Residents of Kickapoo-Edwards Road

Re: Kickapoo-Edwards Road Construction

To Whom it May Concern,

The construction project on Kickapoo-Edwards Road is scheduled to begin the week of March 18. The first stage of the work will begin with tree removal. This work has to be completed by March 30 per the contract for environmental requirements. Weather will then dictate if the contractor can begin earthwork right away, or if the work will be delayed until the weather stabilizes. Work is projected to be completed by mid-September.

R.A. Cullinan will be the prime contractor for the project. Mr. Curtis Lynn of Maurer-Stutz will be the Resident Engineer. As Resident Engineer, Curtis will be on site every day, and will be your main contact for the project. Curtis can be reached by phone at (309) 333-1152 or by email at cilynn@mstutz.com.

Mr. Jeff Gilles will be the Peoria County Highway Department project manager for the project and will be in continuous contact with Curtis. Jeff can be reached by phone at (309) 697-6400, extension 127 or by email at jgilles@peoriacounty.org.

Project newsletters will be posted every week on the Peoria County website at <http://www.peoriacounty.org/385/Construction-Projects>. Typically, the newsletters will be posted on Fridays, and will give a brief summary of work that was accomplished that week, as well as what work is forecast to be completed the following week. Occasionally newsletters may be posted more frequently if the work dictates.

Thank you in advance for your patience during this project. While projects like this are always inconvenient for the residents, the end result will be a much safer roadway for everyone.

Respectfully Submitted,

Amy Benecke McLaren, P.E.
County Engineer

JG
