Subject: Newsletter 7 – Week ending 5/4/19

Work Completed during the past week

- Preparing for utility relocations
- Mobilizing Equipment

Work Scheduled for next week

- Installing erosion control measures
- Installation of driveway pipe culverts
- Installation of pipe culverts crossing Kickapoo-Edwards Road

As work escalates, flaggers and a one lane road will become common. Please allow extra time for travel. The contractor will start to provide notice for working on driveway culverts. As previously mentioned, driveway access will be limited while replacing the pipe culvert. We hope to provide enough prior notice to allow for adequate preparations.

As always, if you have any questions or concerns about the project, feel free to call, email or look for the white Ford Explorer. We understand that any construction project can be an inconvenience, but with information and coordination, we hope to limit the impacts.

Thanks for your patience,
Curtis Lynn, PE
