Interruption Grants Program for businesses that experienced a limited ability to operate due to COVID-19 related closures; and,

WHEREAS, the economic loss and insecurity caused by COVID-19 threatens the viability of business and the access to housing, medical care, food, and other critical resources that directly impact the health and safety of residents; and,

WHEREAS, based on the foregoing facts, and considering the expected continuing spread of COVID-19 and the ongoing health and economic impacts that will be felt over the coming month by people across the State, the current circumstances in Illinois surrounding the spread of COVID-19 constitute an epidemic emergency and a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, the Peoria County Emergency Management Agency, along with the City of Peoria’s Office of Emergency Management activated the County’s Public Health Emergency Plan, the County’s Emergency Operations Plan, and the City’s Emergency Operations Plan to coordinate emergency response efforts at the local level in order to avoid a surge in the use of hospital resources and capacity; and,

WHEREAS, based on the foregoing facts, and considering the expected continuing spread of COVID-19 and the resulting health and economic impacts that will be felt over the coming month by people across the State, the current circumstances in Illinois surrounding the spread of COVID-19 constitute an epidemic emergency and a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, based on the foregoing, the continuing burden on hospital resources, the potential shortages of resources in the event of a surge in infections, and the critical need to increase the purchase and distribution of PPE as well as to expand COVID-19 testing capacity and contact tracing constitute a public health emergency under Section 4 of the Illinois Emergency Management Agency Act; and,

WHEREAS, this proclamation will assist the County of Peoria in facilitating economic recovery for individuals and businesses in an effort to prevent further devastating consequences from economic instability; and,

WHEREAS, these conditions provide legal justification under Section 7 of the Illinois Emergency Management Agency Act for the new issuance of a proclamation of disaster; and,

NOW, THEREFORE, in the interest of aiding the people of Peoria County for ensuring public health and safety, I, Andrew A. Rand, Chairperson of the Peoria County Board of Peoria County, Illinois, hereby proclaim as follows:

Section 1. Pursuant to the provisions of Section 7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7, I find that a disaster exists within the County of Peoria, Illinois and
specifically declare Peoria County as a disaster area. The proclamation authorizes the exercise of all of the emergency powers provided in Section 7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7, afforded to county government, including but not limited to those specific emergency powers set forth below.

**Section 2.** The Peoria City/County Health Department is directed to continue implementing the County Emergency Operations Plan and Public Health Emergency Plan in coordination with the City of Peoria and applicable agencies of the State of Illinois.

**Section 3.** The Peoria City/County Health Department is further directed to cooperate with the State agencies, the Peoria County Board, and local authorities in Peoria County in the development and implementation of strategies and plans to protect the public health in connection with the present public health emergency.

**Section 4.** The provisions of Chapter 6.5, Centralized Purchasing, of the Peoria County Code of Ordinances that would in any way prevent, hinder or delay necessary action in coping with the disaster are suspended to the extent they are not required by federal law to aid with emergency purchases necessary for response and other emergency powers as authorized by the Illinois Emergency Management Agency Act.

**Section 5.** This proclamation can facilitate requests for both federal and state emergency and/or disaster assistance if a complete and comprehensive assessment of damage indicates that effective recovery is beyond the capabilities of the County of Peoria, Illinois.

**Section 6.** This proclamation shall be effective immediately and remain in effect for 30 days.

DATED at Peoria, Illinois, this 10th day of September, A.D., 2020.
