City/County Landfill

11501 W Cottonwood Rd, Edwards. Use Rt. 8 (1 mile west of Wildlife Prairie Park)

Open 7am-4pm* M-F and 7am-noon* Sat. (closed holidays)
* last truck allowed 30 minutes before close

309-565-4281

All loads must be secured: tarped or tied down

Peoria County residents may discard one load of **eligible** materials at the City/County Landfill at no charge each week. Restrictions include:

- Only residential refuse from private home **and**
- May not exceed pickup truck capacity **and**
- Must weigh less than 580 pounds. (updated 2018)

Materials **not eligible** for this program include:

- Building materials (including wood), construction/demolition debris, siding, roofing materials, or windows.
- Televisions and specific electronics are banned from Illinois landfills (See Electronics section for list)

Drop-off Centers

MATERIALS ACCEPTED***

Paper - newspaper, paperboard (cereal or beverage boxes), catalogs, magazines, phone books, junk mail, office paper
no paper cups, napkins or towels

Cardboard - flatten boxes; *no wax coating nor food contaminated*

Cartons - beverage cartons like milk or juice; flatten cartons

Metal - aluminum and steel (tin) cans, aluminum foil and foil pans

Plastic - containers labeled #1- #5 & 7;
no bags, Styrofoam, toys, straws/lids, or plastic utensils

***Deposit only specified materials to keep programs in place.

Placing anything else in bins or carts is "*Wish-cycling*" - the most expensive disposal method of all.

Empty and rinse all containers of residual food or product.

Do not need to remove tape or labels from packaging.

Do not need to remove staples from paper.

Due to changing markets, Glass bottles/jars may not be accepted at drop-off centers. Check your local program for any changes.

PLEASE DO NOT DEPOSIT any plastic bags, Styrofoam, food contaminated items, glass, furniture, carpet, or garbage.

Peoria

CLOSED Northpoint Shopping Center & Sterling Bazaar sites

Princeville

Highway North Station, 9291 Parks School Rd.
(does not accept glass)

Thanks to **YOUR** commitment to the **4Rs**, we can realize benefits for our environment, public health, & economy.

Recyclables are created with precious natural resources that still have value. Recapturing materials into valuable raw materials, recycling creates jobs, reduces pollution, extends life of current landfills, saves natural resources and energy, and stimulates the economy through market development and green technology.

With your help, we are diverting more waste from our landfills. Every ton that we put in the landfill represents a missed opportunity to recycle and utilize resources to their full potential.

Reduce—buy what you need

Reuse—use materials again and again

Recycle—collect materials and produced into new items

Rot—compost landscape & food waste for soil

Local vendors depend on clean products to get a competitive commodity price. **Contamination** significantly increases the cost to process recyclables. Don't toss questionable items in bin hoping they can somehow be recycled. It wastes time, money, and creates more waste. Follow the guidelines as to what is accepted.

Check out peoriacounty.org/recycle for updates, environmental information, and events.

The Illinois EPA website has additional opportunities for citizens. View www2.illinois.gov/epa/pages/default.aspx
