**Date:** April 26, 2019

**Subject:** Newsletter 6 – Week ending 4/27/19

Work Completed during the past week

- Utility Relocations

Work Scheduled for next week

- Continuing to work on utility relocations
- Installing erosion control prepare for earthwork (weather dependent)

We are getting closer to having utilities out of the way which means we are getting closer to starting. New pipe culverts across the driveways are tentatively scheduled to start May 6<sup>th</sup> with ditch grading to immediately follow. During this process driveway access will be limited. We hope to provide enough prior notice to allow for adequate preparations.

As always, if you have any questions or concerns about the project, feel free to call, email or look for the white Ford Explorer. We understand that any construction project can be an inconvenience, but with information and coordination, we hope to limit the impacts.

Thanks for your patience,  
Curtis Lynn, PE
